

## Hazardous Materials Technician Module B

**Hazardous Materials Technician Module B (HMTB):** The Week amplifies the basic chemistry week with introduction to Monitoring/measuring devices, Technical-Referencing, Wet Chemistry, and Toxicology. This class, didactic, and hands-on week serves to instruct participants in the nuances of behind-the-front-line operations at a Hazardous Materials event.

**Technician Level: Modules A-D** - This course is a 160 hour program (given over nonconsecutive training weeks) is designed to provide the requisite knowledge, fundamentals of chemistry and monitoring and manipulative training to prepare trainees for duty on a Hazardous Materials Response Team.

Open to fire service, law enforcement, health, environmental and specific private industry personnel, this course includes class, didactic and hands-on training in real-world scenarios-based experience.

**Pre-requisite:** First Responder Operations (FRO)

**Course Length:** 40 hours

**Course Code:** HMTB

**CA-Approval:** CA-013-RESP

## About CSTI

CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in a wide variety of public safety areas including but not limited to; emergency management, homeland security, hazardous materials, disaster recovery and crisis communications.
