## **EXECUTIVE SUMMARY**

### **INTRODUCTION**

The California Governor's Office of Emergency Services (Cal OES), Office of Grants Management, Victim Services (VS) Branch presents the annual fiscal and programmatic status report to the Joint Legislative Budget Committee for fiscal year (FY) 2018-19. The requirement for this report was lifted in the 2012 Budget Act. However, Cal OES continues to produce this report for the benefit of stakeholders, Subrecipients, and the Legislature.

The VS Branch administers programs that respond to victims' needs or promote an effective criminal justice system response to victims. The following pages provide a snapshot of the activities, funding, and statistical data related to the over 80 victim services and criminal justice grant programs administered by Cal OES's VS Branch. Data are displayed for the prior and current FYs, as well as what is projected for FY 2020-21.

### **ABSTRACT**

This report lists each of the VS Branch's programs, Grant Subawards, fund sources, funded amounts, budget program/components, and the resulting statistics gathered throughout each of the reportable years for each of the listed grants. All data is shown as of the time of the writing of this report, and may not reflect the final outcomes of the programs or projects.

At Cal OES, we continuously strive to increase access to victim services, diversify said services, and to reach traditionally underserved victim populations. During FY 2018-19, Cal OES worked closely with the California Victim Compensation Board to develop a strategic plan that reflects a shared commitment to raising awareness and improving delivery of victims' services across the State of California. Over the next three years, our two agencies will continue to collaborate with one another and with our stakeholders as we implement the plan.

Program Highlights are included to showcase some of the outstanding efforts of state, local, and community-based victim services and criminal justice organizations that Cal OES's VS Branch funds. The funding allows for prevention, intervention, and enforcement components that work toward achieving a safer California. The need for these services is on-going – without continued state and federal grant funding, many of these exemplary projects would cease to exist.

## **TABLE A. DETAIL ALLOCATIONS BY BUDGET PROGRAM/COMPONENT**

This table displays the listing of all programs by budget program/component, fund source, and program name for three years.

### **PROGRAM HIGHLIGHTS**

#### **VICTIM WITNESS & PROSECUTION UNIT: VICTIM WITNESS (VW) PROGRAM**

In FY 2018-19, each of the 58 projects funded under the VW Program was offered additional funding to hire a Mass Victimization Advocate (MVA) and develop a mass victimization plan. As part of the plan, these projects must secure Memorandums of Understanding (MOUs) with county, state, and federal partners and surrounding counties. A total of 46 counties accepted these funds, and Santa Clara was one of them.

The timing could not have been better. Unfortunately, this past summer, an individual started shooting into the crowd near the Children's Area of the Gilroy Garlic Festival, killing three and injuring a dozen. This festival is an annual tradition in the Gilroy community and is largely attended by families; two of the deceased victims were school-aged children.

That evening, advocates, including a newly-funded MVA, responded to serve victims immediately at the Family Reunification Center, and then the next day at the Family Assistance Center (FAC).

Over 11 days and two locations, the FAC served nearly 750 victims, and filed over 500 victim compensation applications. Santa Clara VW Program partners included the FBI, prosecutors, American Red Cross, local community-based organizations, and the county behavioral health department. MVAs from San Mateo, Alameda, and Monterey counties also assisted. Victims were provided with general service navigation, counseling sessions, child care, property return, emergency assistance, and all state-mandated Victim/Witness Center services.

This response was timely, well organized, and necessary to begin the healing process of the thousands of victims impacted by the shooting. This funding allows for the required planning of a mass victimization event, so time is not lost when one occurs.

## **LAW ENFORCEMENT & COUNTY VICTIM SERVICES UNIT: POSTCONVICTION DNA TESTING ASSISTANCE (CK) PROGRAM**

The CK Program provides postconviction DNA testing in cases of violent felony offenses in which actual innocence might be demonstrated. One such case involved Jack Sagin. In July 1986, Sagin was charged and convicted of the stabbing murder of a Monterey woman, Paula Durocher, and sentenced to life in prison without parole. DNA testing did not exist at the time. The then 39-year-old was a drug user, had a criminal record, and admitted to burglarizing several Monterey homes around the same time as the murder.

Sagin maintained his innocence while incarcerated and wrote letters to the Attorney General, his congressmen, and various others. He was one of the first cases the Northern California Innocence Project took on in 2002. They fought to get DNA evidence from the original crime scene re-tested. DNA from five different men was found inside the woman's apartment, including under her fingernails and on a blood-stained towel. None of the samples matched Sagin.

In August 2019, the Sixth District Court of Appeals overturned Sagin's conviction, and he was released from Donovan State Prison just four days before his 74<sup>th</sup> birthday. The Northern California Innocence Project believes the real killer is still at large. They are hopeful that Monterey County law enforcement will re-open an investigation of this cold case.

## **UNDERSERVED VICTIMS UNIT: ELDER ABUSE (XE) PROGRAM**

The XE Program enhances the safety of elder and dependent adult victims of crime by providing direct services to victims and bridging the gap between elder justice service providers and victim service providers. One such case involved "John," a 30-year-old mute, dependent, adult male. John was found in a coma in a local river bottom and was hospitalized. When John came out of his coma, he was unable to identify himself.

Law enforcement and the local hospital referred his case to an XE project for assistance. The project worked with its partner agencies' networks, and coordinated his placement and safety pending the discovery of his identity.

Adult Protective Services, one of the XE project's partners, was able to provide emergency funds to temporarily house John pending his identification, and then connected him with financial benefits. A Public Guardian partner worked with the Probate Court to secure temporary conservatorship of John. Law enforcement partners obtained DNA samples and worked with a renowned DNA detective to search ancestry records that ultimately led to John's identity, six months after he was initially found. During this entire time, John had not been

reported missing as his perpetrators were utilizing his social security benefits in his absence.

Circumstances surrounding the plight of these victims are great examples of the necessity to coordinate services among many agencies at once. The amount of human effort and time that these cases require demonstrate why traditional systems are not necessarily equipped to address the complex needs of such investigations. Coordinated approaches result in stronger, and often times, better outcomes.

### **DOMESTIC VIOLENCE UNIT: DOMESTIC VIOLENCE HOUSING FIRST (XD) PROGRAM**

The XD Program is modeled after the Washington State Domestic Violence Housing First Program, which is an evidence-based form of rapid rehousing customized to move and rehouse domestic violence victims, who are homeless, into permanent housing quickly and provide tailored supportive services to those domestic violence victims. Evidence shows that once victims are in stable housing, the issues that may have contributed to homelessness can best be addressed, thereby eliminating housing as a reason to stay in an abusive relationship. The below success stories were provided by two XD Program projects:

“Bob” was recently homeless and had lost custody of his children, after leaving an abusive relationship. He sought help from an XD project in Northern California. The XD project provided customized supportive services to Bob that helped him secure a stable, paying job. They also helped Bob establish his rental history and found him housing. Bob is currently focused on reunifying with his children.

“Ann,” a single mother with two daughters, had recently fled a violent, abusive relationship. For several months, they moved from campsite to campsite; her daughters were not attending school due to their nomadic lifestyle. Ann sought the help of an XD project in Northern California and they immediately worked to place them in an apartment. Once settled, the XD project utilized its community partners to provide eyeglasses for one daughter and medical treatment for the other. The daughters were then registered for school and provided school supplies to help them be successful. Now that their basic needs have been met, all are healthy and thriving and violence-free, Ann is currently seeking job opportunities.

## **CHILDREN'S UNIT: CHILD ABUSE TREATMENT (AT) PROGRAM**

The AT Program provides comprehensive psychotherapy services for children victimized by abuse and/or neglect, specifically, children who are victims of physical abuse, sexual abuse, sexual exploitation, and/or emotional abuse; neglect and/or witness to violence in the home; parental chemical substance abuse; child abduction by a family member or non-family member; crime and/or bullying.

Therapists funded through the AT Program provide therapy, advocacy, and the coordination of family and community support – all of which are integral to ensuring positive outcomes for these children. Below are two case studies from AT Program-funded therapists that illustrate the impact of this Program:

“I worked with a 17 year-old female client with PTSD who had been robbed at gunpoint at her after-school job. We met weekly, gently targeting her most distressing symptoms (hyper-arousal, generalized anxiety, flashbacks, and nightmares). A consistent A-student prior to the incident, she missed a great deal of school after the robbery, and when she was able to attend, her ability to focus on schoolwork was severely impacted. She struggled socially (which had not been an issue before) and was experiencing sleep deprivation due to the nightmares and anxiety. We began meeting a few weeks after the incident. After meeting regularly throughout the remainder of her senior year, she was able to get her grades back up, catch up on missed work, and graduated in the top quarter of her class. She now attends Junior College where she is earning credits toward a nursing degree.”

“He was referred to us because he was a victim of a home invasion and also witnessed domestic violence between his mother and father. His grades were suffering and he was having pretty serious behavioral issues at school, resulting in suspensions – he was on track for expulsion. Through our work he has developed the skills to self-regulate, take breaks, and we have seen a marked increase in his attendance and in his school performance. He sets goals, asks teachers for help, wants to continue to improve his grades and is even making plans to go to college. He reports an overall increase in his level of happiness both at school and at home, and it reflects in his peer interactions and in his teachers' impressions of him.”

## **HOUSING UNIT: TRANSITIONAL HOUSING (XH) PROGRAM**

The newly created Housing Unit within the VS Branch is tasked with overseeing some of our largest programs related to housing victims of crime. The XH Program supports transitional housing, short-term housing assistance, and supportive services, including follow-up services that move victims of crime into

permanent housing. Successful transitional housing programs provide a range of optional supportive services and let victims choose the course that best fits their needs. One of the XH Program projects shared the below success story:

“Sue” had three children with an abusive husband and both she and her husband struggled with drug addiction. After several attempts to get clean, she began using again. She was living in a motel with an abusive drug addict and Child Protective Services (CPS) had just taken her children from her.

The XH project helped Sue obtain a restraining order and immediately found space for her in their safehouse. She became sober and in time, CPS returned her children. After her short term stay in the safehouse, Sue was one of the first clients this XH project housed in a transitional living space. She was assigned an advocate and started a new job. She was then wait-listed for a permanent housing program that advertised a rent that she could afford.

Through the XH Program, this project set up a storage unit and filled it with donated furniture and household items for Sue and her children. After living for approximately seven months in the transitional living space, Sue was selected for the permanent housing program. Moving day arrived, and when Sue saw the inside of her new home, she immediately burst into tears.

It has been a year since Sue moved into her new home and she and the children are doing well. The XH project provided transitional housing and the supportive services that Sue needed to help her move on with her life.

### **HUMAN TRAFFICKING & LEGAL ASSISTANCE UNIT: VICTIM LEGAL ASSISTANCE (KL) PROGRAM**

The KL Program was expanded in FY 2018-19 to include mobile legal services or tele-law services meant to increase the availability and accessibility of legal assistance services to victims living in rural or otherwise marginalized communities – such as areas with few public transportation options, or areas with elderly and disabled victims.

Two of the KL Program projects have successfully implemented mobile legal clinics with their funding. The first project, located in Northern California, uses a fully staffed mobile legal clinic to serve eight counties. Their team of attorneys and caseworkers go into the community and meet victims where they feel the safest. They focus on holistic civil and criminal legal services by first establishing trust and operating from a trauma-informed perspective. Meeting with victims and providing warm handoffs to partnering agencies also broadens their ability to support victims of crime, in addition to support groups, legal clinics,

employment support, and career development tailored to the needs of victims of human trafficking.

The other project, located in the Bay Area, has collaborated with a local partner to broaden their scope and ability to reach victims faster. They developed a mobile unit where the caseworkers and community referral specialist meet the victim during the initial intake appointment with the attorney, so referring out is no longer needed. They have also established a telecommunications room so that victims are able to schedule and meet with attorneys face to face via computer. The Pro Bono attorney is able to broaden his impact area and hold more appointments without having to travel.

### **SEXUAL ASSAULT UNIT: RAPE CRISIS (RC) PROGRAM**

For more than 30 years, the VS Branch has administered the RC Program, which is meant to reduce the level of trauma experienced by sexual assault survivors through the provision of comprehensive and supportive services, to improve coordination of multi-disciplinary response systems, and to expand public awareness concerning sexual assault and its impact. The below story of “Jane” illustrates the importance of the RC Program:

Jane was born into a family experiencing domestic violence, Jane’s mother was both physically and emotionally abused. After five years of abuse, Jane’s mother left her father to create a better life for herself and Jane. While her mother worked long days, Jane was left to be cared for by a family friend. This family friend had been in their lives longer than Jane had been alive. Unfortunately, Jane was sexually assaulted at the age of 12 by this family friend. He continued to sexually assault Jane until she was 16 years old. Jane was scared of telling her mother, but angry that her mother could not see the signs of her abuse.

Jane kept this secret until she was 26 years old, and finally sought help from a Northern California RC Program project. She met with an advocate and began the healing process. After two years of intensive case management with a Sexual Assault advocate, extensive therapy, and support group attendance, Jane began to feel the scars of her victimization lessening. Jane continues to attend the support group and encourages other sexual assault survivors to speak up.

## **VICTIM SERVICES MAJOR FUND SOURCE DESCRIPTIONS**

### **1. Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program (Formula Grant Program)**

The VOCA Formula Grant Program is authorized by the Victims of Crime Act of 1984 (34 U.S.C. § 20103 (a) and (b)).

VOCA authorizes federal financial assistance to states through the VOCA Formula Grant Program for the purpose of supporting eligible crime victim assistance programs that: 1) respond to the emotional and physical needs of victims of crime; 2) help primary and secondary victims of crime to stabilize their lives after a victimization; 3) help victims of crime understand and participate in the criminal justice system; and 4) provide victims of crime with a measure of safety and security. Crime victim is defined as any person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime.

### **2. Services\*Training\*Officers\* Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program**

The STOP VAW Formula Grant Program was authorized in 1994 through the Violence Against Women Act (VAWA). VAWA, Public Law 103-322 was reauthorized in 2000, 2005 and most recently in 2013. The STOP Formula Grant Program is administered by the Office on Violence Against Women, Office of Justice Programs, U.S. Department of Justice.

The STOP Formula Grant Program promotes the development and the implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. States and communities are encouraged to restructure and strengthen the criminal justice system response to domestic violence, sexual assault, and stalking, drawing upon the experience of all participants in the system.

### **3. The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services (FVPSA) Grant**

The FVPSA Grant is authorized by 42 U.S.C. § 10401, Family Violence Prevention and Services Act.

The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services grant, administered through the Administration on Children, Youth and Families' (ACYF) Family and Youth Services Bureau

(FYSB), is designed to assist states in their efforts to support the establishment, maintenance, and expansion of programs and projects to: 1) prevent incidents of family violence, domestic violence, and dating violence; 2) provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and 3) provide specialized services for children exposed to family violence, domestic violence, or dating violence including victims who are members of underserved populations (45 CFR § 1370.10(a)).

#### **4. Children's Justice Act (CJA) Grants to States Program**

The CJA Grants to State Program is authorized by Section 107(a) of the Child Abuse Prevention and Treatment Act (P.L. 111-320).

The purpose of the CJA Grant is to assist States in developing, establishing and operating programs designed to improve: (1) the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family; (2) the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities; (3) the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and (4) the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

#### **5. Sexual Assault Services Formula Program (SASP)-specific to the RC Program**

The Sexual Assault Services Formula Program (SASP) is authorized by 34 U.S.C. § 12511. SASP was created by the Violence Against Women and Department of Justice Reauthorization Act of 2005, as amended by the technical amendments to that act, and is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault.

The SASP Formula Program directs grant dollars to states and territories to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs that provide core services, direct intervention, and related assistance to victims of sexual assault. Rape crisis centers and other nonprofit and tribal organizations, such as dual programs providing both sexual violence and domestic violence intervention services, play a vital role in assisting sexual assault victims through the healing process, as well as assisting victims through the medical, criminal justice, and social support systems. Funds provided through the SASP Formula Program are designed to supplement other

funding sources directed at addressing sexual assault at the state and territorial level.

**6. State General Fund (SGF)**

The California State Budget Act authorizes funding, in statute, each fiscal year to specific programs. These programs support services for victims including, but not limited to, housing for homeless youth, legal resources and information, family violence prevention, and training and technical assistance.

**7. State Penalty Fund (SPF)**

The State Penalty Fund was created as a depository for assessments on specified fines, penalties, and forfeitures imposed and collected by the courts for criminal offenses and used to support victim services programs, amongst others. These State funds can be used for match requirements following the provisions of the *Subrecipient Handbook*, Section 6522.

The purpose of the Bullying & Violence in School Advocacy (XB) Program is to fund agencies that provide direct services to child/teen victims of bullying and/or school violence. Services provided through the XB Program may include, but are not limited to, anonymous tip line, criminal justice advocacy, education advocacy, counseling, and resources, and referrals. The XB Program also requires agencies to collaborate with at least one other organization to expand the scope of services available to child/teen victims, which will assist in providing a broad range of supportive services.

The XB Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The purpose of the California Advancing the Prison Rape Elimination Act (AP) Program is to help bring the California Department of Corrections and Rehabilitation (CDCR) into compliance with the Prison Rape Elimination Act (PREA) standards by establishing victim services for incarcerated survivors of sexual abuse. Just Detention International (JDI) works with the California Coalition Against Sexual Assault (CALCASA) and CDCR to secure formal partnerships between all CDCR facilities and their local Rape Crisis Centers (RCC). The Program partners will provide training and resources to prison officials and rape crisis counselors, establishing basic emergency services for inmates who report sexual abuse. JDI will continue their efforts to end sexual abuse within the California Institute for Women due to the positive feedback and progress that was made in fiscal year 2018-19. This year, the focus will be on building the RCCs' capacity to provide services to incarcerated survivors of sexual abuse, as well as continue to train detention facility staff on PREA and services to incarcerated survivors.

The AP Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

The purpose of the California Children's Justice Act Evaluator (CJ) Program is to support Children's Justice Act (CJA) funded programs, which reduce systemic trauma to children who are victims of child abuse, sexual abuse, and exploitation. The CJ Program develops assessments and tools that assist with developing recommendations and identifying needs/gaps that may be identified by other CJA-funded programs. Components of the CJ Program include:

- Hosting the Children Exposed to Domestic Violence Program database and conducting outreach to California law enforcement agencies to encourage use of the database.
- Document lessons learned and best practices for implementing an Electronic Suspected Child Abuse Report System (ESCARS).
- Provide assistance to the CJA-funded training grants with developing metrics and survey questions to embed in online training courses.
- Collaboration with Cal OES and the CJA Task Force

The CJ Program is supported with funding through the federal CJA Grants to States Program.

The needs assessment among tribal communities throughout California was completed through collaboration with the National Indian Justice Center.

Relevant sustainability resources were identified and compiled to complete the Program Sustainability Primer, a resource document which provides an overview of program sustainability for the CJA Task Force and makes recommendations about how to assess and support sustainability among CJA-funded programs.

Locations for attendance at law enforcement conferences were identified in order to present and educate law enforcement professionals on the availability of the Children Exposed to Domestic Violence Program database.

Interviews with counties currently developing an ESCARS were conducted in order to develop a lessons learned/best practices document for other counties.

Pursuant to California Penal Code §13835.10, the California Victim/Witness Advocate Training (TP) Program establishes minimum training standards and develops and implements annual, accessible training for advocates throughout the State who serve victims of crime under the statute.

A formal reassessment of the training program occurs every five years to update curricula, ensure that the diversity of victim services needs in the State of California are being met, and training remains current, comprehensive, innovative, and relevant for Victim/Witness Assistance and Unserved/Underserved Program Advocates, Supervisors, and allied professionals. The TP Program is a collaborative partnership of the California Crime Victims Assistance Association and Cal OES.

The TP Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The purpose of the Campus Sexual Assault (CT) Program is to maintain a comprehensive, coordinated, community response that is victim-centered, enhances victim safety (regardless of whether or not they report the crime to law enforcement or other investigatory bodies and regardless of whether or not they choose to participate in an investigation), provides confidential services to sexual assault victims, holds offenders accountable, and includes comprehensive outreach activities at institutions of higher education.

In order to address sexual assault, campuses need to ensure there are clear policies and protocols on the handling of reports of sexual assault and work with victims to provide ongoing trainings on sexual assault and sensitivity for all campus staff, and provide specialized services for victims.

A Sexual Assault Counselor from a local Cal OES-funded Rape Crisis Center (as defined in Evidence Code §1035.2) is located on campus, promoting the availability of services, and providing training to students, Police/Safety Officers, campus investigatory personnel, staff, and faculty.

The CT Program is currently supported with funds through the Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program and the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program.

The purpose of the Child Abuse Treatment (AT) Program is to provide comprehensive psychotherapy services to children victimized by abuse and/or neglect. Services are provided to child victims under the age of 18 who do not have access to services due to a lack of mental health insurance and who are not eligible for other programs or services. Priority of services is given to child victims who are underserved or are dependents of the court and involved in the child welfare system.

In addition to psychotherapy services, the AT Program also provides the following services: outreach, intake, crisis intervention, case management, psychotherapy services for non-offending family members/caregivers to help with the treatment of the child, information and referral services, referral to the local Victim/Witness assistance center, preparation for criminal justice procedures, and transportation services.

The AT Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

A Child Advocacy Center (CAC) is a child-friendly facility in which law enforcement, child protection services, prosecution, mental health, medical, and victim advocacy professionals work together to investigate abuse/neglect and help children heal from abuse/neglect. A CAC provides a neutral setting where a child is able to tell their story one time to a trained interviewer in a way that does not re-traumatize the child.

The Child Advocacy Center (KC) Program funds emerging, affiliate, and accredited CACs so they can implement and/or enhance their direct services, including therapy, courtroom preparation, victim advocacy, and case management.

The KC Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

# CHILD SEXUAL ABUSE TRAINING AND TECHNICAL ASSISTANCE PROGRAM

| 2019

The purpose of the Child Sexual Abuse Training and Technical Assistance (CATA) (NC/SC) Program is to provide training, technical assistance, and information to service providers who work directly with child abuse/neglect victims or who handle child abuse/neglect cases. This includes multidisciplinary teams of professionals from law enforcement, prosecution, social services, health care, and mental health providers.

The training is intended to improve the knowledge of professionals in the area of child sexual abuse specific to: assessment, intervention, and treatment. Training participants are expected to duplicate the training in their communities.

The NC/SC Program is supported with state Child Sexual Abuse Prevention and Training (CSAP) funds and federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

## COURT APPOINTED SPECIAL ADVOCATES PROGRAM | 2019

---

The Court Appointed Special Advocates (KS) Program funds Court Appointed Special Advocates (CASA) programs throughout California to increase the number of children in foster care who receive advocacy services from a CASA Volunteer.

CASAs are trained community volunteers appointed by juvenile court judges to advocate for children who have been placed into the protective custody of the child welfare system due to abuse or neglect. CASAs review court facts and documents pertaining to the child's case and submits formal reports to the judge at every scheduled hearing/review. The CASA monitors the child's case to assure that the judicial and child welfare systems are moving ahead to secure a safe, permanent home for the child, and that court-ordered services are provided to the child.

The KS Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Crisis Response Training (CR) Program provides comprehensive crisis response training to Victim/Witness Assistance (V/W) Programs and local multi-disciplinary teams to build response readiness for mass victimization, criminal and/or terrorist events. The overarching objective of the CR Program is the development of a statewide network of California Crisis Response Teams (CCRT) that collaborate to respond quickly and comprehensively to meet the needs of victims. The development of CCRT, with core participation from Victim/Witness Advocates, function as a consortium of trained and skilled personnel positioned to deploy in the aftermath of traumatic events, to assess the immediate needs of victims, provide crisis intervention and support services, referrals, and follow-up consultation. All assistance efforts are provided free-of-charge, are trauma-informed and culturally inclusive.

Additionally, the CR Program has been expanded to include a mass victimization crisis response training component for Cal OES and allied first responders for response to violent, mass-casualty acts.

The Program is supported with Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The purpose of the Domestic Violence Housing First (KD) Program is to increase the number of domestic violence specific projects that focus on helping victims increase access to and retain stable housing. This Program also incorporates supportive services tailored to fit the victims' needs. Supportive services concentrate on advocacy that addresses the needs identified by victims of crime to address a range of service needs that may fall outside the scope of traditional domestic violence services. Examples of supportive services include: transportation subsidies, career training, job-related expenses, child care, and temporary rental assistance. The program further provides trauma-informed advocacy for victims and their children, financial assistance that addresses victims' unique and evolving safety needs, and allows victims to choose how to best rebuild their lives.

Beginning January 1, 2020, the Domestic Violence Housing First (XD) Program will be integrated with the Domestic Violence Housing First (KD) Program. The merged program will maintain the name, the Domestic Violence Housing First (XD) Program.

The KD Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

## DOMESTIC VIOLENCE RESPONSE TEAM PROGRAM | 2019

---

The Domestic Violence Response Team (VA) Program is intended to build the capacity of communities with a demonstrated need for greater collaboration and coordination between domestic violence service providers and law enforcement organizations. Another purpose of the Program is to support agencies in building protocols and practices for a collaborative community-coordinated response to incidents of domestic violence. The Program provides training by local domestic violence service providers to law enforcement officers and 9-1-1 dispatchers on how to most effectively assist victims and connect them with domestic violence services and advocacy, establish and implement practical and sustainable procedures that put victims seeking resources in face-to-face contact with a domestic violence advocate immediately after the crime has been committed.

The VA Program is supported with funds through the Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

# DRUG ENDANGERED CHILDREN TRAINING AND ADVOCACY CENTER PROGRAM | 2019

---

The Drug Endangered Children Training and Advocacy Center (DK) Program provides no-cost local and region-wide multidisciplinary trainings designed for first responders and social services providers throughout California. The training is to ensure first responders and social services providers have a consistent response when coming in contact with children that are in neglectful environments and exposed to drugs, drug paraphernalia, grow houses, methamphetamine laboratories, gang activity, and firearms.

The DK Program is supported with the federal Children's Justice Act (CJA) Grants to States Program.

# EARLY IDENTIFICATION OF COMMERCIAL SEXUALLY EXPLOITED CHILDREN TRAINING PROGRAM | 2019

---

The Early Identification of Commercially Sexually Exploited Children Training (EI) Program was developed in response to legislation signed by Governor Jerry Brown in October 2017, adopting human trafficking prevention education training for educators and students.

The purpose of this Program is to provide comprehensive training to K-12 educators and students on early identification and intervention of children and/or youth at risk or victims of commercial sexual exploitation or other severe forms of trafficking. Program components include:

- Utilize or develop effective training, curricula, and learning tools
- Implement, adapt, and evaluate training modules and learning tools
- Conduct outreach and evaluations for trainings
- Sustainability plan

The EI Program is supported through the Children's Justice Act (CJA) Grants to States Program. The CJA Grant Program is authorized by Section 107(a) of the Child Abuse Prevention and Treatment Act (P.L. 111-320).

The purpose of the Electronic Suspected Child Abuse Report System (ES) Program is to establish a database which allows for the sharing of electronic suspected child abuse reports among California's district attorney's offices, local law enforcement, and county probation and child welfare departments.

The Child Abuse and Neglect Reporting Act requires mandated reporters to report suspected abuse or neglect to a designated agency. Written mandated reports are made by completing the *Suspected Child Abuse Report (SCAR)*. Once a written SCAR is created, the document must be cross-reported among the county probation or welfare department, the local law enforcement agency, and the district attorney's office. The ES Program is improving information sharing by eliminating inconsistencies and gaps in the current process.

The ES Program is supported with funding through the federal Children's Justice Act (CJA) Grants to States Program.

## EQUALITY IN PREVENTION AND SERVICES FOR DOMESTIC ABUSE PROGRAM | 2019

---

Pursuant to California Penal Code §13823.17, and enacted through Assembly Bill 2051, Cohn, Chapter 856, Statutes of 2006, the Equality in Prevention and Services for Domestic Abuse (GL) Program was established to create and/or enhance domestic violence services for the lesbian, gay, bisexual, transgender, and questioning (LGBTQ) communities in an effort to increase access to culturally appropriate domestic violence education, prevention, outreach, and services for these unserved/underserved communities. The GL Program expands domestic violence program services for the LGBTQ community by providing crisis intervention, legal advocacy, participation in domestic violence multidisciplinary teams within the service area(s) of the project (including, but not limited to, law enforcement, medical treatment facilities, and other service providers). Services include a twenty-four hour crisis hotline, counseling, a business center, legal assistance, educational workshops and publications, community resources and referrals, emergency shelter, and household establishment assistance.

The GL Program is currently supported with funds through the federal Family Violence Prevention and Services Act (FVPSA) Grant Program.

The purpose of the Family Justice Center (FJ) Program is to improve capabilities for established Family Justice Centers (FJC), as well as support emerging FJCs. An FJC is defined as multiagency, multidisciplinary service centers where public and private agencies assign staff members on a full-time or part-time basis in order to provide services to victims of domestic violence, sexual assault, elder or dependent adult abuse, or human trafficking from one location in order to reduce the number of times victims must tell their story, reduce the number of places victims must go for help, and increase access to services and support for victims and their children.

The Program is supported with FY 2018-19 State General Funds for a 24-month performance period January 1, 2019 to December 31, 2020.

California Penal Code §13823.4 establishes the Family Violence Prevention (FV) Program within Cal OES to provide “financial and technical assistance to local domestic and family violence centers in implementing family violence prevention programs.” The Legislature found the problem of family violence to be serious and increasing in magnitude and that acts of family violence often result in other crimes and social problems. The purpose of the FV Program is to expand prevention efforts in California by providing financial and technical assistance to local domestic and family violence centers to implement family violence prevention strategies in their community and by funding a statewide family violence prevention campaign.

The FV Program ended on June 30, 2019. These Subrecipients will merge with the newly established Family Violence Prevention (FX) Program beginning January 1, 2019.

The FV Program was supported with funds through the federal Family Violence Prevention Services Act (FVPSA) Grant Program and the State General Fund (SGF). A new Family Violence Prevention (FX) Program began January 1, 2019.

The Homeless Youth Emergency Services and Housing Program (YE) Program is an expansion of the Homeless Youth and Emergency Services (HY) Program. Like the HY Program, the YE provides emergency and supportive services to youth ages 12–24, who are homeless or at risk of becoming homeless. Emergency and supportive services include, but are not limited to: food and access to emergency shelter; counseling to address immediate emotional crises or problems; outreach services to locate homeless youth and link them with services and drop-in facilities to make the services accessible to the homeless population; screening for basic health needs and referral to public and private agencies for health care; linkage to other services offered by public and private agencies; long-term stabilization planning so the youth may return home under circumstances favoring long-term reunification with the family, or so the youth can be suitably placed in a situation outside the family when family reunification is not possible; and follow-up services to ensure that the return to the family or the placement outside the family is stable.

The YE Program is funded through State General Funds (SGF).

## HOMELESS YOUTH INNOVATIVE SERVICES PROGRAM | 2019

---

The purpose of the Homeless Youth Innovative Services (HI) Program is to provide innovative and comprehensive services to support homeless youth in exiting street life. Innovative projects are those featuring new, advanced, and original methods of providing services to homeless youth.

It is the goal that these low barrier-to-entry programs use strategies that are trauma-informed in all aspects of how they approach and support homeless minors and youth to facilitate healing. The HI Program Subrecipients must also be culturally competent and provide for protection against harassment.

The HY Program is supported with State General Funds (SGF).

The Human Trafficking Advocate (HA) Program provides funding to California Victim/Witness Assistance Centers (Centers), as defined in the California Penal Code § 13835.2, to dedicate specialized staff and supports to identify and provide comprehensive services to victims of human trafficking.

HA Program Subrecipients must demonstrate formal agreements with a local anti-human trafficking working group—such as a Human Trafficking Task Force, a Commercial Sexual Exploitation of Children (CSEC) Interagency Protocol as described in Welfare and Institutions Code § 16524.8, or other local or regional human trafficking partnership, collaborative, or working group—to ensure they have the capacity to enhance or expand delivery of services to victims of human trafficking.

Components of the HA Program include at a minimum, but are not limited to:

- Crisis intervention and emergency assistance
- Resource/referral assistance, victims of crime claims and property return
- Counseling/therapy
- Orientation to the criminal justice system, including court escort services
- Training to criminal justice agencies, public presentations, and publicity
- Case status/case disposition, and assistance with restitution

The HA Program is supported through the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Human Trafficking Victim Assistance (HV) Program was created to help victims of human trafficking recover from the trauma they experienced and assist with reintegration into society.

Required components of the HV Program include, but are not limited to, access to a 24-hour crisis hotline for victims, emergency shelter and temporary housing assistance, emergency food and clothing, and counseling. Organizations that receive funding through the HV Program must also ensure staff working with human trafficking victims qualify as Human Trafficking Caseworkers as described in Evidence Code §1038.2, and are trained according to the minimum requirements therein.

In FY 2018-19, the two cohorts funded through the first two cycles of the HV Program were combined into a single HV Program to ensure consistency of program components, requirements, and limitations across all Human Trafficking Victim Assistance Subrecipients.

The HV Program is supported through State Human Trafficking Victim Assistance (HTVA) funds.

## IMPROVEMENT TO DELIVERY OF VICTIM SERVICES PROGRAM | 2019

---

The Improvement to Delivery of Victim Services (IS) Program funds the California Victim Compensation Board (CalVCB) to provide improvements to the delivery of services to crime victims. The Program will provide trauma-informed direct services, conduct educational campaigns and public awareness concerning online access to victim compensation, and acquire technology that will facilitate the delivery of victim compensation services in various settings.

The Subrecipient is the California Victim Compensation Board. The IS Program is supported with funds through the federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

## IMPROVING OUTCOMES FOR CHILD AND YOUTH VICTIMS OF HUMAN TRAFFICKING PROGRAM | 2019

---

The Improving Outcomes For Child and Youth Victims of Human Trafficking (IO) Program brings together the Alameda County District Attorney's (DA) Office, Cal OES and the California Department of Social Services to improve outcomes for child and youth victims of human trafficking. The following are the goals of the IO Program:

- Engage in detailed planning with a multidisciplinary team of state leaders and stakeholders;
- Create pilot projects which focus on improving outcomes for child and youth victims of human trafficking (see the Improving Outcomes for Transition Age Youth Victims of Human Trafficking Pilot Program for additional information);
- Develop and conduct a comprehensive multiday, multidisciplinary training with ten selected California counties to identify best practices and improve coordinated local responses. The selected counties to participate in the training are intended to be representative of the whole, with a broad range of experience in the coordination of services for child and youth victims of sex and labor trafficking. The teams trained are intended to serve as mentoring counties whose work can be replicated and/or shared with neighboring or similar counties;
- Evaluate existing and new program models to determine the impact of outcomes for child and youth victims of human trafficking, and to identify effective strategies; and
- Use evaluation results to inform and drive statewide scaling.

The IO Program is supported with Improving Outcomes for Child and Youth Victims (IOCV) funds.

## IMPROVING OUTCOMES FOR TRANSITION AGE YOUTH VICTIMS OF HUMAN TRAFFICKING PILOT PROGRAM | 2019

---

The purpose of the Improving Outcomes for Transition Age Youth Victims of Human Trafficking Pilot (IP) Program is to develop strategies to address specified gaps in the identification, engagement, and provision of services to Transition Age Youth (TAY) – young people between the ages of 16 and 24 – who are not currently involved in the juvenile justice or child welfare systems, or who may be in transition from foster care or other form of court jurisdiction, and are at-risk or victims of human trafficking.

Subrecipients of the IP Program are required to fulfill the following program components:

- Subrecipients must collaborate, as appropriate, with local, state, and federal law enforcement, local public agencies, health care systems, victim service providers, legal assistance programs, and other non-profit organizations to enhance or expand service delivery to victims of human trafficking;
- Subrecipients must utilize input from human trafficking survivors to inform program design and practice. Survivor input and leadership fosters victim-centered practice by ensuring that approaches used will resonate with victims, support recovery, and prevent further victimization;
- Subrecipients will examine victim outcomes (in collaboration with the pre-selected evaluator) for non-system involved TAY and make improvements to at least two of the following identified service gaps during the Grant Subaward performance period:
  - Employment
  - Mental/Behavioral Health Services
  - Health Services
  - Housing (Permanent Housing/Emergency Shelter)
  - Schools;
- Subrecipients will work with the selected evaluator during the Grant Subaward performance period, utilizing a Results-Based Accountability (RBA) framework to organize and track work. The RBA framework uses a data-driven, decision-making process to help communities and organizations move beyond talking about problems to taking action to solve problems; and
- During the latter part of the 29-month Grant Subaward performance period, Subrecipients will be required to participate in a multiday training with other selected participants to exchange innovations and disseminate lessons learned about effective strategies to serve the identified population.

The IP Program is supported with Improving Outcomes for Child and Youth Victims (IOCV) funds.

The purpose of the Increased Access to Services (KU) Program is to increase physical and/or programmatic access to victim services for individuals with disabilities, and individuals with access and functional needs (AFN). AFN refers to individuals having one or more: physical, developmental or intellectual disability; chronic conditions or injuries; limited English proficiency; older adults; children; low-income; homeless and/or transportation disadvantaged; and pregnant women.

Project activities funded by the KU Program may include, but are not limited to:

- Physical accessibility of facilities
- Creating an accessible website
- Creating and implementing an effective communication plan
- Providing materials in alternative formats (large print, braille, languages other than English)
- Purchasing communication technology
- Training staff on working with victims with disabilities, including others with access and functional needs
- Training interpreters to work with victims of crime

The purpose of the Innovative Response to Marginalized Victims (KI) Program is to support innovative programs that serve marginalized victims. This Program supports the following victim groups: gang violence or young male victims of color, refugee victims, small agencies who have not been funded by Cal OES, low wage workers (janitorial, service industry, etc.), transgender, and foster care youth, among others.

The Program objectives include:

- Provide direct victim services to respond to the emotional, psychological, or physical needs of marginalized crime victims.
- Restore a measure of safety and security for the victim.
- Assist victims to understand and participate in the criminal justice system.
- Assist victims to stabilize their lives after victimization.

The KI Program is supported through the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program.

The California Governor's Office of Emergency Services (Cal OES) is the designated State Administering Agency for the John R. Justice (JRJ) Student Loan Repayment Program grant, administered by the U.S. Department of Justice, Bureau of Justice Assistance. Student loan debt is consistently cited as the overwhelming reason why attorneys decline or leave positions as prosecutors and public defenders, which has created challenges for the public sector to hire and retain capable attorneys. Acknowledging these challenges, the JRJ Program was codified at 2 U.S.C. §3797cc-21, and named for the late John Reid Justice of South Carolina, to encourage qualified attorneys to choose careers as prosecutors and public defenders and to continue in that service.

The JRJ Program provides loan repayment assistance for local, state, and federal public defenders and local and state prosecutors who commit to continued employment as public defenders and prosecutors. To be eligible, an attorney must not be in default on repayment of any federal student loans. State agencies administering the JRJ Program must ensure that funding for local repayment is allocated equally between prosecutors and public defenders. The disbursements are paid directly to the beneficiaries' loan servicer. Cal OES has partnered with the California Student Aid Commission (CSAC) to administer the JRJ Program.

The Legal Assistance (XL) Program is intended to increase the availability of holistic civil and criminal legal assistance needed to effectively aid adult and youth victims in their recovery from the impacts of crime at no cost to the victim. The XL Program funds both community-based and publicly-funded organizations that are not acting in a governmental capacity, such as Legal Aid or statewide legal services, bar associations, law schools, or Indian tribal entities.

XL Program components include, but are not limited to:

- Victims Bill of Rights (Marsy’s Law) advocacy and support
- Family law assistance, including child support, child custody, separation/divorce, and domestic violence/temporary restraining orders
- Immigration assistance, including T and U visas
- Tribal law issues
- Employment and tenant rights
- Financial advocacy, including credit repair
- Criminal record expungement

The XL Program is supported through the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program. In FY 2019-20, the XL Program is being combined with the two Victim Legal Assistance (KL) Program cohorts (KL17 and KL18) into a single program to ensure consistency of program components, requirements, and limitations across all legal assistance Subrecipients.

Pursuant to California Penal Code § 13836, the Legal Training (LT) Program provides consistent, high-quality training, publications and other informational materials to prosecutors throughout California regarding the prosecution of crimes against women. The LT Program maintains an information and referral database, a violence against women brief bank, a video film bank, and data from sexual assault prosecution seminars. The LT Program is administered by two Subrecipients, the California District Attorneys Association and the California Public Defenders Association. Pursuant to Penal Code § 11500-11503 they conduct Minimum Continued Legal Education (MCLE) trainings for prosecutors and public defenders.

The LT Program is supported with Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program funds, federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds, State Penalty Funds (SPF), and State General Funds (SGF).

Per California Penal Code §13823.93, the Medical Training Center (EM) Program funds one Subrecipient to provide training for forensic medical examiners in cases of sexual assault, child sexual abuse, domestic violence, elder/dependent adult abuse, and child physical abuse/neglect. This Program accomplishes this in two ways: by developing resources and structures to support sexual assault professionals, and by conducting trainings to increase practitioners' skills and ability to provide sexual assault forensic examinations (SAFEs) that will be credible in court.

The goal is to ensure SAFEs are conducted in a standardized, consistent and qualified manner throughout California. Specialized trainings are conducted on medical quality assurance, forensic photography, telemedicine/teleconferencing, and expert witness testimony. Training is also provided for court personnel and a telecommunications network for expert consultation in various areas of the State. The EM Program also addresses Sexual Assault Response Teams (SART) including: developing and/or improving current SART efforts; ensuring the availability of effective, comprehensive SAFEs for sexual assault victims; identifying key procedures and protocols; and coordinating policy needs.

The EM Program continues its work to complete and submit the updated Cal OES 2-925 Forensic Medical Report, Nonacute Child-Adolescent Sexual Abuse Examination and 2-930 Forensic Medical Report, Acute Child-Adolescent Sexual Abuse Examination Forms to Cal OES to be released for public use.

The EM Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program and the federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program.

## NATIVE AMERICAN CHILD ABUSE TREATMENT PROGRAM | 2019

---

The Native American Child Abuse Treatment (NA) Program funds established child abuse treatment agencies (i.e., Native American tribes/organizations, private nonprofits, or community-based organizations) to provide psychotherapy services to Native American child victims of crime, abuse, and/or neglect. The NA Program also provides supportive services to the non-offending family members including resource and referral, assistance to child victims for the participation in the criminal justice system, and crime victim compensation.

There were seven Subrecipients originally funded in FY 2017-18, however during FY 2018-19, a Request for Proposal was released to fund additional Subrecipients under the Program. Three additional Subrecipients were funded under the 24-month funded (XA) Program.

During FY 2019–20 the NA and XA Programs will be merged.

The NA Program is supported by the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program.

# NATIVE AMERICAN DOMESTIC VIOLENCE AND SEXUAL ASSAULT PROGRAM | 2019

---

The Native American Domestic Violence and Sexual Assault (DS) Program provides supportive services to Native American women, and their children, who are victims of sexual assault and domestic violence. Supportive services may include: shelter, counseling, court accompaniment, and advocacy.

The DS Program has five objectives which include presenting cultural competency trainings to agencies and other regional service providers on issues related to Native American women victims of domestic violence and sexual assault (DV/SA). In addition, the DS Program offers DV/SA outreach programs and other available services to members of the local community and appropriate agencies. The mandatory services of the DS Program include access to emergency food and/or clothing, court accompaniment, and emergency shelter to Native American women victims of DV/SA. Assistance with restraining orders, emergency transportation, counseling, and other grant-appropriate activities and services may also be provided.

Per mandatory Public Law (PL) 280, California is required to ensure that public safety and criminal justice system services are provided on all Native American lands held in trust for the tribes by the United States. In California, Violence Against Women Act-funded programs are administered through the auspices of Cal OES and implemented to provide culturally appropriate services to victims of crime to include Native American communities.

The DS Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

The Native American Tribal Court Advocate (KT) Program works with tribes to strengthen their own courts by establishing professionally-trained, culturally-centered Tribal Court Advocates committed to honoring tribal law and governance, and maintaining the traditional process of respect and representational duty and ethics. Tribal Court Advocates provide trauma-informed, culturally sensitive victim services, and educate tribal communities on the process of the tribal court system. Services are provided by trained Tribal Court Advocates who work within the tribal court system in support of tribal sovereignty in criminal justice matters. Program objectives are:

- Emergency Assistance
- Case Management
- Tribal Court System Assistance
- Referrals to Existing Community Resources
- Outreach
- Crisis Intervention

The KT Program is supported by Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The goal of the Paul Coverdell Forensic Science Improvement Act (CQ) Program is to improve the quality, timeliness, and credibility of forensic science services over current operations. Funds are used to reduce backlogged forensic cases and improve the turnaround times for case analysis. These funds also provide opportunities for training in both technical and personal skills to California's forensic scientists to improve laboratory efficiency and to provide competent courtroom testimony.

All crime laboratories must validate their eligibility by certifying their accreditation status with a Forensic Crime laboratory organization or appropriate certifying body. The crime laboratories must also certify that they have a plan in place to conduct an independent, external investigation into allegations of serious negligence or misconduct by laboratory employees or contractors.

In FY 2018-19, two new Subrecipients joined the CQ Program: City and County of San Francisco Medical Examiner; and, Ventura County Medical Examiner's Office.

The CQ Program is supported by the federal Paul Coverdell Forensic Science Improvement Act (FSIA) Program, Authorized by Title I of the Omnibus Safe Streets and Crime Control Act of 1968, Part BB, codified at 42 U.S.C. §§3797j-3797o and pursuant to Public Law 106-561, 107-272, and 108-405, and provides funding from the National Institute of Justice to California's accredited forensic science laboratories, medical examiner's offices, coroner's offices, and the California Department of Justice's Bureau of Forensic Services.

## POSTCONVICTION DNA TESTING ASSISTANCE PROGRAM | 2019

---

The purpose of the Postconviction DNA Testing Assistance (CK) Program is to assist in defraying the costs associated with postconviction DNA testing in cases of violent felony offenses in which actual innocence might be demonstrated. Funds may be used to identify and review such postconviction cases and to locate and analyze associated biological evidence. Samples that previously generated inconclusive DNA results may now be viable for reanalysis using newer methods.

The “Northern California Innocence Project” at Santa Clara University and the “California Innocence Project” at California Western School of Law are funded under this Program to conduct postconviction DNA testing in cases of murder, non-negligent manslaughter, forcible sexual assault, and all other violent felony offenses in which actual innocence might be demonstrated.

Since the performance period is 21 months, the two Subrecipients chose not to apply for the FY 2019-20. They will apply for the FY 2020-21 award.

The CK Program is authorized under the Justice for All Reauthorization Act of 2016 by Public Law 114-324, which establishes enforceable rights for victims of crime, enhances DNA collection and analysis efforts, provides for postconviction DNA testing, and authorizes grants to improve the quality of representation in state capital cases.

## PROBATION OFFICER TRAINING PROGRAM | 2019

---

The purpose of the Probation Officer Training (PT) Program is to develop a robust curriculum and delivery of specialized training to California's probation officers. The training focuses on enhancing probation officers' knowledge and skills regarding violence against women, specifically in the area of the supervision of probationers convicted of domestic violence, sexual assault, dating violence, and stalking. The PT Program is administered by the Chief Probation Officers of California (CPOC). CPOC is responsible for curriculum development which meets California Standards and Training for Corrections course certification, coordination with probation departments, and facilitation of statewide trainings.

The PT Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

## PROBATION SPECIALIZED SUPERVISION PROGRAM | 2019

---

The purpose of the Probation Specialized Supervision (PU) Program is to create and/or enhance specialized units within probation departments for the purpose of focused supervision of reduced caseloads of probationers of crimes involving domestic violence, sexual assault, dating violence, and/or stalking. The PU Program requires that assigned probation officers receive specialized training, carry reduced caseloads, develop and maintain specialized unit protocols, maintain a victim resource and referral list, and utilize a variety of intensive supervision techniques.

The PU Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

The Project Safe Neighborhoods (US) Program is designed to create safer neighborhoods through a sustained reduction in crime associated with gang and gun violence. The Program's effectiveness is based on the cooperation of local, state, and federal agencies engaged in a unified approach led by the U.S. Attorney (USA) in each district. The USA is responsible for establishing a collaborative Project Safe Neighborhoods (PSN) task force of federal, state, and local law enforcement and other community members to implement gang and gun crime enforcement, intervention, and prevention initiatives within the district.

PSN is administered by the Bureau of Justice Assistance (BJA) through the USA's Office in each of the 94 federal judicial districts across the United States. Three of the four USA's Offices in California – Northern District; Central District; and Eastern District – submit their proposals through Cal OES as it continues to serve as the fiscal agent for this Program.

This Program is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, as amended, Title I; 42 U.S.C. 50 *et seq.*; Crime Control Act of 1990, Public Law 101-647; Appropriations Act of 2001, Public Law 106-553; Appropriations Act of 2002, Public Law 107-77; Appropriations Act of 2003, 2004, 2006; and Consolidated Appropriations Act of 2017.

The goal of the Rape Crisis (RC) Program is to reduce the level of trauma experienced by sexual assault survivors through the provision of comprehensive and supportive services, to improve coordination of multi-disciplinary response systems, and to expand public awareness concerning sexual assault and its impact.

This Program, pursuant to California Penal Code §13836-13837, funds 84 Rape Crisis Centers (RCCs) to provide comprehensive services to sexual assault victims as they deal with the emotional trauma and as they progress through the criminal justice system.

The RC Program is currently supported with funds through the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program, the Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program, Sexual Assault Services Formula Grant Program (SASP), the State General Fund (SGF), and State Victim/Witness Assistance Fund (RCP5).

A one-time increase of \$5 million in SGF FY18 allowed the 84 RCCs to enhance their programs to support prevention, intervention, research, and evaluation.

The purpose of the Sexual Assault Law Enforcement Specialized Units (ST) Program is to create or enhance specialized units to provide a coordinated response to adolescent (age 11 and older) and adult victims of sexual assault. This is to be accomplished through compassionate investigative interviewing, immediate victim advocacy, training for patrol officers/first responders, and the development/updating of effective protocols and practices.

The ST Program is currently supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

The purpose of the Sexual Assault Response Team (XS) Program is to enable Cal OES-funded Rape Crisis Program advocates to participate in the planning and coordinating of Sexual Assault Response Team (SART) efforts in their local community with the goal of improving the quality of, response to, and services for, sexual assault victims. This can be accomplished by creating/recreating a SART in their community or enhancing the existing SART by funding a Sexual Assault Counselor, per Evidence Code §1035.2 to act as the SART Advocate to assist a victim through the entirety of the criminal justice process.

SARTs are coalitions of agencies that serve sexual assault victims. Core membership for a SART typically includes victim advocates, law enforcement officers, forensic medical examiners, forensic scientists, and prosecutors. Multidisciplinary SARTs work together to formalize interagency guidelines that prioritize victims' needs, hold offenders accountable, and promote public safety. SART models range from informal, cooperative partnerships to more formalized, coordinated, and multidisciplinary responses on local, regional, state, tribal, or territory levels. In general, SARTs are committed to victims' rights and needs, organize their service delivery to enhance evidence collection, and educate the community about services available for the intervention and prevention of sexual assault. Many communities in California have robust SARTs with broad agency participation and a commitment to providing trauma-informed care to sexual assault victims, while other communities are less invested in a multidisciplinary response.

The XS Program is supported with funds through the federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program.

# SEXUAL ASSAULT TRAINING AND TECHNICAL ASSISTANCE PROGRAM | 2019

---

The Sexual Assault Training and Technical Assistance (TE) Program funds the California Coalition Against Sexual Assault (CALCASA) to provide critical training for Cal OES-funded Rape Crisis Centers (RCCs) throughout the State. Training and technical assistance is provided on issues such as organizational development, program planning, non-profit management, employee rights, information systems, fund development, and other issues related to the provision of services to sexual assault survivors. RCCs can request individual technical assistance on a variety of subjects and receive a response tailored to meet their agency's specific needs.

In FY 2018-19, CALCASA included in their annual leadership conference a plenary session on sexual violence and day-long training institutes on advocacy and intervention, cultural competency, management, and prevention.

The TE Program is currently supported with funds through the federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program and the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

## SPECIALIZED EMERGENCY HOUSING PROGRAM | 2019

---

Specialized Emergency Housing (KE) Program provides housing and emergency shelter to the following underserved populations: homeless youth; elderly; disabled; and lesbian, gay, bisexual, transgender, and questioning victims of crime. Subrecipients identified an unmet emergency shelter or emergency housing need in their community and proposed an innovative solution.

In FY 2019-20, the two KE Program cohorts will be combined to ensure consistency of program components, requirements, and limitations across all Subrecipients.

The KE Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

# STATEWIDE CHILD ABUSE TRAINING AND TECHNICAL ASSISTANCE PROGRAM | 2019

---

The Statewide Child Abuse Training and Technical Assistance (CC) Program provides leadership and resources to child abuse treatment centers throughout California. Training is provided to multidisciplinary teams, with an emphasis on rural communities and communities with a high population of unserved/underserved children.

Additionally, the CC Program is responsible for developing a statewide coalition of professionals and agencies that are dedicated to providing effective therapeutic services to child victims of abuse, neglect, and other victimizations. The Program is also establishing a directory of statewide service providers that can be used for making appropriate referrals and connecting children and their caregivers to support services.

The CC Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Transitional Housing (XH) Program supports transitional housing, short-term housing assistance, and supportive services, including follow-up services that move victims of crime into permanent housing.

In addition to transitional housing and rental assistance, Subrecipients provide follow-up services such as advocacy, support groups, case management, and minimal financial assistance. The XH projects are implementing the Housing First Model which is an approach to quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry such as sobriety, treatment, or service participation requirements.

IN FY 2019-20, the two XH Program cohorts will be combined to ensure consistency of programs components, requirements, and limitations across all Subrecipients.

# TRAUMA INFORMED CARE & BRAIN SCIENCE PRINCIPLES TRAINING PROGRAM | 2019

---

The purpose of the Trauma Informed Care & Brain Science Principles Training (TQ) Program is to provide comprehensive web-based training on trauma-informed approaches and brain science principles to various professional disciplines that handle child abuse and neglect cases or work with children who have been traumatized by abuse and/or neglect. The training is focused on reducing trauma to victims of child abuse and neglect and their families.

Training will focus on the effects of trauma on children, how children's brains are affected by trauma, and how to effectively work with children who have experienced trauma. The training will include innovative trauma-informed approaches, nationally-recognized studies on trauma and brain science, examples and case studies specific to each training audience, practical tools to mitigate stress and increase resilience, and cultural competency.

The TQ Program is supported with funding through the federal Children's Justice Act (CJA) Grants to States Program.

## TRIBAL CRISIS RESPONSE TRAINING PROGRAM | 2019

---

The Tribal Crisis Response Training (CH) Program provides comprehensive crisis response, and trains tribes and tribal organizations in California on crisis response. The CH Program delivers crisis intervention services and evaluates traumatic events in Indian Country. The only Subrecipient funded under this Program is the National Indian Justice Center, Inc.

The desired goal of the Program is to build a network of highly trained tribal professionals coordinated through a single system, who are able to respond in a comprehensive and timely manner to the needs of victims of disaster and/or traumatic events; to provide no-cost crisis response, follow-up consultation, and referrals.

The CH Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Unserviced Child & Youth Advocacy (XY) Program provides funding for advocacy and support services to unserved/underserved children and youth who have been victimized by crime.

The primary purpose of the XY Program is to create new programs or enhance existing programs that commit staff time to specifically address the needs of the unserved/underserved child and youth victim population. The unserved/underserved population is characterized as a victim population that disproportionately accesses victim services in the agency's service area. The objective is for the agencies to employ staff that reflect the unserved/underserved population, train all staff on the cultural norms of the population, and increase outreach efforts.

The XY Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

## UNSERVED/UNDERSERVED VICTIM ADVOCACY AND OUTREACH PROGRAM | 2019

---

The Unserviced/Underserved Victim Advocacy and Outreach (XV) Program increases access to culturally appropriate victim services for unserved/underserved victims of crime. This can be accomplished by creating new programs or enhancing existing programs to commit staff time to specifically address the needs of the identified unserved/underserved victim population, hiring and training staff, and increasing outreach efforts. The XV Program increases community awareness to access victim service resources.

Subrecipients must respond to the physical and emotional needs of victims providing trauma informed, culturally appropriate direct services. During fiscal year 2019, the XV Program merged with the Unserviced/Underserved (UV) Program. The XV Program Unserviced/Underserved victim populations are:

# of Programs	Victim Population

## VICTIM ADVOCACY IN DETENTION FACILITIES PROGRAM | 2019

---

The purpose of the Victim Advocacy in Detention Facilities (KA) Program is to increase access to appropriate services for victims of sexual assault in detention facilities. The Program funds a Sexual Assault Counselor, per Evidence Code §1035.2, to focus solely on serving victims in local detention facilities, and to act as the facility point of contact to assist in removing any physical or programmatic barriers to victim services in the detention facilities.

The Lead Advocate is the primary victim service provider for the detention facility(ies) when possible. However, other Sexual Assault Counselors/Sexual Assault Advocates may provide services, as long as they have been specifically trained to provide services to victims in detention facilities.

The KA Program is currently supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Victim Information and Notification Everyday (VN) Program, also known as VINE, protects victims of crime from perpetrators by tracking the status of offenders while incarcerated and/or immediately upon release. VN supports the National Victim Notification Network service that allows crime victims to anonymously access timely and reliable information about criminal cases and the custody status of offenders 24 hours a day. Victims and other concerned citizens can register by phone, email, text message, or TTY device to be notified whenever an offender’s custody status changes. The system communicates with jail and prison booking systems in near real-time, by transmitting updated information to the Appriss Data Network, which manages the automated interfaces and monitors offender status. VINE now also utilizes a free downloadable app via cellphone, laptop or computer. When a change in the custody status of an offender occurs, county jails and state prison facilities transmit information through Appriss, which then immediately notifies registered crime victims of the offender’s new status.

The VN Program is supported with State Penalty Funds (SPF) and federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Victim Legal Assistance (KL) Program was created in response to the success of our Legal Assistance (XL) Program initiated during state fiscal year 2016-17. The objective of the KL Program is to provide funding to community-based organizations to develop and/or advance collaborative projects that provide quality legal representation to victims of crime. KL Program funding may not be used to provide criminal defense services.

Program components include, but are not limited to, assistance with family law matters such as divorce, custody and visitation, and child support; assistance with immigration legal matters such as T and U visas; restraining orders; employment and tenant rights; and credit repair. Cal OES has determined that research projects, tort cases, criminal defense of victims charged with crimes, law reform initiatives including, but not limited to, litigation, child sexual abuse and child protection system cases, or general trainings to agencies that are not formal/informal KL project partners are beyond the KL Program scope and not supported by Program funding.

In FY 2019-20, the KL Program is being combined with the original cohort of Legal Assistance (XL) Program Subrecipients to ensure consistency of program components, requirements, and limitations across all legal assistance Subrecipients.

## VICTIM SERVICE TRAINING PROGRAM | 2019

---

The focus of the Victim Service Training (KV) Program is to develop training for working with specific victim populations.

The KV17 Program had two different training focuses: 1) Training on Elderly Financial Abuse and; 2) Training on Underserved Victim Groups - People of Color (POC), People with Limited English Proficiency (LEP), and Immigrant Populations.

The KV18 Program training focus is on cybercrime/identity theft. All trainings were in-person and provided to victim service providers by subject matter experts who work with crime victims throughout the State.

The KV Program has been supported each performance period with one-time federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The Victim Services Information (VI) Program provides funds to the California Department of Corrections and Rehabilitation for direct victim services in a correctional setting. The Program responds to the various needs of victims and ensures inmates, parolees, correctional staff, and the public recognize and understand the impact of crime on victims. Victim services provided by the project includes notifying victims of the whereabouts of offenders and circumstances of the case, counseling, education regarding victim's rights, and assistance in preparing victim impact statements.

The VI Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds.

The purpose of the Victim/Witness Assistance (V/W) Program is to provide comprehensive services to victims and/or witnesses of all types of violent crime, pursuant to California Penal Code §13835, in each of California’s 58 counties. V/W Assistance Centers are located in district attorney’s offices, in probation departments, county sheriff’s offices, and in community-based organizations.

V/W services include, but are not limited to, crisis intervention, emergency assistance, orientation to the criminal justice system, court escort, case status/disposition, victim compensation claims assistance, direct counseling, property return, notification of family, friends and employers, resource and referral assistance, restitution assistance (upon request of the victim), outreach, public presentations, and training for criminal justice agencies.

In FY 2018-19, V/W Assistance Centers had the option to apply for additional funding for a mass victimization advocate position to develop a victim assistance plan to support and enhance immediate response and recovery efforts and establish readiness in response to mass victimization/terrorism incidents.

The V/W Program is supported with funds through the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program, the Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program, and the State Penalty Fund (SPF).

The Victims Legal Resource Center (VR) Program was established by the California State Legislature through passage of Assembly Bill 1176 (Chapter 1443, Statutes of 1985 and codified as California Penal Code Section 13897.1). The Subrecipient of the VR Program, Victims of Crime Resource Center (VCRC) has been assisting victim service providers with information regarding legal rights of crime victims since 1984. The VCRC, located at the University of the Pacific, McGeorge School of Law in Sacramento, is the only organization in California that provides victims of crime statewide with information about their legal rights in the criminal and civil justice systems. The VCRC helps victims of all crimes, in all counties, in any language without any qualifying criteria, to understand their rights, find resources, and feel empowered.

The VCRC operates the 1-800-VICTIMS toll-free hotline number, as well as a website and mobile app to provide information and referral services to crime victims. Victims and service providers can call or text the hotline, email a request for information or help, chat online anonymously with a resource specialist, or use the mobile app to access VCRC services and resource directory. In addition, victim service providers can submit a research request to the VCRC on topics related to the legal rights of victims of crime. The VCRC also conducts outreach presentations to organizations and at community events and provides printed outreach materials, to educate service providers and the public about the services available through the VCRC.

In order to provide exceptional service to victims of crime and service providers, paid staff, interns, and volunteers receive extensive training, including trauma-informed and victim-centered service training, and are supervised by a subject matter expert with many years of qualifying experience.

The VR Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds and State General Funds (SGF).

The Violence Against Women Vertical Prosecution (VV) Program is designed to improve the response of the criminal justice system to violent crimes against women through a coordinated, multidisciplinary prosecutorial process. Specialized units consist of a highly qualified prosecutor and an experienced Victim/Witness Advocate. Subrecipients may also fund an investigator. Program staff are required to maintain a reduced caseload in order to concentrate prosecutorial efforts and resources on individuals who are charged with crimes of domestic violence, dating violence, sexual assault, and /or stalking. Vertical prosecution is shown to improve conviction rates, reduce victim trauma, and provide more consistent and appropriate sentencing.

The VV Program is supported with funds through the federal Services\*Training\*Officers\*Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program.

The Victim Assistance Discretionary Grant Training (VG) Program is funded by the Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program, for the purpose of creating training programs focusing on one of four categories (identified below). All four projects are to include in-person training, followed up by the development of one webinar to be saved for accessibility to Subrecipients of VOCA Victim Assistance Formula Grant Program funds, and service providers who work with victims of crime. Technical assistance must be provided following each training.

Cultural Awareness

Trainings must focus on five marginalized communities and address intersectionality of those types of communities and the development and implementation of language access plans. The trainings are provided by a multi-disciplinary group of trainers, which represent the identified communities. The target audience is victim service and social service providers.

Human Trafficking

Training is to be curriculum-based and focused on identifying and responding to the needs of human trafficking victims. The training addresses the dynamics of labor and sex trafficking, and the unique needs of sexually exploited children and transitional-aged youth. The target audience is victim service providers and first responders, and the trainers are victim service providers and law enforcement.

Trauma-Informed Care

This project provides training and technical assistance to Cal OES-funded victim service programs and victim service providers implementing trauma-informed care. It is provided by victim service providers experienced in trauma-informed care of crime victims.

Additional Victim Service Training Need

This project provides funding for innovative ideas and needs not identified by Cal OES and the VOCA Steering Committee. The target audience is victim service providers and/or others who work with crime victims. The trainers and course topics for this Program are to be determined by the Subrecipient.

The VG Program is supported with federal VOCA funds.

## YOUTH EMERGENCY TELEPHONE REFERRAL NETWORK PROGRAM | 2019

---

As authorized by Assembly Bill 3075 (Chacon, Chapter 1614, Statutes of 1984), the Youth Emergency Telephone Referral Network (YT) Program, operates a non-threatening, toll-free telephone hotline (1-800-843-5200) which connects youth in need of services with appropriate service providers. Youth, parents, or other individuals concerned about a youth's well-being can access the hotline from anywhere in the State via telephone, text, or chat. Hotline counselors provide crisis counseling to callers, and/or referrals connecting youth with available local resources essential to their well-being, such as food, shelter, counseling, outreach, medical services, and/or transportation.

California Coalition for Youth (CCY), has been the sole YT Program Subrecipient since the Program's inception. They maintain Operational Agreements with youth service provider agencies throughout the State to assist in ensuring youth needs are met and to maintain current information about service availability. In operating the California Youth Crisis Line (CYCL), CCY has also worked hard to stay current with technology to reach youth and to remain easily accessible through means more common to youth.

The YT Program is supported with federal Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds and State General Funds (SGF).
