

Hospital First Receiver: Awareness, Operations and Decon

Hospital First Receiver: Awareness, Operations and Decon (HOSFR): This course covers the first receiver operations requirements for hospital personnel who receive patients at a medical facility and respond in a defensive fashion. This course will cover both internal and external incidents. Hospitals may receive patients from hazardous materials and CBRNE events that have not been decontaminated because they left the scene prior to the arrival of emergency responders. This course will cover both directed self-decontamination as well as hospital decontamination teams.

Course Length: 16 hours
Course Code: HOSFR
CA Approval: CA-018-RESP

About CSTI

CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in a wide variety of public safety areas including but not limited to; emergency management, homeland security, hazardous materials, disaster recovery and crisis communications.
