

BOB PLASCHKE – CEO

WHO WE ARE

SONIM TECHNOLOGIES

SAN MATEO, CA

500 STRONG

8+ YEARS OF RUGGED

OUR MISSION

**BUILD ULTRA-RUGGED
COMMUNICATION SOLUTIONS
FOR REAL LIFE HEROES**

UNDISPUTED RUGGED

"... officially the World's Toughest Phone, as confirmed by the Guinness World Records folks."

"Resistant, amazing, versatile ... meets all the expectations of people working on rugged sites."

"After 3 nights spent in the Mojave desert, the 4,800mAh battery still had plenty of life left to give."

"... for outdoor workers I doubt you'll find a more rugged Android phone than Sonim"

"Battery life is spectacular, verging on ridiculous ... longest results we've seen since doing this test."

"Think of it this way, if Chuck Norris were a phone, he would be a XP7"

"... it withstood all the elements and gave me peace of mind no matter the environment"

"Sonim makes phones that are difficult, if not impossible, to destroy by conventional means."
