STATE COALITION TECHNICAL ASSISTANCE AND TRAINING PROGRAM
Component: 40.20.151, 40.20.451

PROGRAM OVERVIEW

The State Coalition Technical Assistance and Training Program is administered by the California Partnership to End Domestic Violence (CPEDV), which is the domestic violence coalition for the State of California. CPEDV provides technical assistance and training, networking opportunities, information referrals, and resource development assistance for all Cal EMA-funded domestic violence service providers. In the fiscal year 2009/2010, the original grant amount of $175,000 was increased and the length of the grant period was extended in order to allow for CPEDV to perform new, one-time objectives in addition to its regular objectives. With the one-time increase in grant funding, CPEDV provided scholarships for Cal EMA-funded domestic violence service providers to attend the National Coalition Against Domestic Violence annual conference. CPEDV also used the additional funding to assist Cal EMA-funded domestic violence service providers with purchasing administrative software including databases for statistics, word processing software, and accounting software. The statistics listed below reflect the performance through the first three quarters of the year. Due to the extension of the grant term, the final statistics have not yet been submitted.

FUNDS AWARDED

Fiscal Year	Types of Funding	Total Funding
FY 2009/10	Family Violence Prevention Services Act (FVPSA) FFY 2009	$ 315,105
