Director's Message

California’s community organizations face an ever growing threat where individuals are becoming radicalized and are willing to carry out attacks. We have experienced unprecedented levels of violence, threats of terrorism, and hate crimes against our community partners in the past year. With the continued support from the State, we look forward to enhancing physical security efforts of our local communities and the safe-guarding of our infrastructure within the State from threats of terrorism.

I continue to promote values that include Integrity, Service, Respect, and Resiliency from within Cal OES to better serve our California State Nonprofit Security Grant Program (CSNSGP) partners. I believe in maximizing our resource capabilities and technical expertise in order to serve as the ultimate, interoperable force multiplier for any community impacted by threats of terrorism.

CSNSGP continues to build on our partnerships throughout the State, and it is our task, together, to ensure our efforts provide the necessary resources to aid Californians. We will continue to strengthen our capabilities through assessing capability gaps and addressing immediate and long-term security needs, in an effort to improve our ability to protect our State from the variety of threats it may face.

To that end, I announce the California Governor’s Office of Emergency Services Fiscal Year 2018 California State Nonprofit Security Grant Program State Supplement.

Sincerely,

MARK S. GHILARUCCI
Director
Federal Notice of Funding Opportunity Announcement

California Budget

The California FY 2018-19 Budget allocated $500,000 to Cal OES to supplement the FY 2018 NSGP. Cal OES funded the California State Nonprofit Security Grant Program (CSNSGP) with the State allocation.

Request for Proposal

The Request for Proposal (RFP) provides the information necessary to prepare a proposal for Cal OES’s grant funds for the FY 2018-19 CSNSGP. The CSNSGP is a competitive grant; therefore, scoring criteria are established and grants are awarded for the top-scoring applications. Applications are recommended for funding based on the threat, vulnerability, and consequence faced by a specific facility/location. The RFP is available for download at http://www.caloes.ca.gov/cal-oes-divisions/grants-management/homeland-security-prop-1b-grant-programs/infrastructure-protection-grants.

Purpose of the State Supplement

The FY 2018-19 CSNSGP closely models the federal DHS/FEMA NSGP and complements the NSGP’s efforts to support the National Preparedness Goals and core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery. The FY 2018-19 CSNSGP State Supplement specifies the performance period, objectives, eligible activities, and other subaward related information and requirements.

Key Changes to the FY 2018 CSNSGP

- In lieu of requesting a 501(c)(3) letter or self-declaration letter, Cal OES has instituted the use of a 501(c)(3) Certification form, requesting Subrecipients to certify and acknowledge if they are required by the Internal Revenue Service to have a 501(c)(3) Determination Letter. The form is now incorporated as an attachment to be included with the required application documents.
- Nonprofits are encouraged to apply for additional costs including security training for all nonprofit staff, planning related
Key Changes to the FY 2018 CSNSGP Cont.

Grant Management Memoranda

Cal OES issues Grant Management Memorandums (GMM) that provide additional information and requirements regarding CSNSGP funds. GMMs can be located at: http://www.caloes.ca.gov/cal-oes-divisions/grants-management/homeland-security-prop-1b-grant-programs/memos.

Eligible Subrecipients

Eligible Applicants, referred to as Subrecipients, are nonprofit organizations that are described under Section 501(c)(3) of the Internal Revenue Code of 1986.

Supplanting

Supplanting means to deliberately reduce the amount of federal, state, or local funds currently being appropriated to an existing program or activity, because a Cal OES grant has also been awarded for the same purposes. When the Subrecipient replaces funds in this manner, it reduces the total amount that would have been available for the stated grant purpose, and the substitution results in supplanting. Cal OES funds should be used to supplement existing funds for program activities and not replace funds that have been appropriated for the same purpose. Supplanting is strictly prohibited for all Cal OES grant funds.

Debarred/ Suspended Parties

Subrecipients must not make or permit any award (subgrant, subaward or contract) at any tier, to any party, that is debarred, suspended, or otherwise excluded from, or ineligible for, participation in Federal assistance programs. Subrecipients must obtain documentation of eligibility prior to making any subaward or contract funded by grant funds, and must be prepared to present supporting documentation to monitors/auditors.

Before entering into a Grant Subaward, the Subrecipient must notify Cal OES if it knows if any of the principals under the subaward fall under one or more of the four criteria listed at 2 C.F.R. § 180.335. The rule also applies to Subrecipients that pass-through funding to other local entities.

If at any time after accepting a subaward, Subrecipients learn that any of its principals fall under one or more of the criteria listed at 2 C.F.R. § 180.335, immediate written notice must be provided to Cal OES and all grant activities halted until further instructions are received from Cal OES. The rule also applies to subawards passed through by Subrecipients.
DHS/FEMA annually publishes the National Preparedness Report (NPR) to report National progress in building, sustaining, and delivering the core capabilities outlined in the goal of a secure and resilient Nation. This analysis provides a National perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of concern.

CSNSGP will focus on building and sustaining core capabilities, strengthen governance integration between private Nonprofit entities and Federal, State, and Local Government, and encourage a whole community approach to security and emergency management in the following areas:

- Planning
- Equipment Acquisitions
- Training
- Exercises

CSNSGP seeks to integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader State and Local preparedness efforts.

The Management and Administration (M&A) allowance for Subrecipients is set at a maximum of 5% for the FY 2018-19 CSNSGP.

Indirect costs are allowable under the FY 2018-19 CSNSGP Grant Award. Subrecipients who claim indirect costs may do so provided they use one of the following two methods:

1. Subrecipients with an indirect cost rate approved by their cognizant Federal agency may claim indirect costs based on the established rate. Indirect costs claimed must be calculated using the base approved in the indirect cost Negotiation Agreement. A copy of the approved Negotiation Agreement is required at the time of application.

2. Subrecipients who have never received a negotiated indirect cost rate and receive less than $35 million in direct Federal funding per year may claim the 10% de minimis indirect cost rate based on Modified Total Direct Costs (MTDC) as described in 2 C.F.R. Part 200, § 200.68 and Subpart E.

Indirect costs are in addition to the M&A allowance, and must be included in the Grant Award application as a "Project" and reflected in the Financial Management Forms Workbook (FMFW)
| **Indirect Costs** Cont. | on the Indirect cost category ledger if being claimed under the award. Indirect costs may be claimed no more than once annually, and only at the end of the fiscal year. Costs must be broken out by fiscal year if there is a rate change. Indirect costs must be based on claimed direct costs, excluding equipment expenditures. |
| **Equipment Maintenance/ Sustainment** | Use of CSNSGP funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable as described in FEMA Information Bulletin (IB) 379. |
| **Access and Functional Needs Population** | Subrecipients conducting major planning projects (including, but not limited to Evacuation, Mass Care and Shelter, Disaster Recovery, etc.) should address access and functional needs, including the needs of children, within their planning documents in order to maintain CSNSGP eligibility. |
| **Conflict of Interest** | Subrecipients must disclose to their Program Representative, in writing, any real or potential conflict of interest as defined by the Federal, State, Local, or Tribal statutes or regulations, which may arise during the administration of the CSNSGP subaward within five days of learning of the conflict of interest. |
The FY 2018 Cal OES FMFW can be accessed at http://www.caloes.ca.gov/cal-oes-divisions/grants-management/grants-processing-programs/homeland-security-grants-processing and includes:

**Grant Subaward Face Sheet** – Use the Grant Subaward Face Sheet to apply for grant programs. The Grant Subaward Face Sheet must be signed and printed in portrait format.

**Authorized Body of 5** – Provide the contact information of any additional Authorized Agents (AA) and staff related to grant activities. It is recommended that more than one person be designated as the AA so that if one AA is not available, a second AA can sign requests.

**Project Ledger** – The Project Ledger is used in the application process to submit funding information and is used for submitting Cash Requests, Cash Advances and Grant Subaward Modifications.

**Planning Ledger** – Provides detailed information on grant-funded Planning activities with a final product identified.

**Equipment Ledger** – It is a CSNSGP requirement that detailed information be provided under the equipment description for all grant-funded equipment. Authorized Equipment List (AEL) numbers must be included for all items of equipment. Always refer to the AEL for a list of allowable equipment and conditions, if any.

**Training Ledger** – Provides detailed information on grant-funded Training activities. All training activities must receive Cal OES approval prior to starting the event, including a Training Feedback number. The form to obtain a Training Feedback number may be found at the following link: https://w3.calema.ca.gov/WebPage/trainreq.nsf/TrainRequest?OpenForm

**Exercise Ledger** – Provides detailed information on grant-funded Exercises.

**M&A Ledger** – Provides information on grant-funded M&A activities.

**Authorized Agent Page** – The AA Page must be submitted with the application, all Cash Requests, Cash Advances, and Grant Subaward Modifications. The AA must include the appropriate signature, expenditure period, and date.

**California Environmental Quality Act (CEQA) Negative Declaration**

Subrecipients must certify that their project is in compliance with Public Resources Code 21000 et seq. of the California Environmental Quality Act (CEQA) (reference Attachment A). CEQA may require the preparation of an environmental document by the Subrecipient prior to commencing the project or program. Subrecipients must certify that the project will not involve any of the following:

- New construction projects.
- The renovation or modification of a facility which leads to an increased occupancy of more than 25 persons.
- The implementation of programs involving the use of pesticides and other harmful chemicals.
- The implementation of programs involving microwaves or radiation.
- Research and technology, the anticipated or intended future application of which could be expected to have a potential effect on the environment.

**Subrecipient Grants Management Assessment**

Per 2 C.F.R. § 200.331, Cal OES is required to evaluate the risk of noncompliance with Federal statutes, regulations, and grant terms and conditions posed by each Subrecipient of pass-through funding. The Subrecipient Grants Management Assessment form contains questions related to your organization’s experience in the management of Federal grant awards. It is used to determine and provide an appropriate level of technical assistance, training, and grant oversight to Subrecipients during the subaward. The questionnaire must be completed and returned with your grant application (reference Attachment B). A PDF fillable version of the form may be found at: [http://www.caloes.ca.gov/cal-oes-divisions/grants-management/homeiland-security-prop-1b-grant-programs/homeiland-security-grants-program](http://www.caloes.ca.gov/cal-oes-divisions/grants-management/homeiland-security-prop-1b-grant-programs/homeiland-security-grants-program).
501(c)(3) Certification Form – The 501(c)(3) Certification form requests Subrecipients to certify and acknowledge if they are required by the Internal Revenue Service to have a 501(c)(3) Determination Letter (reference Attachment C).

STD 204/Payee Data Record – A form used to assign an organization a Federal Information Processing Standard (FIPS) number.

Grant Assurances

The Grant Assurances list the requirements to which the Subrecipients will be held accountable. All Applicants will be required to submit a signed, original of the FY 2018 Grant Assurances as part of their FY 2018-19 CSNSGP application. The required Grant Assurances can be found only in PDF format on the Cal OES website.

**NOTE:** Self-created Grant Assurances will not be accepted.

Governing Body Resolution

The Governing Body Resolution (GBR) appoints AAs (identified by the individual’s name or by a position title) to act on behalf of the governing body and the Applicant by executing any actions necessary for each application and subaward. All Applicants are required to submit a copy of their FY 2018 GBR with their required documents (reference Attachment D).

Authorized Agent Information

For each person or position appointed by the governing body, identify the individual in the Authorized Body of 5 page of the FMFW.
**Section 4 – The State Application Process | 2018**

**Required Documents Submission**
Subrecipients must submit an electronic copy of their completed FMFW to their Program Representative for review. After the required documents are approved, a completed hardcopy of the FMFW, along with the required documents must be mailed, with original signatures, by the application due date as outlined in the CSNSGP Timeline (reference Attachment E). The completed required documents should be received by Cal OES within 45 days of receiving the Notification of Award Approval letter. If it is determined that you no longer want to accept the subaward, inform your Program Representative as soon as possible.

**Late or Incomplete Required Documents**
Late or incomplete required documents may be denied. If required documents are incomplete, the Program Representative may request additional information. Requests for late submission of required documents must be made in writing to the Program Representative prior to the due date. Cal OES has sole discretion to accept or reject late or incomplete required documents. All required documents requiring an original signature must be mailed in hardcopy.

**CSNSGP Contact Information**
All Subrecipient required documents, questions, comments, and correspondence should be directed to:

California Governor’s Office of Emergency Services
ATTN: Grants Management (Building E)
Infrastructure Protections Grants Unit
3650 Schriever Avenue
Mather, CA 95655

Renee Jackson, Chief  (916) 845-8404
Debbie Phillips  (916) 845-8746
Nick Murray  (916) 845-8405
Scott Sano  (916) 845-8408
Tim Reed  (916) 845-8662

**Subaward Approval**
The Subrecipient will receive written notice of the State’s approval of its grant subaward. Subrecipient reimbursements will not be made until all required documents have been approved by Cal OES.
## Payment Request Process

To request an advance or cash reimbursement payment of FY 2018-19 CSNSGP funds, Subrecipients must first complete a payment request using the Cal OES FMFW V1.18, returning it to the appropriate Program Representative. Subrecipients who fail to follow the workbook instructions may experience delays in processing the payment request.

Payments can only be made if the Subrecipient has submitted a completed and approved application.

**Exercise costs will not be reimbursed until an After Action Report (AAR) has been submitted to your Program Representative.**

## Advances and Interest Earned on Advances

Advance payment means a payment that is requested before Subrecipients have disbursed the funds for program purposes. Subrecipients may be paid an advance, provided they maintain a willingness and ability to maintain procedures to minimize the time elapsing between the receipt of funds and their disbursement.

Federal rules require advances to be deposited in interest-bearing accounts. Interest earned amounts up to $500 per year may be retained by Subrecipients for administrative expense; any additional interest earned on Federal advance payments must be returned annually to Cal OES.

## Semi-Annual Drawdown Requirements

All Subrecipients should be reporting expenditures and requesting funds at least semi-annually throughout the performance period. Semi-annual drawdowns should be occurring in March and October of each calendar year following final approval of the subaward application, with the exception of the final cash request, which must be submitted within 20 calendar days of the end of the subaward performance period.

## Modifications

Post award budget, scope and time modifications must be requested using the Cal OES FMFW V 1.18, signed by the Subrecipient’s AA, and submitted to the Program Representative.

The Subrecipient may implement grant modification activities, and incur associated expenses, only after receiving written final approval of the modification from Cal OES.

Adding or eliminating equipment found in the Investment Justification (IJ) must be requested in writing. Cal OES will review the request for approval.
Modifications

Refer to 2 C.F.R. § 200.308 for additional information on Revision of Budget and Program Plans.

Cal OES will generally not approve change of scope requests resulting from the following situations:

- Subrecipients that relocate their facilities after submitting their application who are requesting a change of scope to allow them to use CSNSGP funds towards projects at the new facility; or
- Subrecipients that renovate their facilities after submitting their application in cases where the subsequent renovations would affect the vulnerability/risk assessment upon which the IJ is based.

Training

All grant training activities must receive Cal OES approval prior to starting the training event. Allowable training-related costs under FY 2018-19 CSNSGP are limited to attendance fees for the training, and related expenses, such as materials, supplies, and/or equipment. No personnel costs, such as overtime and backfill costs, associated with attending the training courses are allowable. Travel costs are also not eligible. Training projects must be proposed in the IJ and must be presented by a pre-approved training provider. If the Applicant is selected for an award, they must obtain proof of that approval via a feedback number.

When seeking approval of non-State developed courses, course materials must be submitted with the approval requests. Conditional approvals are not offered.

For more information on this or other training-related inquiries, contact the Cal OES Training Branch at (916) 845-8752 or their website at: http://www.caloes.ca.gov/Cal-OES-Divisions/California-Specialized-Training-Institute.

Exercises, Improvement Plans, and After Action Reporting

Subrecipients should engage stakeholders to identify long-term training and exercise priorities. These priorities should address capability targets and gaps identified through the annual Threat and Hazard Identification and Risk Assessment and Stakeholder Preparedness Review process, real-world events, previous exercises, and national areas for improvement identified in the NPR.

Subrecipients must report on all exercises conducted with CSNSGP grant funds. An AAR and Improvement Plan (IP) or Summary Report (for Seminars & Workshops) must be completed and submitted to Cal OES within 90 days after the
Exercises, Improvement Plans and After Action Reporting Cont.  

exercise/seminars/workshops are conducted. It is acceptable to submit an Exercise Summary Report for Seminars and Workshops in lieu of a full AAR/IP.

Please ensure all AAR/IP or Summary Report documents are encrypted (password-protected) and the password and a copy of the AAR/IP or Summary Report is emailed to Program Representative via separate emails. For exercise-related issues and/or questions, please email the Cal OES Exercise Team at exercise@caloes.ca.gov.

Noncompetitive Procurements  

To be eligible for reimbursement, noncompetitive procurements exceeding the simplified acquisition threshold require Cal OES prior written approval. This method of procurement must be approved by your local Purchasing Agent prior to submitting a request for Cal OES approval. A copy of the Purchasing Agent’s approval must be included with submission. Cal OES may request additional documentation that supports the procurement effort.

Procurement Thresholds  

Effective June 20, 2018, the micro-purchase threshold was increased from $3,500 to $10,000 and the simplified acquisition threshold was increased from $150,000 to $250,000. These increases apply to all Subrecipient procurements executed on or after June 20, 2018. Refer to Information Bulletin (IB) 434 for additional information.

Planning  

CSNSGP funding may be used for security or emergency planning expenses and the materials required to conduct planning activities. Planning must be related to the protection of the facility and the people within the facility and should include those with access and functional needs as well as those with limited English proficiency. Examples of planning activities allowable under this Program include:

- Development and enhancement of security plans and protocols;
- Development or further strengthening of security assessments;
- Emergency contingency plans;
- Evacuation/Shelter-in-place plans; and
- Other project planning activities with prior approval from Cal OES.

Construction and Renovation  

Project construction using CSNSGP funds may not exceed 15% of the Grant Subaward.

Written approval for construction must be provided by Cal OES prior to the use of any CSNSGP funds for construction or renovation.
Eligible Equipment Costs

Equipment costs are limited to only two categories from the FY 2018 AEL. Those categories are Physical Security Enhancement Equipment (Category 14), and Inspection and Screening Systems (Category 15). Allowable CSNSGP equipment is located on the AEL website and is found here at: https://www.fema.gov/authorized-equipment-list.

Inventory Control and Property Management

FY 2018-19 CSNSGP Subrecipients must use standardized resource management concepts for resource typing and credentialing, in addition to maintaining an inventory by which to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

Subrecipients must have an effective inventory management system, to include:

- Property records that document description, serial number or other ID, title information, acquisition date, cost, location, use and condition, and ultimate disposition;
- Conducting a physical inventory at least every two years;
- A control system to prevent loss, damage, and theft of grant purchased equipment and supplies; and
- Adequate maintenance procedures must be developed to keep the property in good condition.

Equipment Disposition

When original or replacement equipment acquired under the CSNSGP is no longer needed for program activities, the Subrecipient must contact the Program Representative to request disposition instructions.

Monitoring

Cal OES Grants Monitoring actively monitors Subrecipients, both through desk and on-site field reviews. Monitoring is based on the cost principals and administrative requirements addressed in Local, State, and Federal controlling authority, in addition to applicable financial guidelines. Reviews may include, but are not limited to:

- Entries recorded on the FMFW categories;
- Eligibility of and support for expenditures, typically covering two to three years of data;
- Comparing actual Subrecipient activities to those approved in the grant application and subsequent modifications, including the review of timesheets as appropriate;
- Ensuring that advances have been disbursed in accordance with applicable guidelines;
- Confirming compliance with:
  o Grant Assurances, and
Monitoring Cont.  

- Information provided on performance reports and payment requests.

Suspension/ Termination  

Cal OES may suspend or terminate grant funding, in whole or in part, or other measures may be imposed for any of the following reasons:

- Failure to expend funds in a timely manner consistent with the grant milestones, guidance, and assurances.
- Failure to comply with the requirements or statutory progress toward the goals or objectives of Federal or state law.
- Failure to make satisfactory progress toward the goals or objectives set forth in the Subrecipient application.
- Failure to follow grant agreement requirements or special conditions.
- Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding.
- False certification in the application or document.
- Failure to adequately manage, monitor or direct the grant funding activities of their Subrecipients.

Before taking action, Cal OES will provide the Subrecipient reasonable notice of intent to impose corrective measures and will make every effort to informally resolve the problem.

Closeout  

Cal OES will closeout Subrecipient awards when it determines that all applicable administrative actions and all required work of the State award have been completed. Subawards will be closed after:

- Receiving any applicable Subrecipient Performance Report indicating that all approved work has been completed, and all funds have been distributed;
- All funds have been requested and reimbursed, or disencumbered;
- Completing a review to confirm the accuracy of reported information; and
- Reconciling actual costs to subawards, modifications and payments.

Records Retention  

The records retention period is three years from the end of the performance period. Closed grants may still be monitored and audited. Failure to maintain all grant records for the required retention period could result in a reduction of grant funds, and an invoice to return costs associated with the unsupported activities.
Warranty

In accordance with FEMA IB #336, Maintenance Contracts and Warranty Coverage Funded by Preparedness Grants:

- If purchasing maintenance agreement/service contract/extended warranty, it must not extend beyond the performance period of the grant, to which the contract is being charged, unless
- The maintenance agreement/service contract/extended warranty is purchased incidental (i.e. at the same time under the same Grant Subaward) to the original purchase of the system or equipment; Subrecipients may procure maintenance or warranty coverage which exceeds the performance period.

Competition

In accordance with 2 C.F.R. § 200.319, all procurement transactions must be conducted in a manner providing full and open competition consistent with the standards of this section. Follow the State or your own written procurement policies, whichever is more restrictive. If you follow your policies, they must meet the following minimum requirements:

- Obtain a minimum of two written (signed and dated) bids from vendors.
- Keep a written record of the following: WHO you contacted, WHEN you contacted them, WHAT prices were quoted, and WHY you selected the vendor. The records must include all bids.

Vendor Licensing

The State of California, Contractor's State License Board (CSLB) requires that anyone charging $500 or more to perform construction work must be licensed. Please make sure your contractor possesses the correct license certification and is qualified to install your equipment. Check a contractor's license number online at www.cslb.ca.gov or by calling (800) 321-2752 (CSLB). Contractors are required to place their license number on their business cards, bids, and contracts.

Bids, Estimates, and Invoices

Bids and invoices must include the following:

- Contractor/service provider's License Number;
- Invoice/estimate number;
- Make – (manufacturer/brand name);
- Model – (manufacturer's model name and number);
- Quantity – (amount purchased);
- Unit cost – (dollar amount per item);
- Any miscellaneous/installation equipment should be listed separately and include the details such as: quantity ordered and
Bids, Estimates, and Invoices Cont.

- price per unit;
- Labor/installation cost should be listed separately and detailed including price per hour per person;
- State/local taxes should be listed separately.

Bids and invoices must be issued by the vendor who installed the equipment or performed the service. Bids and Invoices may not be created by the Subrecipient or representatives of the Subrecipient. Costs must be allowable according to 2 C.F.R. § 200.403, § 200.404, and § 200.405.
CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) 
NEGATIVE DECLARATION

To Whom It May Concern:

In accordance with the procedures for the preparation of environmental impact statements, an environmental assessment is not necessary for the proposed agency action below:

(Name of Organization and Title of the project)

The project will not involve any of the following:

a. New construction projects.
b. The renovation or modification of a facility which leads to an increased occupancy of more than 25 persons.
c. The implementation of programs involving the use of pesticides and other harmful chemicals.
d. The implementation of programs involving microwaves or radiation.
e. Research and technology, the anticipated or intended future application of which could be expected to have a potential effect on the environment.

Consequently, an environmental impact statement will not be prepared.

Per Title 2 CFR § 200.331, Cal OES is required to evaluate the risk of noncompliance with federal statutes, regulations and grant terms and conditions posed by each subrecipient of pass-through funding. This assessment is made in order to determine and provide an appropriate level of technical assistance, training, and grant oversight to subrecipients for the award referenced above.

The following are questions related to your organization’s experience in the management of federal grant awards. This questionnaire must be completed and returned with your grant application materials.

For purposes of completing this questionnaire, grant manager is the individual who has primary responsibility for day-to-day administration of the grant. Bookkeeper/accounting staff means the individual who has responsibility for reviewing and determining expenditures to be charged to the grant award, and organization refers to the subrecipient applying for the award, and/or the governmental implementing agency, as applicable.
