Program Overview

The State of California’s Office of Emergency Services (Cal OES) has announced the FY 2017 California State Nonprofit Security Grant Program (CSNSGP) which makes available $2,000,000 statewide for U.S. nonprofit organizations that are determined to be at high-risk of terrorist attack due to their ideology, beliefs, or mission.

Eligible organizations must be located within the state of California.

Each Nonprofit may apply for an award of up to $75,000.
The California Governor's Office of Emergency Services (Cal OES), Grants Management, is soliciting proposals for the California State Nonprofit Security Grant Program (CSNSGP) for fiscal year (FY) 2017.

The purpose of the CSNSGP is to provide funding support for target hardening and other physical security enhancements to nonprofit organizations that are at high risk of a terrorist attack. It closely models the federal DHS/FEMA Nonprofit Security Grant Program (NSGP) and complements the NSGP’s efforts to build and sustain the National Preparedness Goals and Capabilities across prevention, protection, response and recovery mission areas.

Organizations eligible to submit CSNSGP Investment Justification (IJ) applications are described under Section 501(c)(3) of the Internal Revenue Code of 1986 (IRC) and exempt from tax under Section 501(a) of such code and are located within the State of California, that are considered to be at high risk of terrorist attack due to their ideology, beliefs, or mission.

Using the core capabilities the National Preparedness Goal is achieved through five mission areas: Prevention, Protection, Mitigation, Response, and Recovery.

The goal of this grant is to integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts.
