

## Steps to Become Certified to Teach CSTI Hazmat Courses

### Application Form:

Submit a CSTI Enrollment Application Form for either the 4-day CSTI Instructor Certification Course or the 2-day Instructor Certification for Trainers Course. The Instructor Certification for Trainers Course is designed for experienced instructors. To attend this class you must have had some prior instructor training such as Fire Training Instructor 1A/1B or POST Instructor Development. If you have any questions about this requirement please contact us (see below for contact information).

### Resume:

Submit a resume with the enrollment application. The resume should show work experience, hazardous materials experience, training background and education related to the class you wish to teach. Some courses have additional requirements for work experience. Please see the attached information sheet for details. (You may use the generic form attached if you don't have a resume.)

### CSTI Course Certificate:

Successfully complete the CSTI Hazmat course(s) you wish to teach and submit a copy of the applicable CSTI certificate with your enrollment application.

### Course Completion:

Successfully complete a 4-day CSTI Instructor Certification Course or 2-day Instructor Certification for Trainers Course.

### Contact Information:

If you have any questions please call Vance Bennett at 805-549-3010 ([vance.bennett@calema.ca.gov](mailto:vance.bennett@calema.ca.gov)) call Susan Kocher at 805-549-3534 ([susan.Kocher@calema.ca.gov](mailto:susan.Kocher@calema.ca.gov)).
