NSGP Purpose

The National Preparedness Goal (the GOAL) is “A secure and resilient nation with the capabilities required across the whole community to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that pose the greatest risk.”

Using the core capabilities the National Preparedness Goal is achieved through five mission areas: **Prevention, Protection, Mitigation, Response, and Recovery.**

The goal of this grant is to integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack due to their ideology, beliefs, or mission with broader state and local preparedness efforts.
FEMA released the Fiscal Year (FY) 2019 Nonprofit Security Grant Program (NSGP) Notice of Funding Opportunity (NOFO) on April 12, 2019.

Each nonprofit organization must apply through their respective State Administrative Agency (SAA).

THE DUE DATE IS MAY 12, 2019 AT 11:59 PM
Allowability

In FY 2018, the NSGP allowable costs were expanded to include security training for all nonprofit staff, planning related costs, and exercises related cost, in addition to the traditionally allowable equipment.

In FY 2019, nonprofits are encouraged to apply for additional costs, including contracted security personnel as well as security-related training for:
Employed or volunteer security staff to attend security-related training within the United States;
Employed or volunteer security staff to attend security-related training within the United States with the intent of training other staff or members/congregants upon completing the training (i.e., “train-the-trainer” type courses);
Employed or volunteer security staff or members/congregants to receive on-site security training.

Bonus points for nonprofits that have not received NSGP funding in previous years
In previous years, one bonus point was added to the SAA score for nonprofit organizations that had never received NSGP funding. In FY 2019, ten bonus points will be added to the SAA score for both NSGP-UA and NSGP-S.
Funding Overview

The U.S. Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA)

DHS/FEMA has announced the FY 2019 NSGP in the amount of $60 million available nationwide for U.S. nonprofit organizations that are determined to be at high-risk of terrorist attack due to their ideology, beliefs, or mission.

Of the $60 million, $50 million is available to nonprofits located in designated urban areas (NSGP-UA), and $10 million is available to nonprofits located outside designated urban areas (NSGP-S).
Funding Overview

Organizations within a specific California Urban Area Security Initiative (UASI) designated urban areas, if your organization is within these areas you may apply through the State Administrative Agency (SAA) for award of up to $100,000 identified as NSGP-UA.

These areas are: Anaheim/Santa Ana Area, Bay Area, Los Angeles/Long Beach Area, Riverside Area, Sacramento Area, and San Diego Area.

For NSGP-S applicants, California set the maximum amount of the NSGP-S grant at $75,000.
Eligibility Criteria

1. Be an IRS recognized 501(c)(3) or eligible 501(c)(3) Nonprofit organization in the State of California.

2. Be at high-risk of foreign or domestic terrorist attacks due to their ideology, beliefs or mission, and which are located throughout the state.

3. Obtain a Data Universal Number System (DUNS) from Dun & Bradstreet (www.dnb.com). Call 1-800-700-2733 for information on how to obtain or update your organization’s profile. (Applications can only be submitted with a current and valid DUNS number, pending DUNS numbers will not be accepted)

   • Be located INSIDE the UASI areas in order to apply for up to $100,000 in grant funding, or;

   • Be located OUTSIDE the UASI areas in order to apply for up to $75,000 in grant funding.

DHS/FEMA will verify that the nonprofit has been included in the correct program and may disqualify applications that are not included in the correct program.

ALL FUNDS MUST BE EXPENDED DURING THE PERIOD OF PERFORMANCE

- Performance Period starts in September 2019.

- **Subrecipients have until 5/31/2022** to use all their funds.

- You cannot be Reimbursed for, or Advanced funds for, activities begun before you receive notification of completion of the application process.

- The application process must be completed within 45 days of the award notification date.
Equipment Costs:
Are focused on target hardening activities. Funding is limited to two categories of items on the Authorized Equipment List (AEL):
- Physical Security Enhancement Equipment (category 14).
- Inspection and Screening Systems (category 15).

- **Fencing**: Examples include security fencing and lighting systems.
- **Security Lighting**: Includes access control systems and blast protection measures.
Allowable Costs

Training:

Funds may support nonprofit organization security personnel to attend security-related training courses and programs.

• Allowable training topics are limited to the critical infrastructure key resources, including physical and cybersecurity, target hardening, and terrorism awareness/employee preparedness including programs such as Community Emergency Response Team (CERT) training, Active Shooter training, and emergency first aid training.

• Proposed attendance at training courses and all associated costs using the NSGP must be included in the nonprofit organization’s IJ.
Exercise:

Funding may be used to conduct security-related exercises. This includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, and documentation.

• All shortcomings or gaps found during the exercise, including those identified for children and individuals with access and functional needs—should be identified in an improvement plan. Improvement plans should be dynamic documents with corrective actions continually monitored and implemented as part of improving preparedness through the exercise cycle.
Planning:

Funding may be used for security or emergency planning expenses and the materials required to conduct planning activities. Planning must be related to the protection of the facility and the people within the facility and should include with access and functional needs as well as those with limited English proficiency. Examples of planning activities allowable under this program include:

- Development and enhancement of security plans and protocols;
- Development or further strengthening of security assessments;
- Emergency contingency plans;
- Evacuation/Shelter-in-place plans; and
- Other project planning activities with prior approval from DHS/FEMA.
Hiring:

Contracted Security Personnel are allowed under this program only as described in the NOFO and Manual. NSGP funds may not be used to purchase equipment for contracted security. The recipient must be able to sustain this capability in future years without NSGP funding.
Management and Administration (M&A):

Subrecipients may use up to 5% of the amount subawarded to them solely for M&A purposes associated with the subaward.

- Hiring of full-time or part-time staff or contractors/consultants to assist with the management and administration of NSGP funds.
• NSGP funding may not be used for construction and renovation projects without prior written approval from DHS/FEMA. All recipients of NSGP funds must request and receive approval from DHS/FEMA before any NSGP funds are used for any construction or renovation.

• Additionally, recipients are required to submit a SF-424C Budget and budget detail citing the project costs. The total cost of any construction or renovation paid for using NSGP funds may not exceed 15 percent (15%) of the NSGP award.
• NSGP Program recipients using funds for construction projects must comply with the *Davis-Bacon Act* (40 U.S.C. § 3141 et seq.).

• Grant recipients must ensure that their contractors or subcontractors for construction projects pay workers no less than the prevailing wages for laborers and mechanics employed on projects of a character similar to the contract work in the civil subdivision of the state in which the work is to be performed. Additional information regarding compliance with the *Davis-Bacon Act*, including Department of Labor (DOL) wage determinations, is available from the following website: https://www.dol.gov/whd/govcontracts/dbra.htm.
Unallowable Costs

- Organization costs, and operational overtime costs
- Hiring of public safety personnel
- General-use expenditures
- Overtime and backfill
- Initiatives that do not address the implementation of programs/initiatives to build prevention and protection-focused capabilities directed at identified facilities and/or the surrounding communities
- The development of risk/vulnerability assessment models
- Initiatives that fund risk or vulnerability security assessments or the development of the IJ
- Initiatives in which Federal agencies are the beneficiary or that enhance Federal property
- Initiatives which study technology development
- Proof-of-concept initiatives
- Initiatives that duplicate capabilities being provided by the Federal Government
- Organizational operating expenses
- Reimbursement of pre-award security expenses

From: Congregation of Congregates

Subject: Mission Statement

Our congregation prides itself on serving the community through outreach, charity, and support of our local programs. We congregate regularly to better the lives of our patrons and community. Through outreach we build a better, more cohesive community. Through charity, we assist those who are not as fortunate. Through support of our local programs, we give back to the community that congregates with us.

It is our congregation’s honor to be a part of this community and remain a pillar of trust within it.

Sincerely,
Obtain a Vulnerability Assessment (VA) for your organization and complete the Cal OES Vulnerability Worksheet.

- The VA defines, identifies, and prioritizes vulnerabilities of the organization structure.
- The VA provides the organization with knowledge of what equipment to purchase to make the organization safer.
- Align your equipment requests with your organization’s risk, which are the threats you face, your vulnerability, and the potential consequences of an attack.
Application Process: Vulnerability Assessment

• The VA must be performed by a person with security, emergency services, military or law enforcement background.

• There is no required format for conducting the assessment itself.

• If a Security Company prepares your Vulnerability Assessment they are prohibited from Bidding or Contracting for the Equipment Installation in accordance with 2 CFR§ 215.43 Competition.
• Previous assessments can be used if still current and applicable and results of the assessment must be recorded in the Vulnerability Assessment Worksheet and Annex 1.

• A webinar on how to complete the Vulnerability Worksheet is available on our website at VA Worksheet webinar

• The Cal OES Critical Infrastructure Protection (CIP) Unit may assist in contacting a regional fusion center for additional information on the conduct of a vulnerability assessment. They can be contacted at: infoshare@caloes.ca.gov.
Application Process: Investment Justification

- It is the Who, What, When, Where, Why and How of the organization’s plan for target hardening.

- It is an Excel Fillable form that Cal OES/FEMA uses to score and rank each application.

- It should be consistent with any Vulnerability Assessments performed on the organizations location.

- It establishes the target hardening project timeline and milestones for completion.
Requirement of the IJ

Each subapplicant must develop a formal IJ that addresses each investment proposed for funding.

**One IJ per site, and only one site per IJ, with that site having a physical address (not a PO Box Number) and for the location(s) that the nonprofit occupies at the time of application;**

- Address an identified risk, including threat and vulnerability, and build or sustain a core capability identified in the Goal;
- Demonstrate the ability to provide enhancements consistent with the purpose of the program and guidance provided by DHS/FEMA;
- Be both feasible and effective at reducing the risks for which the project was designed;
- Be able to be fully completed within the three-year period of performance; and
- Be consistent with all applicable requirements outlined in the NOFO.

FY 2019 NSGP Federal Funding Request: Up to $100,000 for Applicants within the UASI Area.

If you are applying for the NSGP-S Total cannot exceed $75,000.

Any Current Contract with DHS: Yes or No – if yes, please describe (This does not include previously awarded NSGP Grant funds).

Investment Phase – New or Ongoing.
Describe the nonprofit organization including:

- Membership and community served.
- Symbolic value of the site(s) as a highly recognized national or historical institution that renders the site as a possible target of terrorism.
- Any role in responding to or recovering from terrorist attacks and your involvement in your community in emergency preparedness activities or response.
DHS defines risk as the product of three principal variables: Threat, Vulnerability, and Consequences.

**Threat:** Applicant should discuss the identification and substantiation of prior threats or attacks on the organization or similar organizations.

**Vulnerabilities:** Applicant should discuss the organization's susceptibility to destruction, incapacitation or exploitation.

**Potential Consequences:** Consider potential consequences, the potential negative effects on an organization’s assets, system, and/or network if damaged, destroyed or disrupted by a terrorist.
In order to receive full points you must provide answer all three categories.

A. Threat
B. Vulnerabilities
C. Potential Consequences

DHS defines risk as the product of three principal variables: Threat, Vulnerability, and Consequences. In the space below, describe specific findings from previously conducted risk assessments, including A) Threats, B) Vulnerabilities, and C) Potential Consequences of an attack.

A) Threat: In considering threat, the applicant should discuss the identification and substantiation of specific threats or attacks against the nonprofit organization or closely related organization by a terrorist organization, network, or cell. The applicant should also discuss findings from a risk assessment, police findings, and/or insurance claims specific to the location being applied for including dates and specific threats.

B) Vulnerabilities: In considering vulnerabilities, the applicant should discuss the organization’s susceptibility to destruction, incapacitation, or exploitation by a terrorist attack.

C) Potential Consequences: In considering potential consequences, the applicant should discuss potential negative effects on the organization’s asset, system, and/or network if damaged, destroyed, or disrupted by a terrorist attack.
Describe the proposed target hardening activity

• **Total Federal funds requested:**
  o Up to a maximum of $100,000 is available for organizations located inside the UASI Area
  o $75,000 maximum outside the UASI Area

• **Security related training courses and programs if requested:**
  o Allowable training topics are limited to the protection of Critical infrastructure/Key Resources, including physical and cyber security, target hardening, and terrorism awareness/employee preparedness.

• **Describe the equipment requested:** Include the AEL Number/s and Title(s) of the desired equipment. Allowable equipment is limited to:
  o Physical Security Enhancement Equipment (*AEL Category 14*)
  o Inspection and Screening Systems (*AEL Category 15*)
If you choose to request funding for **Training** and or **Exercise**

Enter all the details regarding **Training and Exercise fund request in the** Section IV. Target Hardening.

Allowable costs are focused on target hardening activities as well as **planning related costs, exercise related costs**, and security-related training courses and programs limited to the protection of critical infrastructure key resources, including physical and cyber security, target hardening, and terrorism awareness/employee preparedness.

Funding can also be used for the acquisition and installation of security equipment on real property (including buildings and improvements) owned or leased by the nonprofit organization, specifically in prevention of and/or in protection against the risk of a terrorist attack.
Investment Justification
Section IV: Target Hardening

IV. Target Hardening (14 possible points out of 40)

In this section, describe each proposed activity or investment and the identified threat or vulnerability that it addresses as well as the associated cost with each activity or investment. Allowable costs are focused on target hardening activities as well as planning related costs, exercise related costs, contracted security personnel, and security-related training courses and programs limited to the protection of critical infrastructure key resources, including physical and cyber security, target hardening, and terrorism awareness/employee preparedness. Funding can also be used for the acquisition and installation of security equipment on real property (2,200 character max - not including spaces)

In this section, list all target hardening equipment being proposed. Include the Authorized Equipment List (AEL) number and description, the vulnerability the equipment addresses, and the funding requested.
Allowable equipment is limited to two categories of items on the AEL:
- AEL Section 14 - Physical Security Enhancement Equipment
- AEL Section 15 - Inspection and Screening Systems
The equipment categories are listed on the web based AEL on the FEMA website, https://www.fema.gov/authorized-equipment-list.

Equipment listed in this section is the equipment your organization will be expected to install. Equipment must correlate to your Vulnerability/Risk Assessment.

Bait and Switch Requests will be denied by DHS/FEMA. (This occurs when an organization is awarded grant funding but never intends to use the grant funding as awarded based on its IJ and vulnerability assessment.)

Evaluation of your IJ application is based on how your proposal addresses the needs identified in the vulnerability assessment and your ability to complete the equipment installations within your budget and the grant performance period.

Section VI: Project Management

- Who will manage the project? Include the name, phone number, and/or email address, and experience of the project manager(s)

- Any challenges to the effective implementation of the project?

- Coordination of the project with State and local Homeland Security partners (Cal OES)?

(2,200 Character Max not including spaces)
Investment Justification
Section VII: Impact

• Describe the measurable outputs and outcomes that will indicate that this Investment is successful at the end of the NSGP period of performance.

• What specific National Preparedness Goal is the investment trying to achieve? (Identified in Slide 3). Core Capability (Physical Security Enhancement)

• How will this investment of funds and equipment make your facility a safer place?
Investment Justification

Bonus: Funding History

- **Funding History-Previous Request Name and Funding**: Provide the funding source, funding amount, funding year and investment type.

- An additional 10 points will be given to nonprofit organizations that have not received prior years funding.
Application Submission

- DHS makes **Award Determination** (usually in August or September).

- Successful applicants receive a **Notification of Subrecipient Award Approval** letter.

- Successful Applicants will then need to meet several other application requirements before Cal OES notifies them that they have final approval to proceed.

- Cal OES will post a list of the successful California applicants on our [website](http://www.caloes.ca.gov).

(You are encouraged to abbreviate long organization names. The full names will be in the text of the document. Use Capital letters to separate the names, not spaces. For example: OceanWave)

The first _ is between the NSGP and S, the second _ between the S and the State, the third _ between the State and the Nonprofit name, and the fourth _ between the Nonprofit name and the document name.
NO LATER THAN 11:59 PM (PST) May 12, 2019.

Attach all application documents to an email and send them to:

Nonprofit.Security.Grant@caloes.ca.gov
This is a Competitive Grant Process, meaning that your applications will be ranked in comparison to all other applications received. Here are some Applicant Considerations:

- Completeness of the Application to include all required documents.
- Associated Vulnerabilities/Risks with location.
- Do your requested projects correlate to your Vulnerability/Risk Assessment?
- What is the symbolic/social importance of your site is as a possible target?
The SAA will develop a prioritized list of your Investment Justifications. Successfully ranked IJs will be attached and sent to the Department of Homeland Security (DHS) for consideration.
