This emergency rulemaking action by the Governor's Office of Emergency Services proposes to adopt regulations to implement the Regional Railroad Accident Preparedness and Immediate Response legislation in Government Code sections 8574.30 through 8574.48, as enacted by Statutes 2015, Chapter 25, Section 6 (SB 84).

OAL approves this emergency regulatory action pursuant to sections 11346.1 and 11349.6 of the Government Code.

This emergency regulatory action is effective on 6/20/2016. Sections 2700, 2701, 2702, 2703, 2704, 2705, 2706, 2707 and 2709 will expire on 12/20/2016. The Certificate of Compliance for these sections is due no later than 12/19/2016. Pursuant to Government Code section 8574.44, subdivision (c), sections 2705, 2708 and 2710 shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the director of the Office of Emergency Services.

Date: June 20, 2016

Mark Ghilarducci, Director
Attachment to Form 400

Adopt sections 2700, 2701, 2702, 2703, 2704, 2706, 2707, and, 2709.

Pursuant to Government Code section 8574.44, adopt section 2705, 2708, and, 2710.
California Code of Regulations
Title 19. Public Safety
Division 2. California Emergency Management Agency Governor’s Office of Emergency Services
Chapter 4.1., Article 1 Regional Railroad Accident Preparedness and Accident Response Fund

§ 2700. Definitions.
Any term not defined in this section shall be deemed to have the same meaning as set forth in Government Code section 8574.30. For the purpose of this chapter:

(a) “Calendar year” means the period of time from January 1 to December 31.

(b) “Consignee” as used in Government Code section 8574.30 (f) means the person named in a bill or in transportation documents to whom or to whose order the bill promises delivery.
(c) “Consignor” as used in Government Code section 8574.30 (f) means the person who delivers a consignee's hazardous material commodity to a railroad for transporting it to a consignee named in the transportation documents.

(d) “Intermodal cargo containers” means containers used to transport freight during a continuous movement whereby two or more modes of transportation are used, for example, railroad, vehicle, or vessel.

(e) “Payor of freight” means the person responsible for paying the cost of transporting the hazardous material commodities by rail car.

(f) “Residue” means the hazardous material remaining in a packaging, including a tank car, after its contents have been unloaded to the maximum extent practicable and before the packaging is either refilled or cleaned of hazardous material and purged to remove any hazardous vapors.

(g) “Right to use” as used in Government Code section 8574.30 (f) means the authority to take, hold, or deploy the hazardous material commodity.

(h) “Route” is the path on which the train or rail car operates.

(i) “Short line” means an intrastate railroad and is considered a railroad as defined in Government Code section 8574.30(h).

(j) “Shipper” as used in Government Code section 8574.30 (f) means the person who contracts with or is the payor of freight with respect to a railroad for the transportation of a hazardous material commodity.

(k) “Ultimate control over” as used in Government Code section 8574.30 (f) means the person who has the authority to ship or retrieve the hazardous material commodity that is subject to the fee.
(a) The railroad, which includes short line or regional railroads, must collect a fee on any portion of the rail car excluding residue that contains any of the identified hazardous material commodities, set forth in subsection (b) of this section, regardless of the corresponding United Nations four-digit identification number (UN Number). The person registered with the board pursuant to Government Code section 8574.34 must impose the fee set forth in section 2704(b) of this Chapter, on the owner of any of the hazardous material(s) listed in subsection (b) of this section.

(b) Hazardous Material Commodity

§ 2702. Intermodal Cargo Containers.
The railroad must impose the fee, set forth in section 2704(b) of this Chapter, for intermodal cargo containers to the extent the freight containing the hazardous material commodity has not otherwise already been assessed pursuant to this Chapter.

§ 2703. Immediate Reporting of a Release or a Threatened Release Route.
As used in Government Code section 8574.32, “transported by rail in California” includes any form of non-highway ground transportation on any route that runs on rails or electro-magnetic guideways without regard to where the rail car enters California, where the rail car is loaded, or the rail car’s final destination.

§ 2704. Fee Schedule.

(a) The office will provide the board with a list of railroads that should receive a notice, consistent with the board’s practices and the Fee Collection Procedures Law, to register pursuant to Government Code section 8574.34. The fee is to be imposed upon receipt of the notice but no later than six months after the effective date of the regulations set forth in this Chapter.

(b) The person registered with the board pursuant to Government Code section 8574.34 must remit, on behalf of the owner, a fee of $45.00 to the board per loaded rail car containing any quantity of the hazardous material commodities set forth in section 2701 (b) which is transported by rail in California.

(c) Once the fund reaches the maximum limit set forth in Government Code section 8574.44(g), the fee will be reduced to $0.00 for the remainder of that calendar year beginning on the first day of the next calendar quarter. The fee will revert back to the amount set forth in subdivision (a) of this section on January 1 of each calendar year. Any fee change will be on the beginning of a quarterly period.

(d) Residue in a railcar is not assessed a fee.

§ 2705. Written Reporting of Emergency Releases Cap and Refund for Fees Collected in Excess of Cap.

(a) The office authorizes the board to refund persons registered with the board any fees collected in excess of the collection caps in Government Code sections 8574.44 (g)(1)-(g)(3) on a last in first out basis.

(b) The office will notify the persons registered with the board when the collection caps set forth in Government Code sections 8574.44 (g)(1)-(g)(3) are reached.
NOTE: Authority cited: Section 8574.32 (a)(1) and 8574.44(c), Government Code and Sections 25503, 25503.1 and 25507.1, Health and Safety Code. Reference: Section 8574 Sections 8574.44(g)(1)-(3), and 8574.44 (h) Government Code.; and Sections 25503(b)(4), 25503.1, 25507.1, 25518 and 25520, Health and Safety Code.

§ 2706. Administrative Cost Reimbursement.
The fee collected pursuant to Government Code section 8574.32(b)(4)(B) to offset the administrative cost, if any, is in addition to the fee collected under section 2704 of this Chapter. No portion of the fee imposed pursuant to Government Code section 8574.32 is to be retained or withheld.

§ 2707. Exemptions.
(a) An owner may submit a written petition to the director for an exemption from the fee on the basis set forth in Government Code section 8574.32 subsection (c) for materials that do not merit inclusion in the state Regional Railroad Accident Preparedness and Immediate Response Plan developed pursuant to Section 8574.48 and those shipments of hazardous materials that do not merit additional governmental preparation to respond to their release in the event of a railroad incident. The director, in his or her sole discretion, may approve or deny the petition for exemption on a case by case basis.

(b) The director may request information, documents, or specific evidence from the owner relating to the petition. Should the director make a request for information, the owner must provide requested information within thirty (30) calendar days of the request. Any failure to provide the requested documentation will be deemed a waiver of the owner’s claim for exemption.
(c) The director may delegate the authority to grant or deny the petition to any individual within the office as he or she deems appropriate.

(d) The office will notify both the owner and the board if the director approves the petition. If the director denies the petition, the office will notify only the owner.

§ 2708. In-Kind Contributions.

(a) In order to request the refund for an in-kind contribution made during the preceding calendar year, an owner must submit a written request to the director between March 1 and March 31 inclusive of each calendar year. This request must include documentation relating to the full payment of the fee, the railroad operator's account number, a detailed description and suggested monetary value of the in-kind contribution it provided, and a statement signed under penalty of perjury by the railroad operator that the fee was paid to the board and that the railroad operator will not request a refund of the fees for which the owner is seeking reimbursement.

(b) Types of in-kind contributions that may be considered include, without limitation, rail cars retrofitted for hazardous material training, incident management software, and response training directly related to hazardous material commodities transported in and through California. The director, in his or her sole discretion, may approve or deny the request for an in-kind contribution, or any portion thereof.

(c) Should an in-kind contribution be approved, the director will notify the owner and board of the amount to be refunded. Should an in-kind contribution be denied, the director will notify only the owner.

(d) Should an in-kind contribution be approved, the monetary value will be included in the amount the director has the authority to collect. The monetary value is assessed at the lower of cost or the fair market value.
NOTE: Authority cited: Sections 8574.32 (a)(1) and 8574.44(c), Government Code. Reference: Sections 8574.32(f) and 8574.44(g)(1)-(3), Government Code.

§ 2709. Appeal of Determination.

(a) Any petition or claim for refund made pursuant to section 8574.40 of the Government Code based upon whether the rail car content is or is not a hazardous material commodities should be made to the director and mailed to office headquarters.

(b) The envelope mailed to the director containing the petition or claim must be labeled "Hazardous Material Petition" or "Hazardous Material Claim." The petition or claim must include at minimum: (1) contact information for person registered with the board; (2) hazardous material commodity disputed; (3) route; (4) date fee was imposed or invoiced by the railroad; (5) identification of the owner of the material in dispute; (6) any information, evidence, or documentation regarding the disputed hazardous material commodity; and, (7) statement of reasons why the petition or claim should be granted.

(c) Any petition or claim must be made within thirty (30) calendar days of the date the fee was imposed or invoiced, whichever occurs first, pursuant to Government Code section 8574.32.

(d) The director may request information, documents, or specific evidence from the person who submitted the claim or petition. Should the director make a request for information, the person must provide requested information within thirty (30) calendar days of the request.

(e) The director may delegate the determination of the claim or petition to any of his or her executive staff.

(f) The office will provide a written determination of the petition or claim. If the petition is granted, the office will notify both the board and the owner. If the petition is denied, the office will notify only the owner.
§ 2710. Training Cost Reimbursement.

Local governments or a statewide joint apprenticeship program governed by Division 3, Chapter 4 of the California Labor Code that delivers approved training for paid occupations in the California fire service may seek reimbursement for training in connection with Regional Railroad Accident Preparedness and Immediate Response. Reimbursable expenses may include: tuition for training; lodging in accordance with the written travel policy of the local government, but not to exceed the state government rate; reasonable and necessary costs to travel to and from the training site in accordance with the written travel policy of the local government, not to exceed the state government rate; meals and incidental expenses up to the limits set in the written travel policy for the local government, not to exceed the maximum allowed by the state government reimbursement policy; and overtime or backfill labor costs incurred for hours in which another responder directly provided backfill to cover while a participating responder attended required training. Other training expenses may be reimbursable at the director’s discretion. Local governments or a joint apprenticeship program described above seeking reimbursement must provide all documentation, including evidence of training course(s) developed or delivered or completed and passed, related to and in support of the requested reimbursement.
