A note to our statewide training partners from CalOES during this difficult time. The safety, security, and well-being of students and staff is our number one priority at California Specialized Training Institute (CSTI). As the State continues to address concerns surrounding the Novel Coronavirus (COVID-19), we are closely following events and public health recommendations surrounding the outbreak and spread of COVID-19. In order to prevent the spread of illness and to follow the Governor’s orders and public health directives and recommendations, CSTI will continue to postpone (cancel) all CSTI team activities and classes for the initial period of March 16 through June 1, 2020.

State Training Officer: Kelly Rogers, 916-626-8117, Email: training@caloes.ca.gov

**SERTC Training Courses**

Security and Emergency Response Training Center, Pueblo, CO.  
Updated: March 23, 2020

The safety, security, and well-being of SERTC students and staff members is our number one priority.

In order to help mitigate the spread of the COVID-19 virus and in following guidance by the CDC regarding social distancing, Security and Emergency Response Training Center (SERTC) is suspending all residential and remote delivery courses scheduled the weeks of: March 23rd, March 30th, April 6th, and April 13th, 2020. SERTC will work to reschedule affected training as quickly as possible and provide additional information as it becomes available. SERTC will contact affected students about re-scheduling training. Please follow SERTC online at [www.SERTC.org](http://www.sertc.org) for additional information and updates.

**Online Course**

**Foam Application for Hazardous Materials Response:**  
This program presents information about firefighting foams and their use in responses to incidents involving hazardous materials, flammable liquid fires and spills.  

POC: Anita Ross  
Office 702-295-5690  
rossal@nv.doe.gov

To register select the desired course from the [schedule and click apply](https://cert.configio.com/pd/952). Note: Registration will close 2 business days prior to the scheduled start date.

**OBP Training Courses**

Virtual Instructor Led Training (VILT) [https://cdp.dhs.gov/obp](https://cdp.dhs.gov/obp)

- Virtual Instructor Led Training (VILT) courses provide general awareness level counter-improvised explosive device (C-IED) information to a broad audience through an on-line virtual training experience with a live instructor.
- To register select the desired course from the [schedule and click apply](https://cert.configio.com/pd/952). Note: Registration will close 2 business days prior to the scheduled start date.

**AWR-334 Introduction to the Terrorist Attack Cycle (IATC)**  
Introduces a model of the terrorist attack cycle that describes the nature of terrorist surveillance, target selection, planning and other activities that occur before and immediately after an attack. ([75 Min](http://www.dhs.gov/awr-334-introduction-terrorist-attack-cycle-itac))

**AWR-335 Response to Suspicious Behaviors and Items (RSBI)**  
Introduces the learner to the difference between normal and suspicious behaviors, physical characteristics that are not easily changeable and those that are, and the difference between unattended and suspicious items. Provides strategies and resources for responding to and reporting suspicious activities. ([75 Min](http://www.dhs.gov/awr-335-response-suspicious-behaviors-and-items-rsbi))

**AWR-336 Improvised Explosive Device Construction and Classification (IED-CC)**  
Provides foundational knowledge on the construction and classification of IEDs. ([75 Min](http://www.dhs.gov/awr-336-improvised-explosive-device-construction-classification-ied-cc))

**AWR-337 Improvised Explosive Device Explosive Effects Mitigation (IED-EEM)**  
Provide introductions to fundamentals of explosives effects. Details the difference between blast, thermal/incendiary, and fragmentation effects and describes the destructive consequences of each type of effect on a target. ([75 Min](http://www.dhs.gov/awr-337-improvised-explosive-device-explosive-effects-mitigation-ied-eem))

**AWR-338 Homemade Explosives Awareness and Precursor Awareness (HME-P)**  
Provides foundational knowledge on HMEs and common precursor materials used to build IEDs. ([75 Min](http://www.dhs.gov/awr-338-homemade-explosives-awareness-and-precursor-awareness-hme-p))

**AWR-340 Protective Measures Awareness (PMA)**  
Provides an overview of the risk management process, surveillance detection and the development of appropriate protective measures on facility characteristics. ([75 Min](http://www.dhs.gov/awr-340-protective-measures-awareness-pma))

**National Center for Biomedical Research and Training (NCBRT):** [NCBRT](http://www.ctos.org/courses/)

POC: Brad Parker  
Regional Training Manager  
225-578-7550  
brad.parker@ncbrt.lsu.edu

Please be advised that NCBRT has suspended mobile training throughout the end of April. I apologize for any inconvenience this may cause. If you would like to reschedule any training that was set to be delivered in your state, please let me know at your earliest convenience. We will continue to monitor training in May as this continues to play out.

**Online Course**

**AWR-304-W Shopping Center Security Terrorism Awareness Training Program:**

This course provides security training personnel with increased awareness of the various facets of terrorism and criminal activity that could occur at a retail facility. During this course participants will examine weapons that may be used in a terror attack and will be able to describe various attack tactics that may be used against a retail facility. Participants will also be able to assess potentially suspicious behavior and will be able to conduct surveillance at their facility. The course describes proper response to terrorist or criminal incidents. To register for online courses, visit [https://leamreg.ncbrt.lsu.edu/](https://leamreg.ncbrt.lsu.edu/). Already registered for a web-based course? Sign in now.

**Emergency Management Institute:** [EMI Course Schedule](https://cdp.dhs.gov/online_course)

Students applying for NETC training for the Emergency Management Institute (EMI) and the National Fire Academy (NFA) should submit applications for courses via the link below:

[NETC Online Application](https://cdp.dhs.gov/online_course)

**EMI Training Courses**

Please refer to the training providers website or contact the POC for status of all training.

FEMA continues to monitor the guidance of the Centers for Disease Control and Prevention. COVID-19 message can be found here: [https://training.fema.gov/info.aspx](https://training.fema.gov/info.aspx)

**Online Courses (Distant Learning)**

The Emergency Management Institute (EMI) offers self-paced courses designed for people who have emergency management responsibilities and the general public. All are offered free-of-charge to those who qualify for enrollment. To get a complete listing of courses, view the list of active courses.

**Center for Domestic Preparedness:** [https://cdp.dhs.gov/](https://cdp.dhs.gov/)

To apply for CDP online training: [https://cdp.dhs.gov/online_course](https://cdp.dhs.gov/online_course)

**CDP Training Courses**

Please refer to the training providers website or contact the POC for status of all training.

The Center for Domestic Preparedness (CDP) is committed to having an emergency response community prepared for and capable of responding to all-hazards events. FEMA/CDP continues to monitor the guidance of the Centers for Disease Control and Prevention. COVID-19 message can be found here: [https://training.fema.gov/info.aspx](https://training.fema.gov/info.aspx)

**Online Courses**

- **AWR-341 W IED Awareness and Security Procedures:** The Improvised Explosive Device (IED) Awareness and Security Procedures course is designed to provide foundational knowledge about IEDs and proper safety precautions and procedures for reacting and responding to unattended and suspicious items.
- **AWR-346 HME and Precursor Awareness for Public Safety:** The Homemade Explosives (HME) and Precursor Awareness course provides participants with a foundational understanding of HME and common precursor materials. Participants will define HME, explore the considerations involved in a decision by perpetrators to use HME as the explosive for an attack, and will learn to identify common precursor chemicals and materials used to make HME.
- **AWR-358 DL Hazardous Materials Awareness Distance Learning:** The course provides training to proficiency in identifying hazardous, utilizing the U.S. Department of Transportation’s [Emergency Response Guidebook](https://www.dot.gov/地震) to identify hazardous materials risks and protective actions, utilizing hazard communication documents to identify hazardous materials risks protective actions, and determining awareness-level personal and public protective actions.
- **AWR-359-DL-R Hazardous Materials Awareness Refresher:** The course provides training to proficiency in identifying hazardous, utilizing the U.S. Department of Transportation’s [Emergency Response Guidebook](https://www.dot.gov/地震) to identify hazardous materials risks and protective actions, utilizing hazard communication documents to identify hazardous materials risks protective actions, and determining awareness-level personal and public protective actions.
- **AWR-903 Bomb Threat Preparedness and Response:** The Bomb Threat Preparedness and Response course is an online independent study training. It uses interactive exercises and case histories of what actually happened during bombing incidents to familiarize participants with the steps necessary to prepare for and respond to a bomb threat.
- **AWR-921 Bomb-Making Materials Awareness Employee Training:** The Bomb-Making Materials Awareness Employee Training course is an online independent study training. It teaches participants how to recognize suspicious purchasing behaviors in a retail setting that might indicate Bomb-Making activity and what to do when a suspicious incident occurs.
- **AWR-922 W Environmental Health Training in Emergency Response Awareness Course:** course provides students with an introduction to the special circumstances environmental health responders may face and tasks they may perform during emergency preparedness for, response to, and recovery from disasters.

**Rural Domestic Preparedness Consortium ** **RDPC**

**POC:** Michael Crowhurst

Online Courses

Online courses from the RDPC are a perfect fit for those struggling to work training into their busy schedule. All online training is self-paced and offered at no cost. Browse our catalog of online course below and enroll today.

To begin, login to the RDPC Online Training Center using your FEMA Student ID.

AWR-157-W Terrorism and WMD Awareness in the Workplace 2019:
This 30-minute, Web-based "Terrorism 101" course prepares learners to successfully recognize, report, and react to potential terrorist incidents. In the first two lessons, learners develop a broad understanding of terrorism, including a definition of terrorism as well as examples of terrorist groups and targets.

MGT-433-W Isolation and Quarantine for Rural Communities:
provide individuals with the general knowledge necessary to begin planning for situations requiring the isolation and/or quarantine (I&Q) of a large portion of local, rural populations. This self-paced, web-based course will educate learners on I&Q in a modern context, discuss legal and ethical issues associated with I&Q, and present preparedness, planning, response, and support considerations. In addition, Isolation and Quarantine for Rural Communities will address communication strategies as well as I&Q resources.

AWR-326-WBT All Hazards Preparedness for Animals in Disasters:
This is the web-based portion of AWR-328 All Hazards Preparedness for Animals in Disasters, to be completed prior to attending the instructor-led delivery.

MGT-335-W Event Security Planning for Public Safety Professionals:
This self-paced, Web-based course is designed to provide planning and management-level skills to officers from state and local law enforcement agencies. Participants will be provided with the essential skills and knowledge to understand the importance of and the need for planning and managing security for special events, and to identify guiding principles for special-events security.

AWR-209-W Dealing with the Media: A Short Course for Rural First Responders:
Adapted from FEMA’s IG-290 curriculum, this 6-hour course provides rural first responders with skills needed to communicate with the public through the media. Examines roles of the media and the rural first responder/public information officer. Participants learn how to give print/electronic media interviews, write news releases, provide information at the scene, and how they fit into the joint information system.

AWR-148-W Crisis Management for School-Based Incidents: Partnering Rural Law Enforcement, First Responders, and Local School Systems:
This self-paced, Web-based course will educate rural law enforcement personnel as well as school administrators, teachers and staff to effectively respond to an emergency in a K-12 environment. The training will provide representatives of rural law enforcement departments and school systems with a foundation of knowledge and skills that will enable them to progressively establish a school-based emergency response plan and crisis management team through information-sharing and training.

**STAS:** Prevention through detection and deterrence is the cornerstone of California’s Homeland Security strategy. Prevention has at its core cooperation; sharing between agencies and across the full range of public safety disciplines.

Our state prevention strategy (State Threat Assessment System-STAS) has four Regional Threat Assessment Centers (RTACs) collocated with the four FBI Field offices in California, minimizing reporting conflicts, providing statewide coverage and facilitating coordination with our Federal partners.

The RTACs maintain a regional threat assessment focus for their area of responsibility and directly connect to each other and the State Terrorism Assessment Center in Sacramento to collaborate on strategic products and situational awareness.

---

Reasonable accommodations for people with disabilities are available upon request. Please make your request as early as possible, as last-minute requests will be accepted, but may be impossible to fill. For all requests, contact the POC for the particular course offering.
