| Sam did an outstanding job as a STEN(t). Prior to arriving at rendezvous, Sam had already done some preparation, putting together a packet of information (weather forecasts, maps, and information about the history of the fire thus far). He has a good command presence and worked well with strike team personnel. His safety briefings were pertinent to the conditions and covered all of the important information. Sam's coordination with neighboring strike teams during firing operations was excellent and key to the safety/success of the operation. Sam is ready to be qualified as a strike team leader. |  |   |  |  |   |                          |   |                              |   |                 |   |                     |   |   |   |
