

Recovery from Disasters: The Local Community Role

Recovery from Disasters: The Local Community Role (G205): The revised course introduces disaster recovery principles and includes current recovery practices and policies. Case studies and activities are included in the course to support participant learning. A variety of resources for recovery planning are taught, using the Recovery Pre-Disaster Planning Guide for Local Governments (RPPG-L) that contains links to model plans, templates, tools, lessons learned, best practices, and a range of supplemental reference materials and related pre-disaster planning and disaster recovery resources.

The core curriculum includes:

- Lessons learned
- Case study activities, discussion and exercises
- Recovery Planning

Course Length: 24 hours

Course Code: G205

About CSTI

CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in a wide variety of public safety areas including but not limited to; emergency management, homeland security, hazardous materials, disaster recovery and crisis communications.
