County of Los Angeles Office of Emergency Management will host the Emergency Management Institute's Professional Program, the National Emergency Management Advanced Academy (NEMAA), Federal FY18 (October 2017 – September 2018). All courses in this Southern California offering will be held at the Los Angeles County Emergency Operations Center or in the City of Norwalk.

Course Description: The NEMAA is designed for emerging leaders and mid-level managers wanting to advance their skill set. Students learn skills critical to performing leadership responsibilities such as program management and oversight, effective communication at all levels, integrated collaboration, and strategic thinking.

NEMAA provides students the opportunity to demonstrate their critical thinking ability through a guided Research Project. Students apply the key learning concepts from the curriculum relative to their strengths, weaknesses, organization, and performance environments. This series of courses is designed for current and emerging leaders in emergency management.

<p>STAS: Prevention through detection and deterrence is the cornerstone of California's Homeland Security strategy. Prevention has at its core cooperation; sharing between agencies and across the full range of public safety disciplines. Our state prevention strategy (State Threat Assessment System-STAS) has four Regional Threat Assessment Centers (RTACs) collocated with the four FBI Field offices in California, minimizing reporting conflicts, providing statewide coverage and facilitating coordination with our Federal partners. The RTACs maintain a regional threat assessment focus for their area of responsibility and directly connect to each other and the State Terrorism Assessment Center in Sacramento to collaborate on strategic products and situational awareness.</p>
