

# EMERGENCY MANAGEMENT PROFESSIONAL DEVELOPMENT

## CAREER TRACK **ABOUT**

RAISING THE BAR | SETTING THE STANDARD

### VISION

Chart the path for the future of emergency management in California by establishing professional standards and competencies (knowledge, skills, and abilities) needed by individuals in the field of emergency management (EM). This track provides a comprehensive roadmap for individuals seeking a career in EM; experience practitioners looking to validate and advance their professional capability; and offers hiring managers a credentialing standard that they can easily understand and trust.

### CORE

1. Training
2. Education
3. Work Experience
4. Testing
5. Validation

### HIGHLIGHTS

Technical + Practical Validation  
Continual Growth + Development  
Mentorship Opportunities  
Professional Contribution
