Terrorism Intelligence Analysis (TIA): This course is designed for both collectors and consumers of intelligence, as well as newly assigned terrorism intelligence analysts and terrorism liaison officers (TLO). While the course provides the basics of criminal intelligence analysis methodology, the information is presented within the framework of intelligence as it relates to terrorist activity.

Topics include:

- The Intelligence Process
- Information Collection and Sourcing
- Information Analysis and Developing Intelligence Products
- Intelligence Failures and Pitfalls
- Creative and Critical Thinking
- Intelligence Legal and Ethical Issues
- Case Study: The Anatomy of a Hostile Surveillance
- Applicable Intelligence Case Studies

Course Length: 24 hours
Course Code: TIA
DHS Certification Number: CA-018-PREV
