

Hazardous Materials Specialist Module G

Hazardous Materials Specialist Module G (HMSG): “G” week consists of various scenarios that are conducted to challenge the students from both an ICS management position, and a hands-on offensive control / decontamination team position. All the Students training from A-D weeks and “F” week will be challenged from a classroom setting to field “hands” on scenarios.

Specialist Modules F-G: This course consists of two one-week modules that provides the highest level of training competency available for Hazardous Materials Team members.

Participants have the opportunity to train at Cal OES/CSTI’s Hazardous Materials Field Exercise Facility, containing extensive props, or the off-site mobile training trailer. Training includes advanced chemical identification, repair techniques for cargo tanks and railcars, and extensive scenarios to hone the participant’s response skills.

Pre-requisite: Hazardous Materials Technician Level (Modules A-D)

The Specialist series meets OSHA requirements under Title 29 Code of Federal Regulations (CFR) 1910.120(q) and the California Code of Regulations Title 8, Section 5192(q).

Course Length: 40 hours (Each level)

Course Code: HMSG

CA-Approval: CA-014-RESP

About CSTI

CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in a wide variety of public safety areas including but not limited to; emergency management, homeland security, hazardous materials, disaster recovery and crisis communications.
