

Hazardous Materials Technician Module D

Hazardous Materials Technician Module D (HMTD): The Week concludes the Technician series with classroom topics including Terrorism, Damage Assessment, Legal framework and regulations, and offensive control of HazMat incidents.

Well over half the week's training expands on C-Week practical applications, and there are two separate, full, functional exercises during this week's training. Participants are challenged from both an ICS management position, and a hands-on offensive control / decontamination team position.

Technician Level - Modules A-D: This course is a 160 hour program (given over nonconsecutive training weeks) is designed to provide the requisite knowledge, fundamentals of chemistry and monitoring and manipulative training to prepare trainees for duty on a Hazardous Materials Response Team.

Open to fire service, law enforcement, health, environmental and specific private industry personnel, this course includes class, didactic and hands-on training in real-world scenarios-based experience.

Pre-requisite: First Responder Operations (FRO)

Course Length: 40 hours

Course Code: HMTD

CA-Approval: CA-013-RESP

About CSTI

CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in a wide variety of public safety areas including but not limited to; emergency management, homeland security, hazardous materials, disaster recovery and crisis communications.
