- C – FY 2020 HSGP Application Checklist

Federal Program Announcement

In April 2020, the U.S. Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA) issued the Fiscal Year (FY) 2020 Homeland Security Grant Program (HSGP), [Notice of Funding Opportunity](#) (NOFO) and the *FEMA Preparedness Grants Manual*.

Subrecipients must follow the programmatic requirements in the NOFO, FEMA Preparedness Grants Manual, and the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located in [Title 2, Code of Federal Regulations \(C.F.R.\), Part 200](#).

Information Bulletins

DHS issues [Information Bulletins](#) (IBs) to provide updates, clarification, and new requirements throughout the life of the grant.

Grant Management Memoranda

Cal OES issues [Grant Management Memoranda](#) (GMMs) which provide additional information and requirements regarding HSGP funds.

Purpose of the California Supplement

The FY 2020 HSGP California Supplement to the NOFO (State Supplement) is intended to complement, rather than replace, the NOFO and the FEMA [Preparedness Grants Manual](#). It is recommended that Applicants thoroughly read the NOFO and the Preparedness Grants Manual before referring to the State Supplement. The State Supplement will emphasize differences between the FY 2019 and FY 2020 HSGP and highlight additional California policies and requirements applicable to FY 2020 HSGP.

Eligible Subrecipients

Eligible Applicants, referred to as Subrecipients, include Counties/Operational Areas (OAs), Urban Areas (UAs), State Agencies (SAs), Departments, Commissions, and Boards who have or can obtain appropriate state Department of Finance budget authority for awarded funds, and federally-recognized tribes located in California.

Tribal Allocations

The NOFO strongly encourages Cal OES to provide HSGP funds directly to tribes in California. To implement this requirement, a special Request for Proposal will be issued to California's federally-recognized tribes. All Subrecipients are encouraged to coordinate with tribal governments to ensure that tribal needs are considered in their grant applications.

Subrecipient Allocations	FY 2020 HSGP Subrecipient allocations are included in Attachment A.
Supplanting	Grant funds must be used to supplement existing funds, not replace (supplant) funds that have been appropriated for the same purpose. Subrecipients may be required to provide supporting documentation that certifies a reduction in non-federal resources that occurred for reasons other than the receipt or expected receipt of federal funds. Supplanting will result in the disallowance of the activity(ies) associated with this improper use of the federal grant funds.
Public/Private Organizations	Subrecipients may contract with other public or private organizations to perform eligible activities on approved HSGP projects.
Debarred/ Suspended Parties	<p>Subrecipients must not make or permit any award (subaward or contract) at any tier, to any party, that is debarred, suspended, or otherwise excluded from, or ineligible for, participation in federal assistance programs.</p> <p>Subrecipients must obtain documentation of eligibility before making any subaward or contract using HSGP funds and must be prepared to present supporting documentation to monitors/auditors.</p> <p>Before entering into a Grant Subaward, the Subrecipient must notify Cal OES if it knows if any of the principals under the subaward fall under one or more of the four criteria listed at 2 C.F.R. § 180.335. The rule also applies to Subrecipients who pass-through funding to other local entities.</p> <p>If at any time after accepting a subaward, Subrecipients learn that any of its principals fall under one or more of the criteria listed at 2 C.F.R. § 180.335, immediate written notice must be provided to Cal OES and all grant activities halted until further instructions are received from Cal OES. The rule also applies to subawards passed through by Subrecipients to local entities.</p>
Key Changes to the FY 2020 HSGP	<ul style="list-style-type: none"> • A minimum of 5% of total awarded funds must be allocated towards each of the four national priority areas, each with their own designated Investment Justification.

**Key Changes to
the FY 2020
HSGP (cont.)**

- Enhancing cybersecurity (including election security);
 - Enhancing the protection of soft targets/crowded places (including election security);
 - Enhancing information and intelligence sharing and cooperation with federal agencies, including DHS; and
 - Addressing emerging threats (e.g., transnational criminal organizations, weapons of mass destruction [WMDs], unmanned aerial systems [UASs], etc.).
- Governing Body Resolutions (GBR) may be valid for up to three years and can be used for multiple grant programs, provided certain criteria is met.
 - Effective August 13, 2020, the John S. McCain National Defense Authorization Act for Fiscal Year 2019 prohibits FEMA Recipients and Subrecipients (including their contractors and subcontractors) from obligating or expending federal funds on certain telecommunications products and contracting with certain entities for national security reasons.

FY 2020 National Priorities

DHS/FEMA annually publishes the [National Preparedness Report](#) (NPR) to report national progress in building, sustaining, and delivering the core capabilities outlined in the goal of a secure and resilient nation. This analysis provides a national perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of concern.

HSGP Subrecipients are required to prioritize grant funding to demonstrate how investments support closing capability gaps or sustaining capabilities identified in the Threat Hazard Identification and Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR_ process.

DHS/FEMA continually assess changes to the threat landscape to further the National Preparedness Goal (NPG) of a secure and resilient nation. The following are national priority areas for FY 2020:

- Enhancing cybersecurity (including election security);
- Enhancing the protection of soft targets/crowded places (including election security);
- Enhancing information and intelligence sharing and cooperation with federal agencies, including DHS; and
- Addressing emerging threats (e.g., transnational criminal organizations, WMDs, UASs, etc.).

Subrecipients are required to allocate 5% of their subaward towards projects that fall within each of the national priority areas, totaling 20% of their subaward. Both Enhancing Cybersecurity (IJ #3) and Enhancing the Protection of Soft Targets/Crowded Places (IJ #2) must each comprise of one election security project (no minimum allocation amount for election security projects).

National Priority projects will be reviewed for effectiveness by DHS/FEMA in the December 2020 BSIR and must be deemed effective prior to the obligation or expenditure of funds. Project costs incurred prior to DHS/FEMA project approval will not be allowable.

Projects may require additional information for DHS/FEMA to determine effectiveness of the project. In these cases, the project will remain on hold pending submission of the requested information and DHS/FEMA approval.

FY 2020 National Priorities (cont.)

Once a project is deemed effective by DHS/FEMA, any modification to the project requires DHS/FEMA approval.

Effectiveness will be evaluated based on the following five factors:

- **Investment Strategy (30%):** Proposals will be evaluated based on the quality and extent to which Applicants describe an effective strategy that demonstrates that proposed projects support the program objective of preventing, preparing for, protecting against, and responding to acts of terrorism, to meet its target capabilities, and otherwise reduce the overall risk to the high-risk urban area, the state, or the nation.
- **Budget (10%):** Proposals will be evaluated based on the extent to which Applicants describe a budget plan for each investment demonstrating how the Applicant will maximize cost effectiveness of grant expenditures.
- **Impact/Outcomes (30%):** Proposals will be evaluated on how this investment helps the jurisdiction close capability gaps identified in its Stakeholder Preparedness Review and addresses national priorities outlined in the FY 2020 NOFO. Further, proposals will be evaluated on their identification and estimated improvement of core capability(ies), the associated standardized target(s) that align with their proposed investment, and the ways in which the Applicant will measure and/or evaluate improvement.
- **Collaboration (30%):** Proposals will be evaluated based on the degree to which the proposal adequately details how the Recipient will use investments and other means to overcome existing logistical, technological, legal, policy, and other impediments to collaborating, networking, sharing information, cooperating, and fostering a culture of national preparedness with federal, state, tribal, and local governments, as well as other regional and nonprofit partners in efforts to prevent, prepare for, protect against, and respond to acts of terrorism, to meet its target capabilities, support the national security mission of DHS and other federal agencies, and to otherwise reduce the overall risk to the high-risk urban area, the state, or the nation. In evaluating Applicants under this factor, FEMA will consider the information provided by the Applicant and may also consider relevant information from other sources.

FY 2020 National Priorities (cont.)

- **Past Performance (additional consideration):** Proposals will be evaluated based on Applicant’s demonstrated capability to execute the proposed investments. In evaluating Applicants under this factor, FEMA will consider the information provided by the Applicant and may also consider relevant information from other sources.

Subrecipients who are unable to meet the 5% requirement for each national priority area may submit a waiver request. Waiver requests for each priority area will be approved on a case-by-case basis and can only be approved after the State, as a whole, has met or exceeded the 5% national priority requirement for each area.

A detailed description of allowable investments for each national priority is included in the [FY 2020 HSGP NOFO \(Page 4-6\)](#).

National Campaigns and Programs

Whole Community Preparedness – Subrecipients should engage with the whole community to advance individual and community preparedness and to work as a nation to build and sustain resilience. In doing so, Subrecipients are encouraged to consider the needs of individuals with disabilities and limited English proficiency in the activities and projects funded by the grant.

Subrecipients should utilize established best practices for whole community inclusion and engage with stakeholders to advance individual and jurisdictional preparedness and resilience. In doing so, Subrecipients are encouraged to consider the necessities of all Californians in the activities and projects funded by the grant including individuals with access or functional needs, defined as:

Individuals with physical, developmental or intellectual disabilities, chronic conditions or injuries, or limited English proficiency; or, individuals who are older adults, children, low income, homeless, transportation disadvantaged, or pregnant.

Active Shooter Preparedness – DHS developed a comprehensive [Active Shooter Preparedness website](#), which strives to enhance national preparedness through a whole-community approach by providing the necessary products, tools, and resources to help all stakeholders prepare for and respond to an active shooter incident. Subrecipients are encouraged to review the referenced active shooter resources and evaluate their preparedness needs.

National Campaigns and Programs (cont.)

Soft Targets and Crowded Places – States, territories, UAs, and public and private sector partners are encouraged to identify security gaps and build capabilities that address security needs and challenges related to protecting locations which are open to the public and to use resources to instill a culture of awareness, vigilance, and preparedness. For more information, please see DHS's [Hometown Security Program](#).

Community Lifelines – FEMA has a lifeline construct to enable the operational continuity of government and critical business essential to human health, safety, or economic security during and after a disaster. These lifelines enable a true unity of effort between government, non-governmental organizations, and the private sector, including infrastructure owners and operators. Additional information may be found at the [Community Lifelines Implementation Toolkit website](#).

Strategic Framework for Countering Terrorism and Targeted Violence – Terrorist organizations remain a core priority of DHS's counterterrorism efforts and DHS will continue to make substantial progress in the ability to detect, prevent, protect against, and mitigate the threats these groups pose. DHS developed the DHS Strategic Framework for Countering Terrorism and Targeted Violence which explains how the department will use the tools and expertise that have protected and strengthened the country from foreign terrorist organizations to address the evolving challenges of today.

National Cybersecurity Review

The [National Cybersecurity Review \(NCSR\)](#) is a required assessment for all Subrecipients of State Homeland Security Program (SHSP) and Urban Areas Security Initiative (UASI) funding to be completed between October and December 2020.

The NCSR is a no-cost, anonymous, and annual self-assessment designed to measure gaps and capabilities of state, local, tribal, territorial, nonprofit, and private sector agencies' cybersecurity programs.

The Chief Information Officer (CIO), Chief Information Security Officer (CISO), or equivalent should complete the NCSR. If there is no CIO or CISO, the most senior cybersecurity professional should complete the assessment. Additional information may be found in [IB 439](#) and [429a](#).

**NIMS
Implementation**

Prior to the allocation of any federal preparedness awards in FY 2020, Subrecipients must ensure and maintain the adoption and implementation of the [National Incident Management System](#) (NIMS).

**Law
Enforcement
Terrorism
Prevention
Activities**

A minimum of 25 percent of FY 2020 HSGP funds must be dedicated to Law Enforcement Terrorism Prevention Activities (LETPA). To leverage funds for LETPA, activities outlined in the National Prevention Framework and National Protection Framework are eligible for use of LETPA-focused funds. All other terrorism prevention activities proposed for funding under LETPA must be formally pre-approved by FEMA. Refer to [IB 412](#) for additional information.

**Management
and
Administration**

The Management and Administration (M&A) allowance for Subrecipients is set at a maximum of 5% for FY 2020 HSGP.

Indirect Costs

Indirect costs are allowable under the FY 2020 HSGP Grant Award. Subrecipients who claim indirect costs may do so, provided they use one of the following two methods:

1. Subrecipients with an indirect cost rate approved by their cognizant federal agency may claim indirect costs based on the established rate. Indirect costs claimed must be calculated using the base approved in the indirect cost negotiation agreement. A copy of the approved negotiation agreement is required at the time of application.
2. Subrecipients who have never received a negotiated indirect cost rate and receive *less than* \$35 million in *direct* federal funding per year may claim the 10 percent de minimis indirect cost rate based on Modified Total Direct Costs (MTDC) as described in [2 C.F.R. § 200.68](#) and Subpart E.

Indirect costs are *in addition to* the M&A allowance and must be included in the Grant Award application as a “Project” and reflected in the Financial Management Forms Workbook (FMFW) on the Indirect cost category ledger if being claimed under the award.

Indirect costs must be based on the claimed direct project costs, excluding equipment expenditures and other distorting items. Up to \$25,000 of each subaward may be included as a direct project cost when calculating indirect costs based on MTDC.

**Indirect Costs
(cont.)**

Indirect costs must be claimed no more than once annually, and only at the end of the Subrecipient's fiscal year. An exception to this rule applies if there is a mid-year change to the approved indirect cost rate; in this case, costs incurred to date must be claimed. At that time, a Grant Subaward Modification reflecting the rate change must also be submitted to Cal OES, along with a copy of the new indirect cost rate agreement.

**Organization
Costs - Overtime**

Operational overtime costs are allowable *for increased security measures at critical infrastructure sites* if associated with detecting, deterring, disrupting, and preventing acts of terrorism and other catastrophic events.

Pursuant to page A-17 of the [Preparedness Grants Manual](#), all operational overtime requests must clearly explain how the request meets the criteria of one or more of the categories listed in *Table 2: Authorized Operational Overtime Categories*.

Requests must address the threat environment as it relates to the event or activity requiring operational overtime support and explains how the overtime activity is responsive to the threat. Post-event operational overtime requests will only be considered on a case-by-case basis, where it is demonstrated exigent circumstances prevented submission of a request in advance of the event or activity. Requests for overtime costs must be submitted to Cal OES via the [Request for Operational Overtime Form](#) at the time of application, if the activity will occur within one year of the final application submission. All subsequent requests must be submitted at least 60 days in advance of the activity. **All operational overtime costs must be formally pre-approved in writing by DHS/FEMA.**

Personnel Cap

Pursuant to [6 U.S.C. § 609\(b\)](#), SHSP and UASI funds may be used for personnel costs, totaling up to 50 percent of each fund source. A Subrecipient may request this requirement be waived by DHS/FEMA, via Cal OES. Requests for personnel cap waivers must be submitted separately for each fund source in writing to the Program Representative on official letterhead, with the following information:

**Personnel Cap
(cont.)**

- Documentation explaining why the cap should be waived;
- Conditions under which the request is being submitted; and
- A budget and method of calculation of personnel costs both in percentages of the Grant Award **and** in total dollar amount (waivers must be calculated separately for SHSP and UASI, outlining salary, fringe benefits, and any M&A costs).

Subrecipient requests to exceed the personnel cap must be received by Cal OES at the time of application. Subaward modifications impacting the personnel cap will be reviewed on a case-by-case basis and may require the submittal of the above-mentioned information.

Please see [B 421b](#) for more information on the waiver process.

**Equipment
Typing/
Identification
and Use**

Allowable HSGP equipment is listed on the [FEMA Authorized Equipment List](#) (AEL) website.

Subrecipients that allocate FY 2020 HSGP funds towards equipment are required to type and identify the capability associated with that equipment. The [FEMA Resource Typing Library Tool \(RTL\)](#) can be used to help determine the type and capability.

Per FEMA policy, the purchase of weapons and weapon accessories are not allowed with HSGP funds. Special rules apply to pharmaceutical purchases, medical countermeasures, and critical emergency supplies; refer to page A-22 of the Preparedness Grants Manual for additional information.

Expenditures for general purpose equipment are allowable if they align to and support one or more core capabilities identified in the NPG, and in addition, are deployable/sharable through the Emergency Management Assistance Compact and allowable under 6 U.S.C. § 609. Refer to the NOFO for examples of allowable general-purpose equipment.

**Equipment
Maintenance/
Sustainment**

Use of HSGP funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable as described in FEMA [IBs 336](#) and [379](#), as well as Grant Programs Directorate (GPD) Policy [FP-205-402-125-1](#).

**Emergency
Communications
Projects**

All Subrecipient emergency communications projects must comply with the SAFECOM Guidance on Emergency Communications Grants and describe in their FMFW how such activities align with the goals of the Statewide Communications Interoperability Plan.

Subrecipients are encouraged to update their Tactical Interoperable Communications Plan (TICP) and make it available upon request. Updating a TICP is an eligible activity under the FY 2020 HSGP.

**Telecom
Equipment and
Services
Prohibitions**

Effective August 13, 2020, the [John S. McCain National Defense Authorization Act for FY 2019 \(NDAA\)](#) prohibits DHS/FEMA Recipients and Subrecipients (including their contractors and subcontractors) from using any FEMA funds under open or new awards for the following telecommunications equipment or services:

- 1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, (or any subsidiary or affiliate of such entities);
- 2) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);
- 3) Telecommunications or video surveillance services provided by such entities or using such equipment; or
- 4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the People's Republic of China.

**Small
Unmanned
Aircraft Systems**

All requests to purchase Small Unmanned Aircraft Systems (SUAS) with FEMA grant funding must comply with [IB 426](#) and include copies of the policies and procedures in place to safeguard individuals' privacy, civil rights, and civil liberties of the jurisdiction that will purchase, take title to, or otherwise use the SUAS equipment. The Authorized Equipment Listing for [03OE-07-SUAS](#) details ten questions that must be included in the Aviation Request justification. Please reference [Presidential Memorandum: Promoting Economic Competitiveness While Safeguarding Privacy, Civil Rights, and Civil Liberties in Domestic Use of Unmanned Aircraft Systems](#) for additional information.

**Emergency
Operations Plans**

Subrecipients must update their Emergency Operations Plan at least once every two years to remain compliant with the [Comprehensive Preparedness Guide 101 version 2.0](#).

**Conflict of
Interest**

To eliminate and reduce the impact of conflicts of interest in the subaward process, Subrecipients and pass-through entities must follow their own policies and procedures regarding the elimination or reduction of conflicts of interest when making subawards. Subrecipients and pass-through entities are also required to follow any applicable federal, state, local, and tribal statutes or regulations governing conflicts of interest in the making of subawards.

Subrecipients must disclose to their Program Representative, in writing, any real or potential conflict of interest as defined by the federal, state, local, or tribal statutes or regulations, which may arise during the administration of the HSGP subaward within five days of learning of the conflict of interest.

**FY 2020
Investments**

The State prioritized the following investment strategies for the FY 2020 subawards (the first four are National Priorities):

1. Enhance Information and Intelligence Sharing and Cooperation with Federal Agencies, including DHS **(National Priority)**;
2. Enhance the Protection of Soft Targets/Crowded Places (including election security) **(National Priority)**;
3. Enhance Cybersecurity (including election security) **(National Priority)**;
4. Address Emergent Threats **(National Priority)**;
5. Enhance Medical and Public Health Preparedness;
6. Strengthen Emergency Communications Capabilities Through Planning, Governance, Technology, and Equipment;
7. Enhance Community Resilience, Including Partnerships with Volunteers and Community-Based Organizations and Programs;
8. Strengthen Information Sharing and Collaboration (non-Fusion Center);
9. Enhance Multi-Jurisdictional/Inter-Jurisdictional All-Hazards Incident Planning, Response & Recovery Capabilities; and
10. Protect Critical Infrastructure and Key Resources (includes Food and Agriculture).

**California
Homeland
Security Strategy
Goals**

The State prioritized the following California Homeland Security Strategy Goals for the FY 2020 subawards:

1. Enhance Information Collection, Analysis, and Sharing, in Support of Public Safety Operations Across California;
2. Protect Critical Infrastructure and Key Resources From All Threats and Hazards;
3. Strengthen Security and Preparedness Across Cyberspace;
4. Strengthen Communications Capabilities Through Planning, Governance, Technology, and Equipment;
5. Enhance Community Preparedness;
6. Enhance Multi-Jurisdictional/Inter-Jurisdictional All-Hazards Incident Catastrophic Planning, Response, and Recovery Capabilities;
7. Improve Medical and Health Capabilities;
8. Enhance Incident Recovery Capabilities;
9. Strengthen Food and Agriculture Preparedness;
10. Prevent Violent Extremism Through Multi-Jurisdictional/Inter-Jurisdictional Collaboration and Coordination; and
11. Enhance Homeland Security Exercise, Evaluation, and Training Programs.

State Initiative Funding

For FY 2020, Cal OES shall retain 20 percent of the SHSP and approximately 17 percent of the UASI funding for state initiatives.

“On Behalf Of”

Cal OES may, in conjunction with local approval authorities, designate funds “on behalf of” local entities who choose to decline or fail to utilize their subaward in a timely manner.

Regional Approach

Subrecipients must take a regional approach and consider the needs of local units of government and applicable volunteer organizations in the projects and activities included in their FY 2020 HSGP application.

Public Alert and Warning

Cal OES encourages Subrecipients to consider the use of this funding to assist their jurisdiction’s alignment with the [State of California Alert and Warning Guidelines](#), developed pursuant to Senate Bill 833 of the 2018 Legislative Session.

**Financial
Management
Forms Workbook**

The FY 2020 Cal OES FMFW includes:

Grant Subaward Face Sheet – Use the Grant Subaward Face Sheet to apply for grant programs. The Grant Subaward Face Sheet must be signed and printed in portrait format.

Authorized Body of 5 – Provide the contact information of Authorized Agents (AA), delegated via the GBR or Signature Authorization Form, including staff related to grant activities. More than one person is recommended for designation as the AA; in the absence of an AA, an alternate AA can sign requests.

Project Ledger – The project ledger is used in the application process to submit funding information and is used for submitting cash requests, grant subaward modifications, and assists with the completion of the Biannual Strategy Implementation Report (BSIR).

Planning Ledger – Provides detailed information on grant-funded planning activities with a final product identified.

Organization Ledger – Provides detailed information on grant-funded organizational activities.

Equipment Ledger – Detailed information must be provided under the equipment description for all grant-funded equipment. AEL numbers must be included for all items of equipment. Always refer to the AEL for a list of allowable equipment and conditions, if any.

Training Ledger – Provides detailed information on grant-funded training activities. All training activities must receive Cal OES approval prior to starting the event, including a Training Feedback number. The [Training Request Form](#) must be submitted and approved to obtain a Training Feedback number.

Exercise Ledger – Provides detailed information on grant-funded exercises.

M&A Ledger – Provides information on grant-funded M&A activities.

Indirect Costs Ledger – Provides information on indirect costs.

Financial Management Forms Workbook (cont.)

Consultant-Contractor Ledger – Provides detailed information on grant-funded consultants and contractors.

Authorized Agent Page – The AA Page must be submitted with the application, all cash requests, and Grant Subaward Modifications. The AA Page must include the appropriate signature and date.

Subrecipient Grants Management Assessment

Per [2 C.F.R. § 200.331](#), Cal OES is required to evaluate the risk of non-compliance with federal statutes, regulations, and grant terms and conditions posed by each Subrecipient of pass-through funding. The [Subrecipient Grants Management Assessment Form](#) contains questions related to an organization's experience in the management of federal grant awards. It is used to determine and provide an appropriate level of technical assistance, training, and grant oversight to Subrecipients during the subaward. The questionnaire must be completed and returned with the grant application.

Application Attachments

Federal Funding Accountability and Transparency Act (FFATA) Financial Disclosure – Use the [FFATA Financial Disclosure Form](#) to provide the information required by the Federal Funding Accountability and Transparency Act of 2006.

Certification Regarding Lobbying – Use the [Certification Regarding Lobbying Form](#) to certify lobbying activities, as stipulated by the Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352.

Intelligence Analysts Certificates – Pursuant to the Preparedness Grants Manual, Cal OES must have certificates for completion of training for fusion center analytical personnel. Please provide copies of certificates for each intelligence analyst, if applicable.

UASI Footprint (UASIs Only) – The Urban Area Working Group (UAWG) establishes the 'footprint' of the UA. A map or list defining the footprint must be included with the application.

UAWG Member Roster (UASIs Only) – A list of all current UAWG members with positions or titles.

Indirect Cost Rate Agreement – If claiming indirect costs at a federally-approved rate, please provide a copy of the approved indirect cost rate agreement.

Standard Assurances

The Standard Assurances list the requirements to which the Subrecipients will be held accountable. All Applicants will be required to submit a signed, **original** of the [FY 2020 Standard Assurances](#) as part of their FY 2020 HSGP application. The required Standard Assurances can be found only in PDF format on the Cal OES website.

NOTE: Self-created Standard Assurances will not be accepted.

Operational Areas Only

Approval Authority Body – OAs must appoint an Anti-Terrorism Approval Body (Approval Authority) to have final approval of the OA's application for HSGP funds. Each member of the Approval Authority must provide written agreement with the OA's application for HSGP funds. The Approval Authority shall consist of the following representatives, and additional voting members may be added by a simple majority vote of the following standing members:

- County Public Health Officer or designee responsible for Emergency Medical Services
- County Fire Chief or Chief of Fire Authority
- Municipal Fire Chief (selected by the OA Fire Chiefs)
- County Sheriff
- Chief of Police (selected by the OA Police Chiefs)

Governing Body Resolution – The GBR appoints AAs (identified by the individual's name or by a position title) to act on behalf of the governing body and the Applicant by executing any actions necessary for each application and subaward. All Applicants are required to submit a copy of an approved GBR with their grant application. Resolutions may be valid for up to three grant years given the following:

- The resolution identifies the applicable grant program (e.g., EMPG and/or HSGP);
- The resolution identifies the applicable grant years, (e.g., FY 2020, FY 2021, FY 2022); and
- Adheres to any necessary elements required by local protocols, rules, etc., if applicable.

Operational Areas Only (cont.)

Resolutions that only identify a single grant program will only be valid for that single program. Resolutions that do not identify applicable grant years will only be valid for the grant year in which the resolution was submitted.

Authorized Agent Information – For each person or position appointed by the governing body, identify the individual in the Authorized Body of 5 ledger of the FMFW.

All changes in AA and contact information must be provided to Cal OES in writing. If the GBR identifies the AA by name, a new Resolution is needed when changes are made. If the GBR identifies the AA by position and/or title, changes may be made by submitting a request on the entity's letterhead, signed by an existing AA. Cal OES will not accept signatures of an AA's designee, unless authorized by the Governing Body's resolution. A change to an AA's designee must be submitted on agency letterhead and signed by the AA, announcing the change to their designee.

Urban Areas Only

Urban Area Working Groups (UAWGs) – Membership in the UAWG must provide either direct or indirect representation for all relevant jurisdictions and response disciplines (including law enforcement, fire service, EMS, hospitals, public health, and emergency management) that comprise the defined UA. It also must be inclusive of local Citizen Corps Council and tribal representatives. The UAWG should also ensure the integration of local emergency management, public health, and health care systems into a coordinated sustained local capability to respond effectively to a mass casualty incident. Additional group composition criteria is found in the FEMA [Preparedness Grants Manual](#).

THIRA – Subrecipients are required to submit a THIRA for all 32 core capabilities. Beginning in 2019, UAs are required to submit a THIRA every three years. An annual capability assessment will still be required.

SPR – The SPR is an annual grant requirement for all states, territories, and UAs. It is an annual capability assessment, which helps jurisdictions identify capability gaps and prioritize investment requirements to reach the targets set in their THIRA.

**Fusion Centers
Only**

All projects included in the fusion center investment (IJ #1) must align to, and reference, specific performance areas of the assessment that the funding is intended to support.

Fusion Centers are also required to follow all Reporting and Administrative Metrics for California Fusion Centers, as set forth in the Governor's Homeland Security Advisor/Cal OES Director's letter dated March 16, 2016. These operational and administrative metrics set forth an integrated and coordinated approach for regular and proactive information and intelligence sharing between all fusion centers in the California State Threat Assessment System (STAS).

**State Agencies
and Tribes Only**

State Agencies, and federally-recognized tribes may submit the Signature Authorization Form in lieu of a GBR, signed by the most senior ranking official, such as the Secretary, Director, President, Chancellor, or Chairperson.

Application Submission

Subrecipients must submit an electronic copy of their completed FMFW to their Program Representative for review. After the application is approved, a completed hardcopy of the FMFW, along with all other application components must be mailed, with original signatures, by the application due date. During the application process, if it is determined not all allocated funds can be expended by the end of the period of performance, please inform a Program Representative as soon as possible. The completed application should be received by Cal OES no later than January 31, 2021. The FY 2020 HSGP Timeline is referenced as Attachment B.

Late or Incomplete Application

Late or incomplete applications may be denied. If an application is incomplete, the Program Representative may request additional information. Requests for late submission of applications must be made in writing to the Program Representative prior to the application due date. Cal OES has sole discretion to accept or reject a late or incomplete grant application.

HSGP Contact Information

All Subrecipient application materials, questions, comments, and correspondence should be directed to:

California Governor's Office of Emergency Services
 ATTN: Grants Management (Building E)
 Homeland Security Grants Unit
 3650 Schriever Avenue
 Mather, CA 95655

Darlene Arambula	(916) 845-8427
Christopher Camacho	(916) 845-8789
Laura Halverstadt	(916) 845-8367
Antoinette Johnson	(916) 845-8260
Jim Lane	(916) 845-8428
Miguel Ramirez	(916) 328-7466
Olivia Skierka	(916) 845-8744
Abigayle Tirapelle	(916) 845-8400

The [Program Representative Regional Assignments Map](#) is available at the Cal OES website under "Regional Assignments".

**Subaward
Approval**

Subrecipients will receive a formal notification of award no later than 45 days after Cal OES receives the federal grant award. The award letter must be signed, dated, and returned to Cal OES within 20 calendar days. Once the completed application, along with the signed award letter, is received and approved, reimbursement of eligible subaward expenditures may be requested using the Cal OES FMFW.

Payment Request Process

To request an advance or cash reimbursement of FY 2020 HSGP funds, Subrecipients must first complete a payment request using the Cal OES FMFW, returning it to the appropriate Program Representative. Subrecipients who fail to follow the workbook instructions may experience delays in processing the payment request.

Payments can only be made if the Subrecipient has submitted a completed and approved application.

Advances and Interest Earned on Advances

An Advance payment is a payment that is requested before Subrecipients have disbursed the funds for program purposes. Subrecipients may be paid an advance, provided they maintain a willingness and ability to maintain procedures to minimize the time elapsing between the receipt of funds and their disbursement. The timing and amount of advance payments must be as close as administratively feasible to the actual disbursements by the Subrecipient for project costs.

Federal rules require advances to be deposited in interest-bearing accounts. Interest earned amounts up to \$500 per year may be retained by Subrecipients for administrative expenses; any additional interest earned on federal advance payments must be returned annually to Cal OES.

Semi-Annual Drawdown Requirements

All Subrecipients should be reporting expenditures and requesting funds at least semi-annually throughout the period of performance. Semi-annual drawdowns should be occurring by March and October of each calendar year following final approval of the subaward application, except for the final cash request, which must be submitted within 20 calendar days after the end of the period of performance. Subrecipients not in compliance with this requirement will be required to submit all supporting documentation for subsequent cash requests.

Modifications

Post-award budget, scope, and time modifications must be requested using the [Cal OES HSGP FMFW v1.20](#), signed by the Subrecipient’s AA, and submitted to the Program Representative.

The Subrecipient may implement grant modification activities, and incur associated expenses, only after receiving written final approval of the modification from Cal OES.

**Modifications
(cont.)**

Subrecipients must provide a written justification with all modification requests. The justification may be included in the body of the e-mail transmitting the request, or in a document attached to the transmittal e-mail. Please reference [GMM 2018-17](#) for additional information regarding modification requests.

A modification request for any project within the national priority areas must receive DHS/FEMA prior approval. These requests include, but are not limited to, a change in project scope, any change to the project budget, and re-programming of funds. DHS/FEMA and Cal OES may request additional information to validate project effectiveness.

Training

All grant-funded training activities must receive Cal OES approval prior to starting the training event. Cal OES shall allow Subrecipients to develop a “placeholder” for future training conferences when an agenda has not been established at the time Subrecipient applications are due. Please work with a Program Representative and the Training Branch to identify a possible “placeholder” for these types of training activities.

When seeking approval of non-DHS/FEMA developed courses, course materials must be submitted with the approval requests. Conditional approvals are not offered.

Subrecipients must complete a [Training Request Form](#) and submit it electronically to the Cal OES Training Branch to be approved with a Training Feedback Number before beginning any training activities. This includes project components like travel to, materials for, or attendance in training courses. Training Feedback Numbers must be obtained no later than 30 days before the first day of the training or related activities. Training Feedback numbers must be included on the FMFW Training Ledger in order to be considered for reimbursement.

For more information on this or other training-related inquiries, contact the [Cal OES Training Branch](#) at (916) 845-8752.

**Exercises,
Improvement
Plans, and After
Action Reporting**

Subrecipients should engage stakeholders to identify long-term training and exercise priorities. These priorities should address capability targets and gaps identified through the THIRA and SPR process, real-world events, previous exercises, and national areas for improvement identified in the NPR.

Exercises, Improvement Plans, and After Action Reporting (cont.)

Subrecipients must report on all exercises conducted with HSGP grant funds. An After Action Report (AAR)/Improvement Plan (IP) or Summary Report (for Seminars and Workshops) must be completed and submitted to Cal OES within 90 days after exercise/seminars/workshops are conducted. It is acceptable to submit an *Exercise Summary Report for Seminars and Workshops* in lieu of a full AAR/IP.

Please e-mail AAR/IPs and Summary Reports to:

- hseep@fema.dhs.gov
- exercise@caloes.ca.gov
- christopher.camacho@caloes.ca.gov

For exercise-related issues and/or questions, please email the Cal OES Exercise Team at exercise@caloes.ca.gov.

Exercise costs will not be reimbursed until an AAR/IP has been submitted.

Procurement Standards and Written Procedures

Subrecipients must conduct procurement utilizing documented local government procurement standards and procedures, or the federal procurement standards found in [2 C.F.R. Part 200](#), whichever is more strict. Procurement standards must also contain a written conflict of interest policy which reflect applicable federal, state, local, and tribal laws.

Procurement Thresholds

Effective June 20, 2018, the micro-purchase threshold was increased from \$3,500 to \$10,000 and the simplified acquisition threshold was increased from \$150,000 to \$250,000. These increases apply to all Subrecipient procurements executed on or after June 20, 2018. Refer to [IB 434](#) for additional information.

Procurement Documentation

Per [2 C.F.R. § 200.318\(i\)](#), non-federal entities other than states and territories are required to maintain and retain records sufficient to detail the history of procurement covering at least the rationale for the procurement method, contract type, contractor selection or rejection, and the basis for the contract price. For any cost to be allowable, it must be adequately documented per [2 C.F.R. § 200.403\(g\)](#). Examples of the types of documents that would cover this information include, but are not limited to:

Procurement Documentation (cont.)

- Solicitation documentation, such as requests for quotes, invitations for bids, or requests for proposals;
- Responses to solicitations, such as quotes, bids, or proposals;
- Pre-solicitation independent cost estimates and post-solicitation cost/price analyses on file for review by federal personnel, if applicable;
- Contract documents and amendments, including required contract provisions; and

Other documents required by federal regulations applicable at the time a grant is awarded to a Subrecipient.

Noncompetitive Procurement

All noncompetitive procurements exceeding the simplified acquisition threshold requires Cal OES **prior** written approval to be eligible for reimbursement. This method of procurement must be approved by the local Purchasing Agent prior to submitting a request for Cal OES approval. A copy of the Purchasing Agent's approval must be included with the Cal OES [Request for Noncompetitive Procurement Authorization](#) form. Cal OES may request additional documentation that supports the procurement effort.

Note: Cal OES will not reimburse for any noncompetitive procurement contracts for any terrorism-related training, regardless of the cost of the training. Exceptions to this policy may be approved in limited circumstances, e.g., related to a procurement effort that has resulted in inadequate competition.

Performance Bond

Due to the risks associated with delays in vendor delivery of large equipment procurements, DHS/FEMA allows Subrecipients to obtain a “performance bond” for items that are paid for up front to ensure delivery of the equipment within the grant performance period.

Cal OES requires Subrecipients obtain a performance bond for any equipment item over \$250,000 or any vehicle, aircraft, or watercraft financed with HSGP funds. Subrecipients must provide a copy of all performance bonds to their Program Representative no later than the time of reimbursement.

Performance Bond Waivers may be granted on a case-by-case basis and must be submitted to Cal OES prior to procurement.

**Environmental
Planning and
Historic
Preservation**

DHS/FEMA is required to ensure all activities and programs that are funded by the agency comply with federal Environmental Planning and Historic Preservation (EHP) regulations. Subrecipients proposing projects or activities (including, but not limited to, training, exercises, the installation of equipment, and construction or renovation projects) that have the potential to impact the environment or a historic structure must participate in the EHP screening process. EHP Screening Memos must include detailed project information, explain the goals and objectives of the proposed project, and include supporting documentation.

DHS/FEMA may also require the Subrecipient to provide a confidential California Historical Resources Information System (CHRIS) report in addition to the EHP Screening Form. Determination on the necessity of a CHRIS report is based upon information disclosed on the form. Program Representatives will provide additional instructions should this report be required.

[EHP Screening Requests](#) should be submitted to Cal OES as early as possible. All projects/activities triggering EHP must receive DHS/FEMA written approval prior to commencement of the funded activity.

Updated information may be referenced in the [FEMA GPD EHP Policy Guidance](#).

**Construction
and Renovation**

When applying for construction activity at the time of application, including communication towers, Subrecipients must submit evidence of approved zoning ordinances, architectural plans, any other locally required planning permits, and a notice of federal interest. Additionally, Subrecipients are required to submit an SF-424C Budget and Budget Detail that cites project costs. Communication tower construction requests also require evidence that the Federal Communications Commission's Section 106 review process was completed.

Subrecipients using funds for construction projects must comply with the Davis-Bacon Act. Subrecipients must ensure that their contractors or subcontractors for construction projects pay workers no less than the prevailing wages for laborers and mechanics employed on projects of a character like the contract work in the civil subdivision of the state in which the work is to be performed.

Construction and Renovation (cont.)

Project construction using SHSP and UASI funds may not exceed \$1,000,000 or 15 percent of the grant subaward (For the purposes of limitations on funding levels, communications towers are not considered construction).

Written approval for construction must be provided by DHS/FEMA prior to the use of any HSGP funds for construction or renovation.

Inventory Control and Property Management

FY 2020 HSGP Subrecipients must use standardized resource management concepts for resource typing and credentialing, in addition to maintaining an inventory by which to facilitate the effective identification, dispatch, deployment, tracking, and recovery of resources.

Subrecipients must have an effective inventory management system, to include:

- Property records that document description, serial/ID number, fund source, title information, acquisition date, cost, federal cost share, location, use, condition, and ultimate disposition;
- Conducting a physical inventory at least every two years;
- A control system to prevent loss, damage, and theft of grant purchased equipment and supplies; and
- Adequate maintenance procedures must be developed to keep the property in good condition.

Equipment Disposition

When original or replacement equipment acquired under the HSGP is no longer needed for program activities, the Subrecipient must contact the Program Representative to request disposition instructions. See [2 C.F.R. § 200.313\(e\)](#).

Performance Reporting

Subrecipients must complete a BSIR each Winter and Summer using the DHS/FEMA [Grants Reporting Tool](#) (GRT) for the duration of the subaward period of performance or until all grant activities are completed and the subaward is formally closed by Cal OES. Failure to submit a BSIR could result in subaward reduction, suspension, or termination.

Performance Reporting (cont.)

Access to the BSIR may be obtained through the GRT. To create a new account, please click the link that reads, “Register for an account” and follow the instructions provided. The Subrecipient will be required to ensure up-to-date project information is entered. The Project Ledger in the FMFW may assist with the BSIR data entry process. For additional assistance with the GRT, please contact your Program Representative.

Extension Requests

Extensions to the initial period of performance identified in the subaward will only be considered through formal, written requests to your Program Representative. Upon receipt of the extension request, Cal OES will:

1. Verify compliance with performance reporting requirements by confirming the Subrecipient has submitted all necessary performance reports;
2. Confirm the Subrecipient has provided sufficient justification for the request; and
3. If applicable, confirm the Subrecipient has demonstrated sufficient progress in past situations where an extension was authorized by Cal OES.

Extension requests will be granted only due to compelling legal, policy, or operational challenges, and will only be considered for the following reasons:

1. Contractual commitments with vendors that prevent completion of the project within the period of performance;
2. The project must undergo a complex environmental review which cannot be completed within this timeframe;
3. Projects are long-term by design and therefore, acceleration would compromise core programmatic goals; and
4. Where other special circumstances exist.

To be considered, extension requests must be received no later than 60 days prior to the end of the Subrecipient’s period of performance and must contain specific and compelling justifications as to why an extension is required. All extension requests must address the following:

Extension Requests (cont.)

1. Grant program, fiscal year, and award number;
2. Reason for delay;
3. Current status of the activity/activities;
4. Approved period of performance termination date and new project completion date;
5. Amount of funds drawn down to date;
6. Remaining available funds, both federal and non-federal;
7. Budget outlining how remaining federal and non-federal funds will be expended;
8. Plan for completion, including milestones and timeframes for each milestone and the position/person responsible for implementing the plan for completion; and
9. Certification the activity/activities will be completed within the extended period of performance without any modification to the original Statement of Work.

General questions regarding extension requirements and the extension request form, should be directed to your Program Representative. For additional information, please see IB 379. Extension requests for personnel and salaries do not meet the requirements of IB 379 and will not be granted. Subrecipients are expected to complete all grant-funded personnel activity by the end of the subaward period of performance.

Progress Reports on Grant Extensions

All Subrecipients that receive Cal OES approval to extend their FY 2020 grant subaward period of performance may be required to submit progress reports indicating completed and future project milestones on all extended projects. Progress reports must be submitted electronically to the Subrecipient's Program Representative. Deadlines for the submission of progress reports will be established at the time of extension approval.

Monitoring

Cal OES Grants Monitoring actively monitors Subrecipients, through day-to-day communications, programmatic site visits, and desk and on-site compliance assessments. The purpose of the compliance assessment is to ensure Subrecipients are in compliance with applicable state and federal regulations, grant guidelines, and programmatic requirements. Monitoring activities may include, but are not limited to:

- Verifying that entries recorded on the FMFW categories are properly supported with source documentation;
- Eligibility of and support for expenditures, typically covering two to three years of data;

**Monitoring
(cont.)**

- Comparing actual Subrecipient activities to those approved in the grant application and subsequent modifications, including the review of timesheets and invoices as applicable;
- Procurements and contracts;
- Ensuring equipment lists are properly maintained and physical inventories are conducted;
- Ensuring advances have been disbursed in accordance with applicable guidelines; and
- Confirming compliance with:
 - Standard Assurances, and
 - Information provided on performance reports and payment requests

NOTE: It is the responsibility of all Subrecipients that pass down grant funds to other entities, to maintain and utilize a formal process to monitor the grant activities of their subawards. This requirement includes, but is not limited to, on-site verification of grant activities, as required. It is common for Subrecipients to receive findings in a programmatic site visit or compliance assessment, which require a Corrective Action Plan (CAP) to be submitted by Subrecipients. Those Subrecipients who fail to submit a CAP, as required, shall have a “hold” placed on any future reimbursements until the “finding” is resolved.

**Failure to Submit
Required Reports**

Periodic reporting is required by the grant. Subrecipients who miss a single reporting deadline may receive a letter addressed to their Board of Supervisors informing them of the failure to report. County OAs and tribes who fail to report twice in a row may have subsequent awards reduced by 10 percent until timely reporting is reestablished; UASIs may have a “hold” placed on any future reimbursements.

**Suspension/
Termination**

Cal OES may suspend or terminate grant funding, in whole or in part, or other measures may be imposed for any of the following reasons:

- Failure to submit required reports.
- Failure to expend funds in a timely manner consistent with the grant milestones, guidance, and assurances.
- Failure to comply with the requirements or statutory progress toward the goals or objectives of federal or state law.
- Failure to make satisfactory progress toward the goals or objectives set forth in the Subrecipient application.

**Suspension/
Termination
(cont.)**

- Failure to follow Grant Subaward requirements or Special Conditions.
- Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding.
- False certification in the application or document.
- Failure to adequately manage, monitor, or direct the grant funding activities of their Subrecipients.

Before taking action, Cal OES will provide the Subrecipient reasonable notice of intent to impose corrective measures and will make every effort to informally resolve the problem.

Closeout

Cal OES will close-out Subrecipient awards when it determines all applicable administrative actions and all required work of the federal award have been completed.

Subawards will be closed after:

- All funds have been requested and reimbursed, or disencumbered;
- Receiving all applicable Subrecipient reports indicating all approved work has been completed, and all funds have been distributed;
- Completing a review to confirm the accuracy of reported information;
- Reconciling actual costs to subawards, modifications, and payments; and
- Verifying the Subrecipient has submitted a final BSIR showing all grant funds have been expended.

**Records
Retention**

The records retention period is three years from the date of the Cal OES Grant Closeout letter, or until any pending litigation, claim, or audit started before the expiration of the three-year retention period has been resolved and final action is taken.

For indirect cost rate proposals, cost allocation plans, or other rate computation records, the start of the record retention period is dependent on whether the proposal, plan, or other computation is required to be submitted to the federal government (or to the pass-through entity) for negotiation purposes. See [2 C.F.R. § 200.334\(f\)](#).

**Records
Retention (cont.)**

In order for any cost to be allowable, it must be adequately documented per [2 C.F.R. § 200.403\(g\)](#).

The Cal OES Grant Closeout Letter will notify the Subrecipient of the start of the records retention period for all programmatic and financial grant-related records.

If the State Administrative Agency's award remains open after the Subrecipient's submission of the final BSIR, Cal OES will complete any additional BSIR reporting required under the award on behalf of the Subrecipient.

Closed grants may still be monitored and audited. Failure to maintain all grant records for the required retention period could result in a reduction of grant funds, and an invoice to return costs associated with the unsupported activities.

If documents are retained longer than the required retention period, FEMA, the DHS Office of Inspector General, Government Accountability Office, and pass-through entity have the right to access these records as well. See [2 C.F.R. §§ 200.333, 200.336](#).
