All public meetings and events are required to be physically and programmatically accessible to people with disabilities. This checklist has been developed in order to assist you, the organizer, in ensuring that your meeting and/or event is accessible.

Section One of this checklist is designed to assess compliance with “programmatic” accessibility standards, to ensure that events will be accessible not only to persons with physical disabilities, but to people with sensory, cognitive, and other disabilities, as well.

Section Two of this checklist is designed to ensure that potential meeting sites and event locations comply with physical accessibility standards.

Individual Terms that are underlined are defined in the “Definitions” section of this document.

Note: Items listed first and in bold are minimum requirements. Please do not consider holding a public event without these in place. Items listed last and in italics are strongly recommended.

Seating:

1. If seating is provided, wheelchair and companion seating is in the required seating location and seating ratio.
2. Seating is available for deaf and hard of hearing people near the front of the space so that attendees may see the interpreter/captioner, or lip read.
3. Signs are provided indicating the accessible seating areas for both wheelchair users and deaf and hard of hearing participants.

Event Set-up:

1. If a stage or raised dais is provided, it is accessible by means of a ramp, wheelchair lift, or portable wheelchair lift.
2. If a dais is provided for the public, an accessible dais is also provided.
3. Fencing or other crowd control barriers are placed so as to provide an accessible route, and barricading complies with local ordinances and guidelines.

Appendix A

Accessible Public Event Policy: Definitions

Accessibility information – Meeting or Event Notice shall include information on how to request accommodations, including alternative formats or auxiliary aids and services, notice of wheelchair accessibility, and information on whom to contact to make accommodation requests. Please see "Sample Accessible Meeting Notice," and "Sample Accessible Event Notice" below.

Accessible dais – A fixed or mobile public speaking location that includes a table or podium that is no higher than 34" on which a microphone can be placed.

Accessible drinking fountains – Drinking fountain with the bubbler no higher than 36" with knee clearance underneath that is 27" high x 18" minimum deep.

Accessible exhibit materials – Alternatives that provide equivalent exhibit information for people with sensory disabilities in a manner appropriate to the program material. Examples include, but are not limited to:

1. Titles of work and narrative using large 14-point sans serif fonts on a high contrast background
2. Taped audio descriptions of photographs/artwork
3. Tactile replicas of art objects
4. Captioning of video or film presentations
5. Trained staff available to provide descriptions or tours

Accessible surface – Firm, stable and slip-resistant surfaces, such as concrete, asphalt, wood, carpet, etc. Grass, wood chips and sand are not accessible surfaces.

Accessible parking – Parking which is set aside for exclusive use by people with disabilities, located near the accessible entrance to the facility. **Note:** Temporary accessible spaces can be created using signs and cones, provided that dimensional requirements are met.

Accessible portable toilets and sinks – Toilets and sinks that meet state and federal requirements for accessibility. Acceptable toilet manufacturers include but are not limited to Satellite and L&L Manufacturing. If one unit is to be provided, it must be accessible. When multiple units are provided, a minimum of one-unit with 10% of the total units provided shall be accessible. Accessible toilets and sinks shall be disbursed among the various locations and located on a level area, along an accessible route with an accessible surface. At each location there should be at least one accessible toilet and sink available. **Note:** This information is provided for situations in which the general public will be using portable toilets. A portable, accessible toilet is NEVER equivalent access if the general public is using indoor toilets.

Accessible restrooms – Restrooms that are located on an accessible route and contain accessible features, including grab bars in bathroom stalls, wide bathroom stalls, etc.

Accessible route – A continuous unobstructed path connecting all accessible elements and spaces of a building or facility. Interior accessible routes may include corridors, floors, ramps, elevators, lifts, and clear floor space at fixtures. Exterior accessible routes may include parking access aisles, curb ramps, crosswalks at vehicular ways, walks, ramps, and lifts.

Accessible tables – A table providing knee space that is a minimum of 27” high, 30” wide and 19” deep knee space with the tabletop no higher than 34”.

Accessible Telephones – Telephones that are located on an accessible route, mounted at 48” from the floor to the coin slot and have volume controls.

Assistive Listening Device – A device that takes a signal from a microphone or public address system and sends it to a personal amplification system.

Captioned – Video or film program with subtitles reflecting the content of the spoken or descriptive material.

Directional Signage – Include the International Symbol of Accessibility (ISA) with the directional signage.

Hazards to blind or visually impaired participants – Pedestrian and participant areas shall be clear of objects (including plant branches and public art) which overhang less than 80” from the floor surface, or wall, and post mounted or freestanding objects that protrude 4” or more between 27” and 80” above the floor or ground.

Portable wheelchair lift – A lift that is not built into the structure but can be available for a specific event.

Seating location - Accessible seating must be situated so those individuals who cannot stand can view the meeting or event over seated or standing participants. Seating for persons who are deaf must be provided in a location near the stage/presentation area with direct view to the stage/presentation location of sign language interpreters.

Seating ratio – The number of accessible seats in relation to the number of seats provided as follows:

1 to 25 = 1 seat

26 to 50 = 2 seats

51 to 300 = 4 seats

301 to 500 = 6 seats

over 500 = 6 plus one additional space for each increase of 100

Wheelchair and companion seating – Seating for wheelchair users and adjacent seating for individuals accompanying wheelchair users.
