## **EXECUTIVE SUMMARY**

### **INTRODUCTION**

The California Governor's Office of Emergency Services (Cal OES), Office of Grants Management, Victim Services (VS) Branch presents the annual fiscal and programmatic status report to the Joint Legislative Budget Committee for fiscal year (FY) 2020-21. This report provides the Legislature, our stakeholders, and Subrecipients with a comprehensive understanding of the work being accomplished across California through our programs. This report lists each of the VS Branch's programs, Grant Subawards, fund sources, funded amounts, budget program/components, and the resulting statistics gathered for FY 2020-21 (July 1, 2020, to June 30, 2021) for each VS Branch program.

In FY 2020-21, the VS Branch administered approximately \$350 million in funding through programs that respond to victims' needs or promote an effective criminal justice system response to victims. The following pages provide a snapshot of the activities, funding, and statistical data related to the nearly 90 victim services and criminal justice grant programs administered by Cal OES's VS Branch. The below table is a sampling of the total data collected:

# of Individuals Served	# of Shelter Nights Provided	# of Counseling Sessions Provided	# of Criminal Justice Personnel Trained	# of Victim Service Providers Trained
776,506	608,925	522,432	7,725	36,936

Below are Program Highlights that are included to showcase the outstanding efforts of state, local, and community-based victim services and criminal justice organizations that Cal OES's VS Branch funds. The funding allows for prevention, intervention, and enforcement components that work toward achieving a safer California. The need for these services is on-going – without continued state and federal grant funding, many of these exemplary projects would cease to exist.

### **PROGRAM HIGHLIGHTS**

#### **VICTIM/WITNESS ASSISTANCE (VW) PROGRAM**

The VW Program supports Victim Witness Assistance Centers in each of California's 58 counties in their efforts to provide direct victim assistance, outreach, training for victim/witness (V/W) advocates, and a coordinated mass victimization response with allied community partners. The below story highlights the excellent work of one VW Program Subrecipient: the Santa Clara County District Attorney's Victim Services Unit (VSU).

At approximately 6:40 a.m. on Wednesday, May 26, 2021, an employee of Valley Transit Authority (VTA), the primary transit agency in Santa Clara County, shot and killed nine coworkers before killing himself. The victims, all men, had execution style wounds to their heads. Most died immediately but two victims were transported to the hospital and survived a short time before succumbing to their injuries. Nearly 100 employees were present in the building at the time of the killings, and several dozen were direct witnesses who fled the building as gun shots erupted around them. In addition to the shooting, prior to leaving his home to travel to the VTA, the gunman intentionally set a fire at his home by putting bullets in a hot oven, however no one was injured in the arson event.

By 7:30 a.m., the Director of the VSU and the Assistant District Attorney were working with community partners to establish a Family Assistance Center (FAC). The shooting occurred less than two blocks from the District Attorney's Office, and the initial Reunification Center was set up in the auditorium on the first floor of the District Attorney's building. The VSU Mass Victimization Advocate (MVA), other V/W advocates, and Percy, the VSU Facility Dog, were immediately on-hand to assist witnesses, and family members.

Sadly, this was the second high-profile mass victimization event to occur in Santa Clara County in less than two years. In July 2019, a gunman opened fire at the Gilroy Garlic Festival killing three people, including two children. However, the professional relationships established during the Gilroy shooting were critical in helping the VSU respond quickly to assist VTA victims. The Director of the VSU worked with the American Red Cross (ARC), a partner in the Gilroy response, to set up the FAC at ARC headquarters in San Jose. While families waited for updates on their loved ones, V/W advocates provided crisis intervention, translation assistance, emergency financial assistance, and worked with families to complete Victim Compensation applications as needed. Partnering agencies including County Behavioral Health and non-profit agencies like the Bill Wilson Center for Living with Dying, provided grief counseling services.

In the twelve hours after the VTA shooting, V/W advocates supported 145 people, mostly victims' family members, and helped them navigate supportive services. V/W advocates also supported next of kin through seven death notifications.

Funds provided through the VW Program allowed V/W advocates to help victims with emergency food, clothing, and other emergency support. Without this funding, many victims would have continued to struggle to meet basic needs for their family. V/W advocates provided initial emergency vouchers to a general merchandise store and gas vouchers to support client basic needs.

Several months later, the VSU remains in contact with the victims' families and has helped connect them to counseling needs. In addition, the Director of the VSU is currently working with county and VTA leadership to establish a VTA Resiliency Center to provide long-term support to over 2,100 employees, families and first responders.

### **DOMESTIC VIOLENCE HOUSING FIRST (XD) PROGRAM**

The XD Program allocates funding to providers throughout the State to help domestic violence victims gain and retain safe permanent housing, and then provide ongoing, tailored, supportive services. The below XD Program success story is from the Family Assistance Program (FAP) located in Victorville.

Kate, a domestic violence survivor, had heard about FAP's rental assistance program and contacted an advocate. When she called, she was already three months behind on her rent because her abusive partner – the breadwinner – had been removed from her apartment. Kate was having issues with the landlord who would call her daily to inquire about rent. This made Kate feel harassed and added to her stress and anxiety. She was in therapy for the abuse she had suffered and was struggling in her new role as head of household.

FAP's advocate was able to speak to the landlord and explain that FAP would be assisting Kate until she was able to get back up on her feet. This relieved the tension between both parties. When the landlord accepted FAP's assistance, he also agreed to waive all late fees. Kate picked up the rental assistance check from FAP just one week after submitting all the required documents and became current on her rent. Kate felt the extra stress and anxiety fade away and was feeling optimistic, like she really could have a fresh start.

### **IMPROVING OUTCOMES FOR CHILD AND YOUTH VICTIMS OF HUMAN TRAFFICKING (IO) PROGRAM**

The IO Program brings together the Alameda County District Attorney's Office (ACDAO), Cal OES, and the California Department of Social Services (CDSS) to improve outcomes for child and youth victims of human trafficking.

During this fiscal year, the IO Program Subrecipient, the ACDAO, experienced significant challenges resulting from the ongoing COVID-19 pandemic and worked to identify a subcontractor with the experience and capabilities to plan and present a virtual conference online rather than an in-person event as described in their original application.

The virtual *Sharing Learned Experiences in Combatting Human Trafficking* conference took place June 8-9, 2021, with a keynote presentation by Nola Brantley, a well-known and internationally recognized survivor leader in anti-human trafficking advocacy and training. Presenters included multi-disciplinary teams (MDTs) addressing human trafficking cases in Alameda, Humboldt, Los Angeles, Merced, Orange, San Diego, San Luis Obispo, and Santa Barbara counties, as well as representatives from the two Improving Outcomes for Transition Age Youth Pilot (IP) Program sites and executive leadership from ACDAO, Cal OES, and CDSS.

The two-day virtual conference was structured to provide opportunities for participants to engage with presenters in real-time using integrated Q&A features during live streaming of the event. In addition, breakout sessions allowed presenting MDTs to connect with counties across the State in the beginning stages of developing and implementing a multi-disciplinary, cross-agency response to human trafficking and to establish mentoring relationships during and after the conference.

There were 194 individuals who pre-registered for the virtual conference, representing 25 counties statewide.

### **POSTCONVICTION DNA TESTING ASSISTANCE (CK) PROGRAM**

Funding received through the CK Program is used to defray the costs associated with postconviction DNA testing in cases of violent felony offenses in which actual innocence might be demonstrated. There are two CK Program Subrecipients: California Western School of Law (located in San Diego) and Santa Clara University. The below exoneration was the result of Santa Clara University's efforts:

On April 14, 2021, Judge Bowman of the Sacramento County Superior Court ordered that Clifton Jones be released after more than 15 years of wrongful incarceration for the tragic death of his infant son. That tragedy was compounded when Jones was wrongfully arrested and convicted based on medical evidence that has since been proven false.

Lawyers at Santa Clara University's Northern California Innocence Project and the law firm of Kecker, Van Nest & Peters presented the evidence of Jones's innocence to the Sacramento County District Attorney's Office (DA's Office). After completing their investigation, the DA's Office agreed that Jones deserved to be free and filed a motion with the court explaining that the science had changed, and that Jones had used his many years of incarceration to engage in programs and trainings to better himself and prepare for release. Judge

Bowman commended the DA's Office for using their authority in this way and treating Jones as an individual.

Clifton Jones is thrilled to be home with his close-knit family. After his release, the first thing Jones did was visit his son's grave, which he had never been able to see as he was arrested before the funeral. Jones intends to become a resource for others who are freed, helping them get back on their feet when they reenter society.

### **NATIVE AMERICAN DOMESTIC VIOLENCE AND SEXUAL ASSAULT (DS) PROGRAM**

The DS Program provides supportive services to Native American women and their children, who are victims of sexual assault and domestic violence. The below DS Program success story is from United American Indian Involvement, Inc. (UAI) located in Los Angeles.

Karen, an American Indian woman, had just had her child detained by the Department of Child and Family Services (DCFS) because of witnessing domestic violence. She came to UAI displaying feelings of fear, anger, and hopelessness. Karen started attending a weekly support group, was enrolled in a substance abuse program, and was referred to individual/group therapy. As a result, she began to feel good about herself. She kept up with her court dates and individual/group therapy appointments. Karen started developing a relationship with her daughter and eventually regained custody and the DCFS case is pending closure. She started back to school and received her Associate in Arts degree in General Education and obtained her Substance Abuse Certification. Karen is currently employed and has become an advocate for many women in the American Indian community. Karen is very grateful for UAI, and all the services and assistance she received along her journey.

### **CHILD ADVOCACY CENTER (KC) PROGRAM**

Child Advocacy Centers (CACs) are child-friendly facilities in which law enforcement, child protection services, prosecution, mental health, medical, and victim advocacy professionals work together as a team to investigate child abuse while protecting the emotional needs of each child victim. The KC Program supports affiliate, developing, and accredited CACs in California.

One KC Program Subrecipient, the El Dorado County District Attorney's Office, was able to utilize program funding to add an additional victim advocate position to provide in-person advocacy for child victims and their families receiving mental health services at the CAC location. Information about the criminal justice process, crisis intervention, and referrals to other services are provided before, during, and after therapy sessions to support child victims and their families.

## **SEXUAL AND DOMESTIC VIOLENCE PREVENTION (SD) PROGRAM**

The purpose of the SD Program is to expand sexual and domestic violence prevention efforts in California, prioritize marginalized populations within communities, and build the capacity of local organizations through funding primary or secondary prevention methodologies.

Subrecipients selected an area of focus (i.e., solely sexual violence; solely domestic violence or combined sexual and domestic violence), identified a marginalized population to reach, selected an existing, approved prevention strategy and approach to implement. In addition, they identified community resources and included community stakeholders in the process. They also customized prevention materials/curriculum to meet the needs of the local sociocultural environment and disseminated information and prevention materials.

The SD Program also required prevention staff to attend skill-based training, on-going technical assistance and/or networking opportunities offered through Cal OES, the California Department of Public Health, and the California Partnership to End Domestic Violence.

## **DOMESTIC VIOLENCE ASSISTANCE (DV) AND EQUALITY IN PREVENTION AND SERVICES FOR DOMESTIC VIOLENCE (GL) PROGRAMS**

Subrecipients funded through the DV Program and the GL Program (for LGBTQ communities) were augmented with funds through the Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services Grant – Supplemental funding American Rescue Plan (FVPSA ARP) to provide continued flexibility for Subrecipients to prevent, prepare, and respond to the COVID-19 pandemic and public health emergency.

Specifically, these funds are intended to help domestic violence services agencies to provide shelter, temporary housing, supportive services, information, and assistance to adult and youth victims of family violence, domestic violence, or dating violence, as well as the victims' family and/or household members. The use of these funds allows agencies to adapt to the fluctuating and multifaceted needs of individuals within local domestic violence programs, and their respective communities, made more complex by the COVID-19 pandemic and public health emergency.

**1. Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program (Formula Grant Program)**

The VOCA Formula Grant Program is authorized by the Victims of Crime Act of 1984 (34 U.S.C. § 20103 (a) and (b)).

VOCA authorizes federal financial assistance to states through the VOCA Formula Grant Program for the purpose of supporting eligible crime victim assistance programs that: 1) respond to the emotional and physical needs of victims of crime; 2) help primary and secondary victims of crime to stabilize their lives after a victimization; 3) help victims of crime understand and participate in the criminal justice system; and 4) provide victims of crime with a measure of safety and security. Crime victim is defined as any person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime.

**2. Services\*Training\*Officers\* Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program**

The STOP VAW Formula Grant Program was authorized in 1994 through the Violence Against Women Act (VAWA). VAWA, Public Law 103-322 was reauthorized in 2000, 2005 and most recently in 2013. The STOP Formula Grant Program is administered by the Office on Violence Against Women, Office of Justice Programs, U.S. Department of Justice.

The STOP Formula Grant Program promotes the development and the implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. States and communities are encouraged to restructure and strengthen the criminal justice system response to domestic violence, sexual assault, and stalking, drawing upon the experience of all participants in the system.

**3. The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services (FVPS) Grant**

The FVPS Grant is authorized by 42 U.S.C. § 10401, Family Violence Prevention and Services Act.

The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services grant, administered through the Administration on Children, Youth and Families' (ACYF) Family and Youth Services Bureau (FYSB), is designed to assist states in their efforts to support the establishment, maintenance, and expansion of programs and projects to:

1) prevent incidents of family violence, domestic violence, and dating violence; 2) provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and 3) provide specialized services for children exposed to family violence, domestic violence, or dating violence including victims who are members of underserved populations (45 CFR § 1370.10(a)).

#### **4. Children's Justice Act (CJA) Grants to States Program**

The CJA Grants to State Program is authorized by Section 107(a) of the Child Abuse Prevention and Treatment Act (P.L. 111-320).

The purpose of the CJA Grant is to assist States in developing, establishing and operating programs designed to improve: (1) the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family; (2) the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities; (3) the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and (4) the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

#### **5. Sexual Assault Services Formula Program (SASP)-specific to the RC Program**

The Sexual Assault Services Formula Program (SASP) is authorized by 34 U.S.C. § 12511. SASP was created by the Violence Against Women and Department of Justice Reauthorization Act of 2005, as amended by the technical amendments to that act, and is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault.

The SASP Formula Program directs grant dollars to states and territories to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs that provide core services, direct intervention, and related assistance to victims of sexual assault. Rape crisis centers and other nonprofit and tribal organizations, such as dual programs providing both sexual violence and domestic violence intervention services, play a vital role in assisting sexual assault victims through the healing process, as well as assisting victims through the medical, criminal justice, and social support systems. Funds provided through the SASP Formula Program are designed to supplement other funding sources directed at addressing sexual assault at the state and territorial level.

**6. State General Fund (SGF)**

The California State Budget Act authorizes funding, in statute, each fiscal year to specific programs. These programs support services for victims including, but not limited to, housing for homeless youth, legal resources and information, family violence prevention, and training and technical assistance.

\*For 2020-21

**7. State Penalty Fund (SPF)**

The State Penalty Fund was created as a depository for assessments on specified fines, penalties, and forfeitures imposed and collected by the courts for criminal offenses and used to support victim services programs, amongst others. These State funds can be used for match requirements following the provisions of the *Subrecipient Handbook*, Section 6522.

A Child Advocacy Center (CAC) is a child-friendly facility in which law enforcement, child protection, prosecution, mental health, medical, and victim advocacy professionals work together to investigate abuse and help children heal from abuse. A CAC provides a neutral setting where a child is able to tell their story just once to a trained interviewer in a way that does not re-traumatize the child.

The purpose of the Child Advocacy Center (KC) Program is to fund affiliate, developing, and accredited CACs in California so they can implement and/or enhance their direct services, including therapy, courtroom preparation, victim advocacy, and case management.

The KC Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

## COURT APPOINTED SPECIAL ADVOCATES PROGRAM | 2022

---

The purpose of the Court Appointed Special Advocates (KS) Program is to increase the number of children in foster care who receive advocacy services from a Court Appointed Special Advocate (CASA) Volunteer and to increase the services CASA programs provide to children in foster care.

CASAs are trained community volunteers appointed by juvenile court judges to advocate for children who were placed into the protective custody of the child welfare system due to abuse or neglect. CASAs review court facts and documents pertaining to the child's case and submit formal reports to the judge at every scheduled hearing/review. The CASA monitors the child's case to assure that the judicial and child welfare systems are moving ahead to secure a safe, permanent home for the child, and that court-ordered services are provided to the child.

The KS Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Electronic Suspected Child Abuse Report System (ES) Program is to improve the system of information sharing among multidisciplinary agencies to include: county child welfare departments, California Department of Social Services, local law enforcement agencies, and the local district attorney's office through a shared database system. Cal OES Subrecipients provide leadership, oversight, support, training, and technical assistance to other collaborating government agencies with the intention of eliminating inconsistencies and gaps in the current process.

The Child Abuse and Neglect Reporting Act requires mandated reporters to report suspected abuse or neglect to a designated agency. Written reports are completed through the *Suspected Child Abuse Report (SCAR)*; this document must be cross reported among the county probation or welfare department, the local law enforcement agency, and the district attorney's office.

The ES Program is supported with funds through the federal Children's Justice Act Grants to States Program (CJA0).

The purpose of the Human Trafficking Victim Assistance (HV) Program is to help human trafficking victims recover from the trauma they experienced and assist with reintegration into society through the provision of comprehensive safety and supportive services using a trauma-informed, victim-centered approach.

Required components of the HV Program include, but are not limited to: access to a 24-hour crisis hotline for victims; emergency shelter and temporary housing assistance; emergency food and clothing; and counseling. Organizations that receive funding through the HV Program must also ensure staff working with human trafficking victims qualify as Human Trafficking Caseworkers as described in Evidence Code § 1038.2, and are trained according to the minimum requirements therein.

Since fiscal year 2019-20, many HV Program Subrecipients shifted focus to better identify and serve victims of labor trafficking as well as sex trafficking. Examples have included additional training for victim service advocates and partner organizations (such as hospital/health clinic staff), co-locating human trafficking caseworkers in hospitals, clinics, and family justice centers, and the development of local multi-disciplinary teams with expertise in addressing the needs of labor trafficking victims. Beginning in fiscal year 2020-21, HV Program Subrecipients have worked to integrate remote access to their services, such as through text and mobile apps, to preserve accessibility to services for victims impacted by stay-at-home orders issued due to COVID-19.

The HV Program is supported through State General Funds (SGF) – Human Trafficking Victim Assistance (HTVA).

# IMPROVING OUTCOMES FOR CHILD AND YOUTH VICTIMS OF HUMAN TRAFFICKING PROGRAM | 2022

---

The Improving Outcomes for Child and Youth Victims of Human Trafficking (IO) Program brings together the Alameda County District Attorney's Office (ACDAO), Cal OES, and the California Department of Social Services to improve outcomes for child and youth victims of human trafficking.

The following are the goals of the IO Program:

- 1) Engage in detailed planning with a multidisciplinary team of state leaders and stakeholders;
- 2) Create pilot projects which focus on improving outcomes for child and youth victims of human trafficking (see the Improving Outcomes for Transition Age Youth Victims of Human Trafficking Pilot (IP) Program for additional information);
- 3) Develop and conduct a comprehensive multiday, multidisciplinary training to identify best practices and improve coordinated local responses;
- 4) Evaluate existing and new program models to determine the impact of outcomes for child and youth victims of human trafficking, and to identify effective strategies; and
- 5) Use evaluation results to inform and drive statewide scaling.

The ACDAO is responsible for delivery of goals 1, 3, and 4 under the IO Program.

The IO Program is supported with funds through the federal Improving Outcomes for Child & Youth Victims of Human Trafficking Program (IOCV). Funds were allocated in FY 2017-18. This was a one-time funded program that ended August 31, 2021.

## 2020-21 PERFORMANCE STATISTICS

The IO Program is not a direct services program, rather, the goals and objectives focus on supporting regional and statewide strategies for collaboration and coordination of services to improve outcomes for child and youth victims of human trafficking. IO Program activities during this period include the following:

- Developing evaluation and data collection instruments (through subcontractor WestEd) to support third party evaluation of services and supports implemented by the IP Program Subrecipients;

## IMPROVING OUTCOMES FOR CHILD AND YOUTH VICTIMS OF HUMAN TRAFFICKING PROGRAM | 2022

---

- Providing technical assistance through capacity-building meetings (through subcontractor WestEd) to the IP Program Subrecipients. During this period, WestEd provided 37 technical assistance sessions to IP Program Subrecipients;
- Planning and logistical coordination for the first of two collaborative learning exchanges between the IP Program Subrecipients (through subcontractor WestEd). The first, which focused on establishing and working with multi-disciplinary teams, occurred in August 2020 via video/teleconference due to COVID-19 pandemic restrictions. The second focused on client services, occurred in March 2021, again, via video/teleconference; and
- Planning and hosting the comprehensive, multiday, multidisciplinary training, which occurred June 7 – 8, 2021. ACDAO gathered a diverse group of participants for the virtual Multi-day Conference. The forum of speakers represented a spectrum of knowledge and experience in Combatting Human Trafficking. Speakers for the event included representatives throughout the State from district attorney's offices, victim witness, probation, tribes, service providers, and most inspiringly, people with lived experience. The conference provided an opportunity for conversation and considerations, as well as a call to action, for expansion of the commission and task forces in California. Speakers gave presentations on topics relevant to human trafficking in their communities and disciplines, and then led conversations in breakout rooms. The pilot projects presented on their experience with the implementation of their programs and lessons learned.

# IMPROVING OUTCOMES FOR TRANSITION AGE YOUTH VICTIMS OF HUMAN TRAFFICKING PILOT PROGRAM | 2022

---

The purpose of the Improving Outcomes for Transition Age Youth Victims of Human Trafficking Pilot (IP) Program is to develop strategies to address specified gaps in the identification, engagement, and provision of services to Transition Age Youth (TAY) – young people between the ages of 16 and 24 – who are not currently involved in the juvenile justice or child welfare systems, or who may be in transition from foster care or other form of court jurisdiction, and are at-risk or victims of human trafficking.

IP Program Subrecipients work closely with the IO Program's subcontractor (WestEd) to develop strategies to successfully identify, engage, and provide services to TAY who are at-risk, or victims of human trafficking. The results of the IP Program will culminate in a written report which will be used to inform and drive statewide policy related to improving outcomes for child and youth victims of human trafficking. IP Program Subrecipients took part in the IO Program's comprehensive, multiday, multidisciplinary training, in June 2021, sharing lessons learned.

The IP Program was supported with funds through the federal Improving Outcomes for Child & Youth Victims of Human Trafficking Program (IOCV). Funds were allocated in FY 2018-19. This was a one-time funded program that ended May 31, 2021.

The purpose of the Paul Coverdell Forensic Science Improvement Act (CQ) Program is to improve the quality, timeliness, and credibility of forensic science services over current operations.

This is accomplished through training for forensic scientists on improving laboratory efficiency, courtroom testimony, and by supporting dedicated personnel time for reducing backlog and shortening the time for case analysis. All crime laboratories must validate their eligibility by certifying their accreditation status with an appropriate certifying body such as the American Association for Laboratory Accreditation, ANSI National Accreditation Board, or the National Association of Medical Examiners.

The CQ Program is supported with funds through the federal Paul Coverdell Forensic Science Improvement Act Program (FSIA).

The purpose of the Probation Specialized Units (PU) Program is to support specialized units within probation departments in California to provide focused supervision, through a reduced caseload, to probationers of crime involving domestic violence, sexual assault, dating violence, and/or stalking.

This is accomplished with a specialized unit of least one probation officer providing continued support to a reduced caseload of probationers convicted of a felony crime. The selection of probationers is based on the severity of the crime and supervision techniques are conducted at least 40% of the time in person. The probation officer is required to monitor counseling/treatment progress; conduct risk assessments; review police logs; conduct periodic drug testing; and provide resource and referral assistance. Victims are also contacted on a routine basis to inform them of the role of the probation officer, terms and conditions of the offender’s probation including any changes, and appropriate victim services.

The PU Program is supported with federal funds through the federal Services\*Training\*Officers\*Prosecutors Violence Against Women Formula Grant Program (STOP).

## SEXUAL AND DOMESTIC VIOLENCE PREVENTION PROGRAM | 2022

---

The purpose of the Sexual and Domestic Violence Prevention (SD) Program is to expand sexual and domestic violence prevention efforts in California, prioritize marginalized populations within communities, and build the capacity of local organizations through funding primary or secondary prevention methodologies.

This is accomplished by selecting an area of focus (i.e., solely sexual violence; solely domestic violence or combined sexual and domestic violence); identifying a marginalized population to reach; selecting an existing approved prevention strategy and approach to implement; identifying community resources and include community stakeholders in the process; customizing prevention materials/curriculum to meet the needs of the local sociocultural environment; and disseminate information and prevention materials.

Due to the ongoing COVID-19 pandemic, prevention programs were held virtually through Zoom, Google Classroom, and social media platforms, when in-person training was not an option.

The SD Program is supported with one-time State General Funds (SGF) – Family Violence Prevention (FV00).

The purpose of the Victim Information and Notification Everyday (VN) Program is to track the location of inmates while incarcerated and inform victims of changes to incarceration location and/or release. The VN Program, also known as VINE, supports the National Victim Notification Network services providing access to timely and reliable information about criminal cases and the custody status of offenders, 24-hours per day.

This is accomplished by providing crime victims with VINE tracking service access; recording direct services; providing services regardless of immigration status; and providing free notification services. Victims and other concerned citizens can register by phone, email, text message, or TTY device to be notified whenever an offender's custody status changes. The system communicates with jail and prison booking systems in near real-time by transmitting updated information to the Appriss Data Network, which manages the automated interfaces and monitors offender status. VINE utilizes a free downloadable app via cellphone, laptop, or computer. When a change in the custody status of an offender occurs, county jails and state prison facilities transmit information through Appriss, which then immediately notifies registered crime victims of the offender's new status.

The VN Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), State Penalty Fund (SPF) – Victim-Witness Assistance (VWA0), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Victim Witness Assistance (VW) Program is to maintain Victim Witness Assistance Centers (Centers), in each of California's 58 counties, to provide comprehensive services to victims and witnesses of all types of violent crime, pursuant to California Penal Code § 13835.

The required components of the VW Program include, but are not limited to: crisis intervention; emergency assistance; orientation to the criminal justice system; court escort; case status/disposition; victim compensation claims assistance; direct counseling; property return; notification of family, friends, and employers; resource and referral assistance; restitution assistance (upon request of the victim); outreach; public presentations; and training for criminal justice agencies. Centers are located in district attorney's offices, in probation departments, county sheriff's offices, and in non-governmental organizations.

The VW Program also provides for a mass victimization advocate (MVA) position to develop and implement a victim assistance plan to support and enhance immediate response and recovery efforts and establish readiness in response to criminal mass victimization/terrorism incidents.

The VW Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), State Penalty Fund (SPF) – Victim-Witness Assistance (VWA0), federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA), and federal Services\*Training\* Officers\* Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Victims Legal Resource Center (VR) Program is to provide statewide access to information regarding legal rights of crime victims and resources to meet the needs of victims of crime, as described in the California Penal Code §13897.

The VR Program Subrecipient helps victims of all crimes, in all counties, in any language without any qualifying criteria, to understand their rights, find resources, and feel empowered. Victims and service providers can call or text the 1-800-VICTIMS hotline, email a request for information or help, chat online anonymously with a resource specialist, or use the mobile app to access services and the resource directory.

The VR Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), State General Funds (SGF) – Victims Legal Resource Center (VLRC), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

# VIOLENCE AGAINST WOMEN VERTICAL PROSECUTION PROGRAM | 2022

---

The purpose of the Violence Against Women Vertical Prosecution (VV) Program is to improve the criminal justice system's response to violent crimes against women through a coordinated, multi-disciplinary, prosecutorial response including specialized units with a highly qualified prosecutor and victim advocate.

This is accomplished by providing Vertical Prosecution, when a prosecutor and a victim advocate are assigned to a case from the initial filing of charges through the penalty phase. Program staff are required to attend regularly scheduled, multi-disciplinary meetings in the project service area and maintain a reduced caseload to concentrate prosecutorial efforts and resources on individuals who are charged with crimes of domestic violence, dating violence, sexual assault, and/or stalking. Vertical prosecution is shown to improve conviction rates, reduce victim trauma, and provide more consistent and appropriate sentencing.

The VV Program is supported with funds through federal Services\*Training\*Officers\*Prosecutors Violence Against Women Formula Grant Program (STOP).

VV PROGRAM

The purpose of the Victims of Crime Act Training (VG) Program\* was to provide training to Subrecipients of federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA) funds and service providers who work with victims of crime. Trainings on the following four topics areas were developed and provided: Cultural Awareness, Human Trafficking, Trauma-Informed Care, and Lesbian, Gay, Bisexual, Transgender, and Queer and male victims of crime.

In addition to the training, VG Program Subrecipients were required to implement the following components: provide technical assistance to trainees after each training; develop a system for receiving, tracking, and responding to requests for training and technical assistance; create a process for trainees to evaluate the training; and provide scholarships for victim service providers to attend trainings (if scholarships were offered, the VG Program Subrecipient was required to develop a method for fairly awarding scholarships).

In March 2020, VG Program Subrecipients canceled the majority of in-person trainings due to the COVID-19 pandemic and resulting shelter in place and social distancing orders. VG Program Subrecipients pivoted to videoconference and virtual meeting platforms to provide these trainings. The VG Program ended August 31, 2020.

The VG Program was supported with the following federal funds: Victim Assistance Discretionary Grant Training Program (VADG), and Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

## YOUTH EMERGENCY TELEPHONE REFERRAL NETWORK PROGRAM | 2022

---

The purpose of the Youth Emergency Telephone Referral Network (YT) Program is to connect youth in need of services with the appropriate service agencies. The telephone referral network hotline has been set up as a non-threatening, toll-free number, which can be accessed by youth, and their families, anywhere in the State.

Hotline counselors assist callers via the phone line, text, or online chat. They counsel callers and connect them to appropriate service providers, providing a warm hand-off and terminating participation in the call once a connection has been made. Callers can also use the hotline as a message center for parents, guardians, and/or youth who wish to communicate with each other but do not want to speak directly.

The YT Program is supported with the following funds: State General Funds (SGF) – Youth Emergency Telephone Referral (YET0), State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).
