## **EXECUTIVE SUMMARY**

### **INTRODUCTION**

The California Governor's Office of Emergency Services (Cal OES) presents the annual fiscal and programmatic status report to the Joint Legislative Budget Committee for fiscal year (FY) 2013/14. Represented in the following pages are the activities, funding and statistical data related to criminal justice and victim service grant programs administered by Cal OES. Data are displayed for the prior and current fiscal years, as well as the available projected FY 2015/16.

### **ABSTRACT**

This report is a catalogue of all criminal justice and victim service grant programs administered by Cal OES. This report lists each program, grant award, fund source and amount, budget component, and the resulting statistics gathered throughout each of the reportable years for each of the listed grants. All data are shown as of the time of the writing of this report, and may not reflect the final outcomes of the programs or projects.

Program highlights are included to show some of the outstanding efforts of state, local and community-based criminal justice and victim service organizations. These funds enable prevention, intervention and enforcement components to work toward achieving a safer California. Without continued state and federal grant funding, given the growing need for these services and the recovering economic climate, most of these exemplary projects would cease to exist.

### **TABLE A. DETAIL ALLOCATIONS BY BUDGET COMPONENTS**

This table displays the listing of all programs by budget component, fund source and program name for three (3) years.

### **PROGRAM HIGHLIGHTS**

#### **CALIFORNIA DNA PROJECT**

The California DNA Project (CADNAP), comprising the Santa Clara University of Law's Northern California Innocence Project (NCIP), and the California Western School of Law's California Innocence Project (CIP), worked in collaboration with Cal OES to apply for competitive funding for the Postconviction Testing of DNA Evidence to Exonerate the Innocent Program from the National Institute of Justice in 2009, 2011, 2013 and 2014. All four proposals were successes, and led to the following awards:

2009 - \$2.5 million;  
2011 - \$2,239,121;  
2013 - \$962,489; and  
2014 - \$1,310,522

The NCIP and CIP use the funds to assist in the investigation of post-conviction cases of violent felony offenses, locating biological evidence, and analyzing the DNA of biological evidence located in connection with the case review. The end goal of this Program is to establish evidence that may exonerate a convicted individual in a court of law.

In fiscal year 2014/2015, as a direct result of this funding, one of the two projects – California Innocence Project – had a successful exoneration.

**Exoneration Details:**

On November 24, 2014, Michael Hanline, the longest wrongfully incarcerated inmate in California history, was released from Ventura County Superior Court after serving 36 years in prison.

In November 1978, a biker named J.T. McGarry disappeared from his home in Ventura County, California. J.T.'s body was discovered a few days later. He had been shot multiple times and his body had been dumped on the side of a frontage road 25 to 30 miles from his home.

As an investigation unfolded over the coming weeks, Michael Hanline was arrested and ultimately convicted of J.T.'s murder. Michael has maintained his innocence ever since. As soon as the California Innocence Project (CIP) started reviewing cases, Michael contacted the CIP more than 20 years after his conviction.

Over years of investigation, the CIP was able to uncover police reports that had been sealed before Michael's trial. The reports implicated others, not Michael, in the crime. Furthermore, the police reports impeached the prosecution's key witnesses. It turned out that a defense attorney and known drug dealer named Bruce Robertson who represented many of the prosecution's witnesses in other cases, made concerted efforts to steer the investigation away from his clients and toward Michael. Robertson, who is since deceased, had threatened witnesses and intimidated them into testifying against Michael. Moreover, a witness placed Robertson at J.T.'s home the night he was killed.

Before Michael's trial, Robertson and the Office of the District Attorney asked the court for a secret hearing outside of the presence of Michael and his attorney. They convinced the court to allow critical police reports to be sealed, under the guise of protecting an anonymous informant. The sealed police reports came to light only after the CIP took the case.

On October 22, 2010, after a lengthy evidentiary hearing and complete review of all of the evidence in the case, United States District Court Magistrate, Judge Andrew Wistrich, issued a report in Michael's case, recommending that his conviction be overturned. Judge Wistrich emphasized how the prosecution, investigators, and Robertson had colluded to violate Michael's constitutional right to have exculpatory information turned over to the defense. Judge Wistrich wrote, "The prosecution was

so successful in violating the trial court's orders and its constitutional obligation that by the time the exculpatory evidence came to light, nearly three decades later, many of the important witnesses had died or disappeared permitting the prosecutor to engage in this sort of gamesmanship with impunity signals that the constitutional rules established in Brady and its progeny are merely 'pretend rules' that need not be taken seriously." Unfortunately, the District Court Judge decided not to adopt the Magistrate's recommendation.

Fortunately, after additional DNA testing and investigation by the CIP and Ventura County District Attorney's Office, Mr. Hanline's conviction was reversed. On November 24, 2014, Mr. Hanline was released from Ventura County Superior Court.

### **INTERNET CRIMES AGAINST CHILDREN PROGRAM**

Five law enforcement agencies within California - Fresno County Sheriff's Office; Sacramento County Sheriff's Department; Los Angeles Police Department; San Diego Police Department; and San Jose Police Department – are part of a national network of 61 Internet Crimes Against Children Task Forces. These important task forces investigate offenders who use the Internet, online communication systems, or computer technology to sexually exploit children.

In May 2014, the Los Angeles Police Department (LAPD) was part of "Operation Broken Heart", a large child exploitation investigation that involved five California counties and 62 federal and regional law enforcement organizations. The LAPD arrested more than 275 people during this investigation, which also helped to raise awareness of this important issue. "Parents are naive," said Lt. Andrea Grossman of the LAPD's Internet Crimes Against Children Task Force. "Unfortunately kids know technology better than we do and know where to hide. Fortunately, our team knows where to hide, too."

Although "Operation Broken Heart" was deemed a success, ICAC task forces cannot respond to every electronic child exploitation – as there are just too many. Parents need to education their children about what may be lurking on the "other side" of the computer, as not everyone is what they seem.

The five California ICAC task forces each receive \$100,000 in State Restitution funds every year.

### **CAMPUS SEXUAL ASSAULT PROGRAM**

The U.S. Department of Justice, Office on Violence Against Women (OVW) has a Grants to Reduce Sexual Assault, Domestic Violence, and Stalking on Campus Program (Campus Program). It is the intent of Cal OES to build on the efforts of OVW in California. Therefore, the Campus Sexual Assault (CT) Program is a new program modeled after OVWs Campus Program, but tailored to the specific needs of California.

The number of sexual assaults reported, pursuant to The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, often differ dramatically from national research on the prevalence of sexual assault on campuses. The 2007 Campus Sexual Assault Study, funded by the National Institute of Justice, reported one in five women will experience a rape or attempted rape during college and that only 12% of victims/survivors will report the crime to law enforcement.

To truly address sexual assault, campuses need to ensure there are clear policies and protocols on the handling of reports of sexual assault and working with victims/survivors, ongoing training on sexual assault, sensitivity training for all campus staff, specialized services for victims/survivors, and a sexual assault prevention program.

The purpose of the CT Program is to create a comprehensive coordinated community response that is victim/survivor centered, enhances victim/survivor safety (regardless of whether or not they report the crime to law enforcement or other investigatory bodies and regardless of whether or not they choose to participate in an investigation), provides confidential services to sexual assault victims/survivors, holds offenders accountable, and includes prevention activities.

This will be accomplished by employing a certified Sexual Assault Counselor from a local Cal OES-funded Rape Crisis Center (as defined in Evidence Code §1035.2) to be located on campus, and through promoting the availability of a joint Campus Police/Sexual Assault Counselor response to reported incidents of sexual assault, and requiring training be provided to police/safety, campus investigatory personnel, and faculty.

#### **40<sup>TH</sup> ANNIVERSARY OF THE ALAMEDA COUNTY VICTIM/WITNESS (V/W) ASSISTANCE PROGRAM**

On November 13, 2014, the Alameda County V/W Program celebrated its 40<sup>th</sup> Anniversary by hosting a 40<sup>th</sup> Anniversary Crime Victim Assistance Summit. Alameda County District Attorney Nancy O'Malley, brought together victim service leaders from across the nation, including the Office for Victims of Crime (OVC), state and federal judges, and focused on the past, present, and future of victim services in California honoring those pioneer leaders of the movement in California and the nation.

The V/W Program movement began in 1974 through funding to eight prosecutor's offices selected throughout the nation by the former Law Enforcement Assistance Administration (LEAA) grant to the National District Attorney's Association. Alameda County was one of the eight original recipients. In 1977, the California V/W Programs began through state and federal funding provided by the former Governor's Office of Criminal Justice Planning (OCJP). Today, the California Governor's Office of Emergency Services (Cal OES) funds V/W programs in each of California's 58 counties.

This event brought together the visionaries from 40 years ago and honored them for their unbridled commitment and hard work to the V/W field that laid the foundation for the work of today's victim services leaders and advocates. Though Alameda County has the distinction and honor of having the first V/W Program in California, as well as the first District Attorney-based program in the nation, this event was to honor those pioneers such as, the Honorable D. Lowell Jensen, Honorable Lois Haight, Honorable Carol A. Corrigan and the first V/W Directors, Cindy Marie Absey, Diane Batres, Harold Boscovich, Dee Fuller (deceased), Martie Crawford Fuller, Howard Janssen, Herman Millholland, and Sandy Smith.

The former OCJP staff leadership, Sterling O'Ran, III, Sandi Menefee, and Judy O'Neal were honored for their leadership in the early days of the Program, by memorializing the Program in California Law. Their collective contributions have brought the V/W Unit to where it is today.

The event also honored the development of victim services organizations, the United States Department of Justice, Office for Victims of Crime (OVC), the California Governor's Office of Emergency Services (Cal OES), the California Victim Compensation Program (CalVCP), and the California Crime Victims Assistance Association (CCVAA). It was inspiring to reflect on the early years and how the leaders worked in tandem to secure funding for Victim/Witness, while focusing on victims' rights to be heard, and how to appropriately serve the needs of our most vulnerable population; victims of violent crime.

By day's end, it was evident that it was about a community of crime victim advocates working together to achieve a common goal of serving the needs of victims and to carry on that vision and work of the leaders before us.

## VICTIM/WITNESS SECTION

**AMERICAN INDIAN DOMESTIC VIOLENCE AND SEXUAL ASSAULT PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The American Indian Domestic Violence and Sexual Assault (DS) Program is made available through the Violence Against Women Act (VAWA) Services\* Training\* Officers\*Prosecutors (S\*T\*O\*P) Formula Grant Program which was authorized in 1994 through Title IV of the Violent Crime Control and Enforcement Act of 1994.

There are six tribal projects funded through the DS Program. Each project received \$125,359 to provide five mandated services (they also had the option to provide additional services to meet specific community needs). The mandatory services included trainings to agencies and other regional service providers on issues related to Native American women as victims of domestic violence (DV), sexual assault (SA), and dating violence; outreach to the local tribal service area; accompaniment and/or advocacy services; and emergency food, clothing, and shelter for Native American women victims of DV and/or SA and their children.

Three tribal projects opted to receive additional VAWA federal fiscal year 2012 (FFY12) funding which increased their current award by \$45,299.

The DS Program is in its fifth and final year of funding, and will be going competitive in 2015 following regional tribal consultation meetings.

**FUNDS AWARDED**

<u>Fiscal Year</u>	<u>Types of Funding</u>	<u>Total Funding</u>
FY 2013/14	Violence Against Women Act (VAWA) FFY13	\$ 752,154

**ANTI-HUMAN TRAFFICKING TASK FORCE PROGRAM**  
**Component: 40.30.560**

**PROGRAM OVERVIEW**

The mission of the Anti-Human Trafficking Task Force Program is to increase the identification of trafficking victims through proactive law enforcement tactics and cooperation; to increase the successful prosecution of traffickers through multi-jurisdictional law enforcement collaborations; to develop practical service protocols; and to develop and provide training to support law enforcement to proactively identify, rescue, and to ensure victim safety and access to needed services.

The Program is comprised of nine local multi-disciplinary task forces, which have developed partnerships with federal and state agencies, as well as prosecution agencies, to work collaboratively with victim and social service organizations in the identification of trafficked victims and the conviction of persons engaged in severe forms of human trafficking. The nine task forces include: Oakland, San Francisco, San Jose, Sacramento, Fresno, Los Angeles, Anaheim, Riverside and San Diego.

The focus of this Program is the expansion of the multi-disciplinary task forces to improve both the law enforcement response to all elements of human trafficking and the coordination between disciplines to ensure a comprehensive continuum of care is provided to victims of human trafficking. A minimum of twenty-five (25) percent of the total funding provided to the nine Anti-Human Trafficking Task Forces is used for the purpose of funding non-governmental organizations (NGOs) that serve the victims of human trafficking to specifically address the needs of this special population.

Efforts of the task forces include, but are not limited to, coordination of information and resource sharing among state and federal law enforcement agencies and victim service providers; development of training for law enforcement personnel, victim service providers, and the public to identify and assist victims of human trafficking; development of protocols and resource manuals for responding to cases involving human trafficking; the identification and rescue of human trafficking victims; and the investigation, arrest, and prosecution of human trafficking cases.

# **CALIFORNIA VICTIM/WITNESS ADVOCATE TRAINING PROGRAM**

## **Component: 40.20.451**

### **PROGRAM OVERVIEW**

California Penal Code §13835.10 statutorily mandates Cal OES to establish a statewide victim assistance training program. The purpose of which is to establish minimum training and selection standards. The California Victim/Witness Advocate Training (TP) Program is structured as a collaborative partnership of the California Crime Victim Assistance Association, the California District Attorneys Association and Cal OES. The TP Program is tasked to develop and implement a centralized training delivery model. A formal reassessment is anticipated every five years, to accommodate the diversity of victim service needs in the State of California, further develop, modify and implement current, comprehensive and innovative training curricula for continued statewide training to Victim/Witness Assistance and Unserved/Underserved Victim Program Advocates.

### **Scope of Work:**

- Delivery of quality technical training for all Victim/Witness Assistance and Unserved/Underserved Victim Program Advocates, for the delivery of comprehensive services utilizing best practices and trauma informed care to victims of violent crime.
- In the developmental phase of each course of training; convene a panel of subject matter experts (SME) to guide the update/development of the training curriculum.
- Develop and integrate a performance-based training program merging validated elements of existing curricula, introduce knowledge of emerging crime trends, and implement best practices adapting to changes in the criminal justice system to ensure the delivery of comprehensive victim services.
- The minimum training standards call for a 40-hour entry-level victim advocate training course. Additionally, the TP Program offers the following levels of training: 16 hours of non-entry level continuing education specialized curricula, a 24-hour management/supervisory specialized curricula, a 16-hour course of advanced victim advocate training and a 16-hour training of trainer program.
- The Program must explore alternative teaching modalities including webinars, tele-conferencing and DVD trainings.
- Trainings will be free of charge and available to all Victim/Witness Assistance and Unserved/Underserved Victim Program Advocates affiliated with federal, state, county and/or non-profit organizations.
- A follow-up evaluation component will be utilized to measure the effectiveness of all trainers and the trainings at each level.
- Develop an annual training needs assessment requiring Victim/Witness Centers statewide to submit annual training plans.

## 2013/14 PERFORMANCE STATISTICS

- The training committee, comprised of representatives from the California Crime Victim Assistance Association, the California District Attorneys Association, and Cal OES, in conjunction with the curriculum development consultant, developed the training curriculum for the 16-hour advanced victim advocacy course which will be piloted in FY 2014/15.
- One 40-hour entry-level victim advocate training course was conducted for 50 registered participants. Additionally, a waiting list of 20 participants was initiated. Two 40-hour entry level victim advocate trainings are scheduled to be conducted during FY 2014/15.
- One 24-hour management/supervisory specialized curricula course was conducted for 18 Victim/Witness and/or Unserved/Underserved Victim Program Coordinator/Supervisors.
- One 16-hour training-of-trainers course was conducted for 19 potential instructors drawn from the Victim/Witness field. These participants received specialized training designed to teach the 40-hour entry-level victim advocate training curriculum, enhance presentation skills, and better understand adult learning methods. During FY 2014/15, a select group of these participants will be incorporated as instructors into the TP Program.
- Six continuing education webinars were conducted to fulfill the requirement of the 16 hours of non-entry level yearly specialized curricula of continuing education on advanced topics.
- The UC Berkeley Chief Justice Earl Warren Institute on Law and Social Policy completed a survey of victim/witness certification programs nationwide. Key components were identified, issues for consideration were compiled and recommendations made for possible certification. Additionally, a Victim Advocate Code of Ethics was developed and introduced to the Victim/Witness field.

**UNSERVED/UNDERSERVED VICTIM ADVOCACY AND OUTREACH PROGRAM**  
**Component: 40.20.451**

**PROGRAM OVERVIEW**

The Unserviced/Underserved Victim Advocacy and Outreach Program (UV) is supported by Victims of Crime Act funds and is authorized by the Victims of Crime Act (VOCA) of 1984, as amended, 42 U.S.C. §10601, *et seq.* The VOCA authorizes federal financial assistance to states whereby 40 percent of the state award is designated to each Priority Area of crime victims; sexual assault, domestic violence, child abuse, and previously underserved. Underserved victims are designated by type of crime and are determined by the state. The VOCA funds support the purpose of compensating and assisting victims of crime, providing funds for training and technical assistance, and assisting victims of federal crimes.

A competitive Request for Proposal (RFP) was distributed with the intent to fund 40 projects beginning fiscal year FY2010/11 to Victim/Witness Assistance Centers as determined in Penal Code §13835.5 (RFP was for a five-year funding cycle). In addition, funds are provided to non-profit, community-based and/or Tribal organizations that provide direct services and outreach to unserved/underserved victims of violent crime. To address the needs of underserved victims, the UV Program provides comprehensive services that incorporate all necessary victim support services to these vulnerable populations.

Some of the populations that are the focus of the UV grants include:

- LGBTQ
- Elder Abuse
- Human Trafficking
- Survivors of homicide victims
- Native American crime victims
- Southeast Asian crime victims
- Gang-related crime victims
- Indigenous Oaxacan population

The UV Program is in its fifth and final year of funding and will go competitive in 2015.

**VICTIM/WITNESS ASSISTANCE PROGRAM**  
**Component: 40.20.101, 40.20.161, 40.20.451**

**PROGRAM OVERVIEW**

The Victim/Witness (V/W) Assistance Program is designed to provide comprehensive services to victims/witnesses of all types of violent crime pursuant to California Penal Code §13835 in each of California’s 58 counties. Of the 58 Victim/Witness Assistance Centers, 51 projects are in district attorney’s offices, three in probation departments, one in a county sheriff’s office and three in community-based organizations.

These services include crisis intervention, emergency assistance, orientation to the criminal justice system, court escort, case status/disposition, victim compensation claims, direct counseling, property return, notification of family, friends and employers, public presentations, resource and referral assistance, restitution, upon request of the victim, and training for criminal justice agencies.

Pursuant to the Victims of Crime Act (VOCA) statistical information requirements, it is important to note only the numbers of victims served are reported and the number of services counted once. For example, while a court accompaniment may occur 20 times during the course of a trial, VOCA counts that as *one court accompaniment*, therefore services provided to victims are significantly underrepresented in the following statistical information.

**VICTIMS' LEGAL RESOURCE CENTER PROGRAM**  
**Component: 40.20.101, 40.20.102, 40.20.451**

**PROGRAM OVERVIEW**

The Victims' Legal Resource Center at the University of the Pacific (UOP), McGeorge School of Law in Sacramento, assists thousands of victims throughout California. Pursuant to California Penal Code §13897, the Center provides legal information to California crime victims and assists them in finding appropriate resources. The Center operates the state's toll-free 1-800-VICTIMS information and referral line, staffed by McGeorge law students, and provides information through the Center's website. The Center publishes and distributes free informational brochures, compiles referral lists of local resources, researches relevant legal issues, monitors legislation, and participates in outreach activities designed to assist victims of crime.

Over the last several years, the Program has taken major decreases in the State General Funds allocated for this Program. In 2000, the Center received \$173,000 in State General Funds and in 2013 their State General Fund allocation was \$37,000. Cal OES augments the Victims' Legal Resource Center grant with additional funds, when possible.

# DOMESTIC VIOLENCE SECTION

**CALIFORNIA'S CHILDREN'S JUSTICE ACT EVALUATOR PROGRAM**  
**Component: 40.20.902**

**PROGRAM OVERVIEW**

The primary purpose of the California's Children's Justice Act Evaluator (CJ) Program is to create a process and template for evaluating Children's Justice Act (CJA) programs and, in particular, the Cal OES Children Exposed to Domestic Violence Specialized Response Program (EV).

The CJ Program is supported with federal CJA funds (42 USC 5101 *et seq.*; 42 USC 5116 *et seq.*). The CJA is supported by the federal Crime Victim's Fund, an amalgamation of fines and fees collected from defendants convicted of federal crimes. The Crime Victims Fund is administered by the United States Department of Justice, Office for Victims of Crime.

CJA grants are awarded by the Administration of Children, Youth, and Families, United States Department of Health and Human Services, as authorized by §107 of the Child Abuse Prevention and Treatment Act (CAPTA), as amended, December 20, 2010. Recipient states must be eligible for the CAPTA Basic State Grant and establish and maintain a multidisciplinary task force on children's justice issues.

**2013/14 PERFORMANCE STATISTICS**

After gathering information on the performance of each of the previous EV Program grant recipients, Northwest Professional Consortium (NPC) Research, Inc., created a written evaluation of the Program as a whole. This evaluation was presented to the CJA Taskforce in December of 2013. The evaluation indicated that one major area where the Program is struggling is in developing a robust, shared database. Following this evaluation, NPC Research began the task of providing technical assistance to the EV Program grant recipients in order to help facilitate database development. The result of this technical assistance was the determination that EV Program grant recipients need standardized data points in order for outcomes to ultimately be evaluated.

# CHILDREN EXPOSED TO DOMESTIC VIOLENCE SPECIALIZED RESPONSE PROGRAM

Component: 40.20.902

## PROGRAM OVERVIEW

The Children Exposed to Domestic Violence Specialized Response (EV) Program is funded through the Children's Justice Act (CJA) (42 USC. §5101 *et seq.*; 42 USC §5116 *et seq.*).

The purpose of the EV Program is to identify and respond to the needs of children exposed to domestic violence (CEDV). This is accomplished through the development and cross-training of a multidisciplinary team comprised of law enforcement, domestic violence advocates and child protection service workers, *et al*, to provide response and follow-up services and referrals for children present or exposed to domestic violence incidents in their homes.

In addition to the required multidisciplinary collaboration, other components of the EV Program include development of a children exposed to domestic violence county protocol, collaboration among participating community agencies, data collection, and training. The implementation of the Program is reinforced with bi-monthly case conferences amongst the staff, mandatory multidisciplinary team meetings conducted on a regularly scheduled basis, and the development and utilization of a computerized database for information sharing.

**DOMESTIC VIOLENCE ASSISTANCE PROGRAM**  
**Components: 40.20.102, 40.20.151, 40.20.161, 40.20.451**

**PROGRAM OVERVIEW**

Pursuant to California Penal Code §§13823.15-13823.16, the statewide Domestic Violence Assistance (DV) Program provides local assistance to existing domestic violence (DV) service providers throughout the State. The DV Program is also designed to provide support for the development of DV services for unserved and underserved populations, including, but not limited to, rural areas, non-English speaking individuals, persons of color, and various geographical areas without services.

Projects funded are mandated to provide the 13 services outlined below:

- Twenty-four-hour crisis hotlines;
- Counseling;
- Business centers;
- Emergency “safe” homes or shelters for victims and families;
- Emergency food and/or clothing;
- Emergency response to calls from law enforcement;
- Hospital emergency room protocol and assistance;
- Emergency transportation to shelters/other safe locations;
- Supportive peer counseling;
- Counseling for the children of victims;
- Court and social service advocacy for victims;
- Legal assistance with temporary restraining orders and other protective and/or custody orders, devices, and custody disputes; and
- Community resource and referral for victims, and household establishment assistance.

**DOMESTIC VIOLENCE RESPONSE TEAM PROGRAM**  
**Component: 40.20.151, 40.20.161**

**PROGRAM OVERVIEW**

The Domestic Violence Response Team (VA) Program is made available through the Family Violence Prevention and Services Act (FVPSA) Grant Program, which was authorized through Title III of the Child Abuse Amendments of 1984 (Public Law 98-457 U.S.C. §10401 *et seq.*) and amendments.

The VA Program is designed to assist communities in creating or strengthening protocols and practices for responding to domestic violence (DV) emergencies that exceed the standard response mandated in the Domestic Violence Assistance Program. This is accomplished through coordinated efforts of law enforcement and DV service providers to:

- Train law enforcement officers and 9-1-1 dispatchers on how to most effectively assist victims and connect them with DV services and advocacy.
- Implement practical and sustainable protocols that put victims seeking resources in face-to-face contact with a DV advocate as soon as possible after the crime has been committed.
- Build capacity within the DV field throughout the State.

**EQUALITY IN PREVENTION AND SERVICES FOR DOMESTIC ABUSE PROGRAM**  
**Component: 40.20.151, 40.20.906**

**PROGRAM OVERVIEW**

The Equality in Prevention and Services for Domestic Abuse (GL) Program is a targeted grant program for the development and support of domestic violence (DV) programs and services for the underserved lesbian, gay, bisexual, transgender, and questioning (LGBTQ) community pursuant to California Penal Code §13823.17. Assembly Bill 2051, Cohn, Chapter 856, Statutes of 2006, provided the Program guidelines.

The purpose of the GL Program is to maintain and/or expand services for the LGBTQ community by:

- Providing initial crisis intervention to DV victims following the incidence of DV.
- Providing ongoing crisis intervention, advocacy and court accompaniment throughout the criminal justice process.
- Participating in DV multidisciplinary team meetings within the service area(s) of the project (including, but not limited to, law enforcement, medical treatment facilities, other service providers).
- Raising awareness of DV services in the LGBTQ communities.

Recipients of the GL Program are required to provide at least four of the following services:

- Counseling;
- Legal assistance with temporary restraining orders, devices and custody disputes;
- Court and social service advocacy;
- Batterers intervention;
- Educational workshops and publications;
- Community resources and referrals;
- Emergency housing;
- Hotline (24/7) or warmline (less than 24/7); or
- Household establishment assistance.

The RFP process for the GL Program will begin in fiscal year 2014/15 for a three-year funding cycle.

**FAMILY VIOLENCE PREVENTION PROGRAM**  
**Components: 40.20.151, 40.20.152**

**PROGRAM OVERVIEW**

The Family Violence Prevention (FV) Program, pursuant to California Penal Code §§13820-13823, expands prevention efforts and builds the capacity of local family violence prevention programs by funding local prevention staff to implement a prevention program and increase citizen involvement.

This Program is intended for projects which have prevention staff and provide prevention activities but need additional support and staff time to fully implement prevention strategies. Projects are required to implement an existing prevention strategy, tailor prevention materials to their specific community, and attend a skills-based training through the Cal OES Statewide Domestic Violence Prevention Resource Center Program.

**LAW ENFORCEMENT TRAINING PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The Law Enforcement Training (PO) Program is supported with federal Violence Against Women Act (VAWA) Services\*Training\*Officers\*Prosecutors (S\*T\*O\*P) Formula Grant Program funds. The VAWA S\*T\*O\*P Formula Grant Program was authorized in 1994 through Title IV of the Violent Crime Control and Enforcement Act of 1994 and subsequent reauthorizations. The most recent reauthorization is the VAWA and Department of Justice Act of 2013.

The Program funded the California Commission on Peace Officer Standards and Training (POST) to develop and deliver training to law enforcement personnel throughout the State in the areas of sexual assault and domestic violence, including officer-involved domestic violence and domestic violence crisis negotiation.

During the 2013/14 grant period, the statewide trainings to law enforcement personnel were provided through a subcontract with the San Diego Regional Training Center (SDRTC). POST and SDRTC collaborated on updating training components and materials to ensure that quality and up-to-date training on Domestic Violence and Sexual Assault which pertain to and affect every level of law enforcement were provided.

**STATE COALITION TECHNICAL ASSISTANCE AND TRAINING PROGRAM**  
**Component: 40.20.151, 40.20.451**

**PROGRAM OVERVIEW**

The State Coalition Technical Assistance and Training (BW) Program is administered by the California Partnership to End Domestic Violence (the Partnership) which is the domestic violence coalition for the State of California. The BW Program is supported by the Family Violence Prevention and Services Act (FVPSA) Grant Program, which was authorized through Title III of the Child Abuse Amendments of 1984 (Public Law 98-457 U.S.C. §10401 *et seq*) and amendments, and the Victims of Crime Act (VOCA) Formula Grant Program, which is authorized by the VOCA of 1984 as amended, 42 U.S.C. §10601 *et seq*.

The BW Program provides technical assistance and training, networking opportunities, information referrals, and resource development assistance for California domestic violence service providers.

During fiscal year 2013/14, the Partnership hosted the statewide leadership conference entitled “Connecting the Dots 2013” for domestic violence service providers and other members of the domestic violence movement; conducted a series of two-day “Pathways to Healing” workshops on trauma-informed care throughout the State; and collaborated with Cal OES, the California Department of Public Health, and California Coalition Against Sexual Assault to develop a proposal for a statewide Domestic Violence and Sexual Assault Prevention initiative for the Blue Shield of California Foundation.

## SEXUAL ASSAULT SECTION

**FARMWORKER WOMEN'S  
SEXUAL ASSAULT & DOMESTIC VIOLENCE PROGRAM  
Component: 40.20.161**

**PROGRAM OVERVIEW**

The Farmworker Women's Sexual Assault and Domestic Violence Program is funded with federal Violence Against Women Act (VAWA) Services\*Training\*Officers\*Prosecutors (S\*T\*O\*P) Formula Grant Program funds. Due to a variety of conditions, California's farmworker women are vulnerable to sexual assault and domestic violence within the farmworker communities. However, traditional domestic violence and sexual assault service providers have not been effective in meeting the needs of this unique population.

This Program provides funding to Lideres Campesinas to address the needs of this underserved farmworker population through education and resources. Lideres Campesinas trains farmworker women leaders on issues, trends and services related to domestic violence and sexual assault. They are currently working in eight communities throughout California with future endeavors to organize women in seven additional communities. Curriculum, outreach materials, and drama performances are designed specifically for these farmworker communities. Statewide and local events are conducted to raise awareness and encourage peer-to-peer discussions about domestic violence and sexual assault. When victims are identified, they are linked with local domestic violence and sexual assault service providers throughout the State of California.

**Component: 40.20.161**

**PROGRAM OVERVIEW**

The purpose of the Forensic Medical Forms (FF) Program is to ensure that California’s sexual assault forensic medical examination forms and protocol reflect the most recent advances in forensic science, research, technology, medical practice, statutory changes, investigative issues, and evidentiary processes in order to capture and document evidence for the effective prosecution and defense in cases of sexual assault. First issued in 1987, the forms and protocol were updated in 2001. Due to ongoing changes and advances in the area notes, it is critical that the forms and protocol be updated once every 10 years, at a minimum. Four years were required for the initial development of the forms and protocol. The Program is supported by Violence Against Women Act – Services\*Training\*Officers\*Prosecutors (VAWA S\*T\*O\*P) Formula Grant Program funds.

The FF Program is based on California Penal Code §§13823.5, 13823.7, 13823.9 and 13823.11. Per statute, the standardized forms must be used by medical examiners performing sexual assault forensic medical exams at hospitals and other exam facilities. Counties with populations of 100,000+ are required to designate at least one facility to conduct these exams; larger counties must have at least one exam site per 1,000,000 persons.

Nationwide, California is at the forefront of sexual assault clinical forensic medicine. Cal OES’ forms have been adopted by other states, by the United States military, are the basis for the sexual assault medical protocol issued by the U.S. Department of Justice, and have generated international interest; a ripple effect emanates from Cal OES’ advancements and accomplishments in this field.

# JOHN R. JUSTICE GRANT PROGRAM

## PROGRAM OVERVIEW

The John R. Justice (JRJ) Program is administered by the U.S. Department of Justice, Bureau of Justice Assistance, and the California Governor's Office of Emergency Services (Cal OES) is the elected State Administering Agency of these grant funds. The JRJ Program was codified at 2 U.S.C. §3797cc-21, and named for the late John Reid Justice of South Carolina, to encourage qualified attorneys to choose careers as prosecutors and public defenders and to continue in that service. Student loan debt is consistently cited as the overwhelming reason why attorneys decline or leave positions as prosecutors and public defenders.

The JRJ Program provides loan repayment assistance for local, state, and federal public defenders and local and state prosecutors who commit to continued employment as public defenders and prosecutors for at least three years. An attorney must not be in default on repayment of any federal student loans. State agencies administering the JRJ Program must ensure that funding for local repayment is allocated equally between prosecutors and public defenders.

Federal fiscal year (FFY) 2010 was the implementing year for the JRJ Grant Program. California received \$1,045,856 for administering the grant and for loan forgiveness. Cal OES received 761 applications and was able to grant loan forgiveness to 188 public defenders and prosecutors in the amount of \$5,000 each, paid to their loan servicer. Cal OES partnered with the California Student Aid Commission (CSAC) to administer the JRJ Program.

In FFY 2013, California received \$130,730 for administering the grant and loan forgiveness. Cal OES will continue to provide loan forgiveness to the same 188 public defenders and prosecutors in the amount of \$661 each, paid to their loan servicer. Cal OES continues to partner with CSAC in administering the JRJ Program.

In FFY 2014, California received \$54,720 for administering the grant and loan forgiveness. Cal OES will continue to provide loan forgiveness to the same 188 public defenders and prosecutors in the amount of \$262 each, paid to their loan servicer. Cal OES continues to partner with CSAC in administering the JRJ Program

**LEGAL TRAINING PROGRAM**  
**Components: 40.20.161, 40.30.541**

**PROGRAM OVERVIEW**

Cal OES initiated the Legal Training (LV) Program in 1998, funded with federal Violence Against Women Act (VAWA) S\*T\*O\*P Formula Block Grant Program funds and the Local Public Prosecutor/Public Defender (LPPPD) Fund. The implementing recipients are the California District Attorneys Association (CDAA) and the California Public Defenders Association, non-profit associations.

Pursuant to California Penal Code §13836, the purpose of the Program is to provide consistent quality training, publications and other materials to prosecutors throughout California on the prosecution of crimes against women. Specific tasks include, but are not limited to, maintaining an information and referral database; distributing publications on violence against women; maintaining a violence against women brief bank; maintaining a DVD-video film bank; and reporting on sexual assault prosecution seminars to the State Advisory Committee on Sexual Assault Victim Services.

Trainings are conducted for prosecutors on: child witnesses; domestic violence overview, dynamics and services; sexual assault overview, dynamics and services; stalking overview; criminal court procedures; domestic violence statutes/codes; law enforcement response; prosecution response; protective orders; sexual assault statutes/codes; sexual assault forensic examination; stalking statutes/codes; technology; underserved populations – victims/survivors who live in rural areas, are disabled, are elderly, are immigrants, refugees, or asylum seekers; coordinated community response; and response teams.

The California District Attorneys Association and California Public Defenders Association continue to focus on conducting Minimum Continued Legal Education (MCLE) trainings for Prosecutors and Public Defenders, pursuant to Penal Code §§11500-11503.

**MEDICAL TRAINING CENTER PROGRAM**  
**Component: 40.20.161, 40.20.451**

**PROGRAM OVERVIEW**

Per California Penal Code §13823.93, the Medical Training Center (EM) Program funds one grant recipient to provide training for forensic medical examiners in cases of sexual assault, child sexual abuse, domestic violence, elder/dependent adult abuse, and child physical abuse/neglect. This Program accomplishes this in two ways: by developing resources and structures to support sexual assault professionals, and by conducting trainings to increase practitioners' skills and ability to provide examinations that will be credible in court.

The goal is to ensure exams are conducted in a standardized, consistent and qualified manner throughout California. Specialized trainings are conducted on medical quality assurance, forensic photography, telemedicine/teleconferencing, and expert witness testimony. Training is also provided for court personnel and a telecommunications network for expert consultation in various areas of the State.

The Medical Training Center Program also addresses Sexual Assault Response Teams (SART) including: developing and/or improving current SART efforts; ensuring the availability of effective, comprehensive SARTs for sexual assault victims; identifying key SART procedures and protocols; and coordinating SART policy needs.

**PRISON RAPE ELIMINATION ACT PROGRAM**  
**Component: 40.30.911**

**PROGRAM OVERVIEW**

In 2003, Congress enacted the Prison Rape Elimination Act (PREA) to address the problem of sexual abuse of persons in the custody of U.S. correctional agencies. PREA calls for federal, state, and local corrections systems to have a zero-tolerance policy regarding prison rape (as defined by PREA) in prisons, jails, police lock-ups, and other confinement facilities.

The Prison Rape Elimination Act (PD) Program is an 18-month grant funded with federal PREA funds. The Program funds the City of Los Angeles Police Department (LAPD) to develop and deliver the first ever Prison Rape Elimination Act Demonstration Project within police lock-ups and jails. LAPD will be working with contracted partners to develop protocols and implement standards to 10 LAPD-run detention facilities that house more than 100,000 detainees annually. In addition, the LAPD plans to develop a best practice planning document and better tools for tracking and assessing sexual abuse problems within its detention facilities. The LAPD hopes to develop a model for cost-effectively implementing the PREA standards to ensure the safety of all detainees in detention facilities throughout California and nationwide. The LAPD has a wealth of experience investigating and preventing sexual abuse crime in the community and has a well-established coordinated community response to sexual assault. This experience will facilitate the LAPD in developing policies and implementing strategies based on the PREA standards.

The California Governor's Office of Emergency Services (Cal OES) has chosen to not continue to apply for these funds. Therefore, the Program received one-time funding in fiscal year 2012/13.

This program does not report its statistics in the traditional sense of numerical data.

- LAPD completed policy updates to its Jail Operational Manual.
- LAPD disseminated the PREA Amendments to the Jail Operational Manual to all staff to inform them of updates to LAPD policies and procedures.

- LAPD also updated its professional service agreement with the Los Angeles County Sheriff's Department to require that both agencies comply with PREA standards.
- In March, LAPD completed its in-service trainings for LAPD Jail Division staff of PREA, the dynamics of sexual abuse and their responsibilities for protecting detainees and reporting misconduct.
- LAPD also have begun to draft a second four hour in-service training for Jail Division staff on agency policies and procedures related to PREA.
- LAPD developed and printed arrestee education materials' regarding the agency's zero tolerance policy and how to report this abuse and get help if they are victimized.

**RAPE CRISIS PROGRAM**  
**Components: 40.20.161, 40.20.301, 40.20.451**

**PROGRAM OVERVIEW**

The goal of the Rape Crisis (RC) Program is to reduce the level of trauma experienced by sexual assault survivors through the provision of comprehensive and supportive services, to improve coordination of multi-disciplinary response systems, and to expand public awareness concerning sexual assault and its impact. With federal funding increasing in some areas and maintaining in others, the 84 Rape Crisis Program grant recipients were able to sustain the same level of service provision as in the previous year. This is due in large part to the commitment of the professionals and volunteers who serve the needs of sexual assault survivors.

This Program, pursuant to California Penal Code §§13836-13837, funds rape crisis centers to provide comprehensive services to sexual assault victims as they deal with the emotional trauma resulting from such an assault and as they progress through the criminal justice system. These services include:

- Crisis Intervention/24-hour crisis line services;
- 72 Hour Follow-up services;
- Accompaniment services (forensic medical exams, law enforcement, district attorneys);
- Advocacy services;
- In-person and group counseling;
- Community education presentations about sexual assault and the centers' services; and
- Participation in local multi-disciplinary Sexual Assault Response Team (SART) efforts;

**SEXUAL ASSAULT TRAINING AND TECHNICAL ASSISTANCE PROGRAM**  
**Components: 40.20.161, 40.20.451**

**PROGRAM OVERVIEW**

This Program funds the California Coalition Against Sexual Assault (CALCASA) to provide critical training for Cal OES-funded rape crisis centers throughout the State. Training and technical assistance is provided on issues such as organizational development, program planning, non-profit management, employee rights, information systems, fund development, and other issues related to the provision of services to sexual assault survivors. Centers can request individual technical assistance on a variety of subjects and receive a response tailored to meet their agency's specific needs.

CALCASA held their annual leadership conference with a plenary session on sexual violence and day-long training institutes on advocacy and intervention, cultural competency, management, and prevention.

CALCASA participates in a Blue Shield of California Foundation-funded collaborative. In addition to CALCASA, the collaborative is comprised of the Cal OES, the California Department of Public Health, and the California Partnership to End Domestic Violence. Together, these four organizations facilitated a joint planning process leading to the visioning, design, and development of a collaborative project focused on identifying and documenting promising practices in preventing domestic violence and sexual violence within underserved communities.

# CHILDREN'S SECTION

**AMERICAN INDIAN CHILD ABUSE TREATMENT PROGRAM**  
**Component: 40.20.451**

**PROGRAM OVERVIEW**

The American Indian Child Abuse Treatment (AICHAT) Program was authorized by Public Law 98-473, as amended, and is funded through the Victims of Crime Act (VOCA) (42 USC §§10601; 10603). The purpose of the Program is to fund American Indian tribes, consortium of tribes, or American Indian non-profit community-based organizations to facilitate the provision of therapeutic clinical services or culturally-centered services to American Indian child victims and support services to the non-offending family members. Support services are provided to child victims and their non-offending families. Support services include: assistance in providing information on crime victim compensation services and assistance in understanding and in helping children prepare for participating in the criminal justice system.

For FFY 2013/14, recipients continue to report incidences of crimes being committed within their communities. Children are learning from multiple sources (media, home, and schools) the way to deal with their problems is thru violence, i.e., domestic violence, bullying and school shootings, homicides, and terrorist activities. To further exasperate this problem, California's current economic situation continues to add stress for American Indian families who cannot find employment to take care of their family's basic living needs and medical costs. American Indian parents/caretakers, as a result, turn to negative coping mechanisms which further result in an increase of victimization for American Indian children: substance abuse, domestic violence, community violence, bullying in schools, and neglect.

# CHILD ABDUCTION INTERVENTION AND RESOURCE TRAINING PROGRAM

## Component: 40.20.902

### PROGRAM OVERVIEW

The Child Abduction Intervention and Resource Training (AC) Program is supported with federal Children's Justice Act (CJA) funds (42 USC §5101 *seq.*; 42 USC §5116 *et seq.*). The CJA is supported by the federal Crime Victim's Fund, an amalgamation of fines and fees collected from defendants convicted of federal crimes. The Crime Victim's Fund is administered by the United States Department of Justice, Office for Victims of Crime.

The AC Program is designed to provide resources and quality training, focusing on family and non-family abductions, for child abuse councils, law enforcement personnel, child protective services, nonprofit organizations, child abuse and abduction programs, visitation monitors, sexual assault and domestic violence projects, victim/witness assistance centers, mental health organizations, and prosecutors. The Commission on Peace Officer Standards and Training certifies the training curriculum and provides Continuing Education Units (CEUs) for law enforcement; CEUs are also available for Marriage and Family Therapists and Licensed Clinical Social Workers. This multidisciplinary training includes the following topics:

- Impacts, Recovery, Reunification and Reintegration;
- Missing Children Law Enforcement Response and Resources;
- Missing Children and Unidentified Persons;
- Prosecutors Response and Resources;
- California Child Safety AMBER Alert Network;
- Public Awareness and Child Identification Resources;
- International Family Abduction;
- Federal Agencies' Resources and Response to Child Abductions;
- Missing and Abducted Children: The School's Response and Collaboration;
- How Child Protective Services Interfaces with other Agencies; and
- Legal Issues.

In addition, the AC Program developed the Child Abduction Website and the California Missing and Abducted Children's Initiative.

- Child Abduction Website – The Program developed a simple, user-friendly website for the purpose of disseminating child abduction materials. Existing and approved child abduction material is placed on the website in a downloadable format, including resources and contact information.
- California Missing and Abducted Children's Initiative – The Initiative involves assessing a county's specific and unique needs in relation to missing and abducted children and their families, and providing a training to help agencies within a county overcome the obstacles to appropriately respond to child abduction in their particular county, as well as maximizing the available resources.

**CHILD ABUSE TREATMENT PROGRAM**  
**Component: 40.20.451**

**PROGRAM OVERVIEW**

The Child Abuse Treatment (CHAT) Program funds both government and non-profit community-based organizations to facilitate therapeutic treatment services to child victims of abuse and provide support services to non-offending family members. The Program was authorized by Public Law 98-473 as amended and is funded through the Victims of Crime Act (VOCA), 42 USC. §§10601 and 10603. Under this Program, child abuse victims are provided comprehensive psychotherapy services, with an emphasis on underserved children to include children who are dependents of the court and children in the welfare system.

The mandatory objectives are:

- Provide psychotherapy services to child victims.
- Provide information to child abuse victims and/or their non-offending family members on crime victim compensation services.
- Provide referral information regarding the local victim/witness assistance centers to obtain assistance in applying for victim compensation program benefits, as well as assist child victims and their non-offending family members to develop a better understanding of the criminal justice system to prepare them for court proceedings.
- Use volunteers to assist in carrying out the mandated objectives.

**2013/14 PERFORMANCE STATISTICS**

For FY 2013/14, CHAT Program recipients report a slight decrease in the number of child victims receiving therapy and being provided information on or referred to the Crime Victim Compensation Services, while the number of CHAT Program volunteers increased and the number of child victims referred to the local Victim/Witness Assistance Centers to receive court assistance services also increased. The drop in the number of children receiving therapy and being referred to the local Crime Victim Compensation Services can partially be explained by the fact that one of the CHAT grant recipients in the Los Angeles area decided to discontinue their CHAT Program.

Other factors in the decrease in child clients may be the improved economy and more children covered under the Affordable Care Act. While the economy has improved somewhat, there are still many families feeling the pressure and anxiety of unemployment or underemployment, loss of income, and or financial uncertainty, unstable housing, and health insurance.

- 3,828 Child victims received therapeutic services.
- 3,771 Child victims received assistance with seeking victim compensation.
- 1,305 Child victims received court-related services.
- 279 Volunteers used in the Program.

**CHILD SEXUAL ABUSE TRAINING AND TECHNICAL ASSISTANCE PROGRAM**  
**Component: 40.20.354, 40.20.451**

**PROGRAM OVERVIEW**

The Child Sexual Abuse Training and Technical Assistance (CATTa) Program came into existence from a legislative mandate pursuant to Welfare & Institutions Code §18275. The goal of the CATTa Program is to provide training, technical assistance, and information to professionals that work directly with child abuse victims or handle child abuse cases, including:

- Direct victim service providers;
- Law enforcement;
- Prosecutors;
- Social services caseworkers;and
- Health and mental health care providers.

Two CATTa Centers, one in Northern California and one in Southern California were selected for funding, through a competitive process, to implement the following three components statewide:

- Training and Technical Assistance;
- Capacity Building; and
- Information Development and Dissemination.

The funds have increased skills of child sexual abuse professionals through training on Child Forensic Interviews (Basic, Advanced, and Non-English Speaking), webinar training on specific topics of concern, and technical assistance.

In 2013, California's counties continued to have severe funding limitations and have cut and/or eliminated staff training. In response, the CATTa Program offers webinars to reach more participants and have made efforts to rotate trainings in various counties to decrease travel time for participants. Travel scholarships have been offered to assist with travel expenses.

**CHILD SEXUAL ABUSE TREATMENT PROGRAM**  
**Component: 40.20.353, 40.20.451**

**PROGRAM OVERVIEW**

The Child Sexual Abuse Treatment (CSAT) Program, pursuant to California Penal Code §13837, provides comprehensive treatment services to child victims of sexual abuse and/or sexual exploitation and is funded through State Victim Witness Assistance funding.

The CSAT Program provides services directed toward child victims, under the age of 18, and appropriate non-offending family members to assist in the child's recovery. Treatment services include, but are not limited to:

- Outreach;
- In-person crisis intervention services;
- Intake;
- Assessment;
- Individual and group counseling;
- Interagency coordination; and
- Follow-up evaluation.

California Penal Code §13836, *et seq.*, mandated the establishment of the 11-member State Advisory Committee (SAC) on Sexual Assault Victim Services. This committee advises Cal OES on the development and implementation of the CSAT Program and approves funding recommendations.

**HOMELESS YOUTH AND EXPLOITATION PROGRAM**  
**Component: 40.20.351, 40.20.353**

**PROGRAM OVERVIEW**

The Homeless Youth and Exploitation (HX) Program was developed pursuant to the 1986 Welfare and Institutions Code §13703 and California Penal Code §13837. The HX Program assists homeless youth in exiting street life and provides specialized services to youth involved in sexually exploitive activities.

A youth is considered homeless if he/she is under the age of 24 and does not have a permanent residence, has run away from home, has been pushed out of his/her home by parents or guardians, has aged out of the foster care system and is now homeless, is living in a shelter, and/or is living on the streets. A youth is sexually exploited if he/she is under the age of 18 and exchanges sexual favors for money, shelter, clothing, and/or other goods/services. Also included in this criterion is a youth who is involved in commercial exploitation such as stripping or pornography.

Services provided through the HX Program include:

- Food;
- Shelter;
- Counseling;
- Outreach services;
- Referrals to other agencies;
- Screening for basic health needs and
- Long-term stabilization planning.

In addition to the above services, the HX Program educates the public on the issues and dangers that homeless youth in California, and elsewhere throughout the nation, confront each day.

**HUMAN TRAFFICKING OF MINORS LAW ENFORCEMENT  
AND FIRST RESPONDER TRAINING PROGRAM  
Component: 40.20.902**

**PROGRAM OVERVIEW**

The primary purpose of the Human Trafficking of Minors (HM) Law Enforcement and First Responder Training Program is to train law enforcement, other first responders, and victim advocates on how to identify, investigate, and respond to cases of the human trafficking of minors.

The HM Program is supported by Children’s Justice Act (CJA) funding through the federal Crime Victim’s Fund, an amalgamation of fines and fees collected from defendants convicted of federal crimes. The Crime Victim’s Fund is administered by the United States Department of Justice, Office for Victims of Crime (OVC), with Cal OES as the administrator of California grants.

**Curriculum Development** – The Law Enforcement and First Responder Training Curriculum continued to be maintained. The parallel Victim Advocate Training Curriculum has undergone revisions incorporating subject matter expert feedback to create a final version for implementation throughout the next grant year. Additionally, the Training-of-Trainers and the Advanced Investigative Techniques Training curriculum have been successfully developed and implemented.

**Training-of-Trainers** – Four Individual Training-of-Trainers workshops were conducted for 56 participants.

**Law Enforcement Regional Trainings** – Ten Law Enforcement Regional Trainings were conducted to 364 participants.

**Victim Advocate Training** – Four Victim Advocate Trainings were conducted for 221 participants.

**Investigation Trainings** – Four investigation trainings implementing the soon to be developed human trafficking of minors investigation curriculum were conducted. Three Advanced Investigative Techniques Trainings have been conducted to 116 participants.

**Additional Trainings** – Five additional trainings were conducted to accommodate for participant’s requests throughout the State. The types of trainings included: a 4-hour District Attorneys special training; two Train-the-Trainers; and two Regional trainings.

**Officer Pocket Guide/Web Download** – The Program developed the hard copy officer pocket guide for distribution, via hard copy and web download, of the human trafficking officer pocket guide to all trainees and law enforcement.

**Roll Call Training DVD** – The Program developed and continues to distribute a 10-minute human trafficking of minors training DVD which includes an overview of broader training curriculum developed through this Program.

**PROGRAM OVERVIEW**

The Native American Children Training Forum (CF) Program was initiated in 2012, supported by federal Children’s Justice Act (CJA) funds. The recipient agency, through a competitive process, is the National Indian Justice Center.

The primary purpose of the CF Program is to meet the unmet training needs of tribes and tribal service providers who assist Native American children who are victims of child abuse or neglect and/or are at-risk of abuse or neglect. The CF Program develops training curricula for individuals that serve Indian children who have been abused or neglected. It also surveys tribes to determine their telecommunication/information capacity and provides the necessary technology for tribes to conduct on-site training. This is critical due to the remoteness of many tribal communities.

**STATEWIDE MULTI-DISCIPLINARY INTERVIEW CENTER  
COORDINATOR PROGRAM  
Component: 40.20.902**

**PROGRAM OVERVIEW**

The Statewide Multi-disciplinary Interview Center (MD) Program is supported with federal Children’s Justice Act (CJA) funds (42 USC §5101 *seq.*; 42 USC §5116 *et seq.*). The CJA is supported by the federal Crime Victim’s Fund, an amalgamation of fines and fees collected from defendants convicted of federal crimes. The Crime Victim’s Fund is administered by the United States Department of Justice, Office for Victims of Crime.

The MD Program is designed to establish a central statewide coordinator for Child Advocacy Centers (CAC) and Multi-disciplinary Teams (MDT) to call for assistance. The statewide coordinator offers leadership, support, outreach, training, technical assistance, resources, and linkage to experts with the intent of strengthening the California Network of Child Advocacy Centers and established/emerging CACs or MDTs, to utilize best practices when interviewing children who have been abused.

During fiscal year 2013/14, the MD Program:

- Provided education, technical assistance, training, and public awareness to California’s community members and decision makers.
- Streamlined data collection efforts by developing a centralized database.
- Gathered relevant information from CACs to substantiate the need for services, described the impact of services in the State, and coordinated data with national CAC resources.
- Utilized marketing and social outreach tools to connect with constituents and promoted activities.
- Distributed and encouraged the use of the Minimum Standards Protocol at trainings and on the website.
- Promoted the inclusion of all entities: non-profit organizations and government agencies in the development of community-based CAC response by disseminating the Minimum Standard Protocol, keeping CACs aware of training and providing travel scholarships.

- Supported professional development of California's MDTs through collaborative training events and technical assistance, including summits in Northern and Southern California.

4 Number of meetings held for CACs.

37 Number of attendees at meetings for CACs.

9 Number of technical assistance and guidance contacts made to CACs that are either existing and/or developing.

14 Number of outreach contacts to unserved and/or underserved counties to assist with the development of emerging programs.

21 Number of multi-disciplinary case consultations provided.

**VICTIM SERVICES INFORMATION PROGRAM**  
**Component: 40.20.451**

**PROGRAM OVERVIEW**

The Victim Services Information (VI) Program receives funding from the Victims of Crime Act (VOCA) (42 U.S.C. §§10601; 10603). The Program examines and responds to the various needs and legal mandates of crime victims and ensures that inmates, wards, parolees, correctional staff, and the general public recognize and understand the impact of crime on victims. The Program provides direct services to victims of newly committed offenders under the jurisdiction of the California Department of Corrections and Rehabilitation (CDCR). Such services include the following: notifying victims of parole dates, parole hearings, escape and death of offenders and parolees under CDCR jurisdiction; assisting victims who request special conditions of parole; intervene on behalf of victims being threatened or harassed by offenders; assisting sexual assault victims in obtaining HIV results; providing referrals to local victim services and coordinating and implementing public awareness activities that describe, provide and refer victims to direct services; advising victims of their rights as victims and offering them opportunities to participate in each offender's parole board and release hearing; advising victims of their rights and options; and providing accompaniment of victims to juvenile offender hearings for the purpose of providing information and explanation of the process and emotional support. Furthermore, it assists victims that are highly underserved, those that are elderly, disabled or have minimum financial means of support, and provides direct outreach for peace officers harmed on the job. It also provides travel funds for victims of lifer crimes or victims attending parole hearings.

**VIOLENCE AGAINST WOMEN VERTICAL PROSECUTION PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The Violence Against Women Vertical Prosecution (VV) Program is supported with Violence Against Women Act (VAWA) Services\*Training\*Officers\*Prosecutors (S\*T\*O\*P) Formula Grant Program funds. The VAWA S\*T\*O\*P Formula Grant Program was authorized in 1994 through Title IV of the Violent Crime Control and Enforcement Act of 1994 and subsequent reauthorizations.

The VV Program is designed to improve the criminal justice system's response to violent crimes against women through a coordinated multi-disciplinary response. This is achieved through the creation or enhancement of a specialized unit which focuses on the vertical prosecution of the defendant and services for the victim(s). Vertical prosecution is shown to:

- Improve conviction rates;
- Reduce victim trauma; and
- Provide more consistent and appropriate sentencing.

# YOUTH EMERGENCY TELEPHONE REFERRAL NETWORK PROGRAM

Component: 40.20.352, 40.20.451

## PROGRAM OVERVIEW

The Youth Emergency Telephone Referral Network (YT) Program, authorized by Assembly Bill 3075 (Chacon, Chapter 1614, Statutes of 1984), was designed to connect youth in need of services with appropriate service providers. The hotline provides a non-threatening, toll-free telephone number, which can be accessed by runaway and homeless youth seeking assistance anywhere in the State. The referral service connects youth with available local resources essential to their well-being, such as food, shelter, counseling, outreach services, medical, and/or transportation.

Service providers for runaway and homeless youth in California continue to be impacted significantly by closure or reduced hours due to funding cuts. The YT Program still receives a large number of general information calls and calls to confirm the existence of service providers in various areas of California. In addition, there has been an increase in the number of calls related to rights of homeless and runaway youth and the programs and/or services available to them.

**CALIFORNIA YOUTHFUL OFFENDER REENTRY PROGRAM**  
**Component: 40.30.555, 40.30.560**

**PROGRAM OVERVIEW**

The California Youthful Offender Reentry (Cal-YOR) Program is a one-time funded opportunity supported with federal Justice Assistance Grant (JAG) Program funds, and supplemented with federal Residential Substance Abuse Treatment (RSAT) Program funds. Case management includes drug testing, and probation supervision for participants while reporting to regularly scheduled appointments and/or hearings. Each program participant completes a prescribed individualized treatment protocol. Additionally, projects provide job skills training, family/group counseling, and life-skills enhancing services.

JAG funds are used to support state and local initiatives and is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. §3751(a). RSAT funds are used to support jail-based substance abuse programs and community-based aftercare services, and is authorized under by the Violent Crime Control and Law Enforcement Act of 1994 (Public Law 103-322).

**LAW ENFORCEMENT SPECIALIZED UNITS PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The purpose of the Law Enforcement Specialized Units (LE) Program is to create or enhance specialized units to provide a coordinated response to victims of domestic violence and/or sexual assault through law enforcement and victim service provider partnerships.

The specialized units accomplish this through thorough investigation, immediate victim advocacy, training for local law enforcement officers, and the development of effective protocols and practices that will continue after the grant cycle has ended. Recipients of this Program are strongly encouraged to have advocates and law enforcement collocated to further their partnership and coordinated response to victims.

**PAUL COVERDELL FORENSIC SCIENCE IMPROVEMENT ACT PROGRAM**  
**Component: 40.30.523**

**PROGRAM OVERVIEW**

The goal of the Paul Coverdell Forensic Science Improvement Act (Coverdell) Program is to improve the quality, timeliness, and credibility of forensic science services over current operations. Funds are to be used to reduce backlogged forensic cases and improve the turnaround times for case analysis. Coverdell funds also provide opportunities for training in both technical and personal skills to California's forensic scientists to improve laboratory efficiency and to provide competent courtroom testimony.

The Paul Coverdell Forensic Science Improvement Act Program, Authorized by Title I of the Omnibus Safe Streets and Crime Control Act of 1968, Part BB, codified at 42 U.S.C. §§3797j-3797o and pursuant to Public Law 106-561, 107-272, and 108-405, provides funding from the National Institute of Justice to 19 of California's accredited local crime laboratories, two medical examiners, one coroner's office, and the California Department of Justice's Bureau of Forensic Services.

All crime laboratories must validate their eligibility by certifying their accreditation status with a Forensic Crime laboratory organization or appropriate certifying body. The crime laboratories must also certify that they have a plan in place to conduct an independent, external investigation into allegations of serious negligence or misconduct by laboratory employees or contractors.

# POSTCONVICTION DNA TESTING ASSISTANCE PROGRAM

Component: 40.30.910

## PROGRAM OVERVIEW

Newer technologies have increased the successful DNA analysis of aged, degraded, limited, or otherwise compromised biological evidence. Crime scene samples once thought to be unsuitable for testing, may now yield DNA profiles. Samples that previously generated inconclusive DNA results may now be amenable to reanalysis using newer methods.

The Postconviction DNA Testing Assistance Program (DNAP) is authorized under the Justice for All Act of 2004 by Public Law 108-405 (HR 108-711), which establishes enforceable rights for victims of crime, enhances DNA collection and analysis efforts, provides for postconviction DNA testing, and authorizes grants to improve the quality of representation in state capital cases.

The “Northern California Innocence Project” at Santa Clara University and the “California Innocence Project” at the California Western School of Law are funded under this Program to conduct postconviction DNA testing in cases of murder, non-negligent manslaughter, forcible sexual assault, and all other violent felony offenses in which actual innocence might be demonstrated. Funds are geared toward the review of such postconviction cases and to locate and analyze biological evidence associated with these cases.

**PROBATION OFFICER TRAINING PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The Chief Probation Officers of California (CPOC) receives Violence Against Women Act (VAWA) Services\*Training\*Officers\*Prosecutors (S\*T\*O\*P) Formula Block Grant Program funds to implement the Probation Officer Training Program. CPOC develops and delivers training to probation officers throughout the State of California which focuses on enhancing probation officers' skills specifically in the area of supervision of domestic violence, sexual assault, dating violence and stalking.

CPOC has been delivering training to probation officers for more than twenty years. In recent years, CPOC has created a Training Division and has increased the frequency of its training delivery in an effort to provide quality probation-specific training. CPOC has extensive experience with obtaining California Standards and Training for Corrections course certification, identifying and working with trainers, developing curricula, securing training locations, coordinating with probation departments and managing training delivery throughout the State.

- Two eight-hour “*Supervising Domestic Violence Offenders: Evidence-Informed Practice*” trainings were provided. The first was on July 17, 2014 in Sacramento and the second was on August 28, 2014. A total of 62 probation staff attended.
- An additional 50 probation staff received this training via a four-hour web-based training on September 23, 2014.
- While reviewing the evaluation results of the aforementioned trainings, a Training Needs Assessment was distributed electronically to all probation departments throughout the State, and a total of 56 respondents representing staff at all levels (chiefs, executive management, supervisors and line staff) completed the survey. The results are being tabulated and will provide guidance in future training efforts.

**PROBATION SPECIALIZED SUPERVISION PROGRAM**  
**Component: 40.20.161**

**PROGRAM OVERVIEW**

The purpose of the Probation Specialized Supervision Program (PSSP) is to fund specialized units within probation departments to intensively supervise small caseloads of probationers of crimes involving domestic violence, sexual assault, dating violence, and stalking. Each department has the discretion of choosing which of the aforementioned crimes/caseload require PSSP supervision.

The Program requires probation officers to be specially trained, carry reduced caseloads, develop and maintain both a specialized unit protocol and victim resource and referral list, and utilize a variety of intensive supervision techniques.

**PROJECT SAFE NEIGHBORHOODS PROGRAM**  
**Component: 40.30.504**

**PROGRAM OVERVIEW**

Project Safe Neighborhoods (PSN) is a comprehensive, strategic approach to reducing gun crime in America by networking existing local governmental and community-based programs that target gun crime and providing those programs with additional tools and/or resources needed to reduce gun violence. The PSN approach has been modified to help reduce and prevent gang crime as well.

This Program is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, as amended, Title I; 42 U.S.C. 50 *et seq.*; Crime Control Act of 1990, Public Law 101-647; Appropriations Act of 2001, Public Law 106-553; Appropriations Act of 2002, Public Law 107-77; and Appropriations Act of 2003, 2004, 2006.

The PSN is administered by the Bureau of Justice Assistance (BJA) through the United States Attorneys' Office in each of the 94 federal judicial districts across the United States. Beginning federal fiscal year (FFY) 2012/13, PSN funding became available on a competitive basis. Three of the four U.S. Attorney's Offices in California – Northern District; Central District; and Eastern District – submit their proposals through Cal OES as it continues to serve as the fiscal agent for this Program.

**VICTIM INFORMATION AND NOTIFICATION EVERYDAY PROGRAM**  
**Component: 40.20.101**

**PROGRAM OVERVIEW**

Pursuant to the Budget Act of 2012, a total of \$1,800,000 in Victim Witness Assistance (VWA) funds was allocated to the Victim Information and Notification Everyday (VINE) Program. The VWA Fund was established by Penal Code §13835 to deposit specified penalty assessments for the purpose of financing local assistance centers for victims and witnesses to crimes.

VINE is a free and anonymous telephone service that provides immediate, automated notification to victims of crime, and other concerned citizens, with up-to-date information on the change in custody status or case status of offenders incarcerated in California's correctional facilities. VINE works by communicating with jail and prison booking systems in near real-time by transmitting updated information to the Appriss Data Network, which manages the automated interfaces and monitors offender transactions. When a change in the custody status of an offender occurs, county jails and state prison facilities transmit information through Appriss, which then immediately notifies crime victims of the offender's status.

**Component: 40.20.451**

**PROGRAM OVERVIEW**

The Victim Notification (VT) Program's stated goal is to address the gaps in statewide victim services by providing assistance to victims during the investigation phase, trial phase, sentencing, appeals, and parole process.

The Attorney General's Victims Services Unit implements the VT Program. Staff provides crime victims with timely information about a defendant's appeal on capital and non-capital cases. Direct services are provided to victims and their families at all stages of the criminal prosecution. Staff networks with local law enforcement, California Department of Corrections and Rehabilitation (CDCR), District Attorney Offices, Victim/Witness Centers and non-governmental service providers. Together, this joint effort enhances a system of outreach for both present and former crime victims, while simultaneously providing them with relevant case information.

**VICTIM SERVICES INFORMATION PROGRAM**  
**Component: 40.20.451**

**PROGRAM OVERVIEW**

The Victim Services Information (VI) Program provides direct services to victims of newly committed offenders under the jurisdiction of the California Department of Corrections and Rehabilitation (CDCR).

Such services include the following: notifying victims of parole dates, parole hearings, escape and death of offenders and parolees under CDCR jurisdiction; assisting victims who request special conditions of parole; intervene on behalf of victims being threatened or harassed by offenders; assisting sexual assault victims in obtaining HIV results; providing referrals to local victim services and coordinating and implementing public awareness activities that describe, provide and refer victims to direct services; advising victims of their rights as victims and offering them opportunities to participate in each offender's parole board and release hearing; advising victims of their rights and options; and providing accompaniment of victims to juvenile offender hearings for the purpose of providing information and explanation of the process and emotional support.

Furthermore, the VI Program assists victims that are highly underserved, those that are elderly, disabled or have minimum financial means of support, and provides direct outreach for peace officers harmed on the job. It also provides travel funds for victims of lifer crimes or victims attending parole hearings.
