Daily Focus- Wildfire
Although lights are a festive way to celebrate the holidays, they can also be a hazard when left unattended. Be sure to unplug lights before going to bed or leaving the house to prevent an electrical fire.
Daily Focus- COVID-19
Governor Newsom Signs Executive Order on Actions in Response to COVID-19

Governor Gavin Newsom today issued an executive order addressing a variety of issues in response to the pandemic, including:

- Extending the availability of housing for migrant agricultural workers
- Providing a 90-day extension on tax returns and tax payments for small businesses
- Updating Cal/OSHA requirements related to quarantine guidelines.

More details below:

The order allows migrant farm labor centers managed by the Department of Housing and Community Development to continue housing agricultural workers and their families beyond the statutory occupancy period, which for several would be this month. It also suspends the requirement that these workers reside outside of a 50-mile radius from the migrant farm labor center for three months of the preceding six months.

The order allows the California Department of Tax and Fee Administration (CDTFA) to offer a 90-day extension for tax returns and tax payments for all businesses filing a return for less than $1 million in taxes. Small businesses will have until the end of July to file their first-quarter returns.

In addition, the order updates the Division of Occupational Safety and Health (Cal/OSHA) emergency temporary standard in keeping with new guidance from the California Department of Public Health (CDPH) related to quarantine guidelines.

The text of the Governor’s executive order can be found here and a copy can be found here.

Positivity Rate for California:

California’s positivity rate is a key indicator of community spread. As of 12/14, the 7-day positivity rate is 10.6% and the 14-day positivity rate is 10.5%.
Nationwide COVID-19 Numbers (reported by the Center for Disease Control, CDC, from previous day):

As of 12/14, there have been:

- **16,113,148** total positive cases, with **181,032** new cases reported from the prior day.
- **298,266** total deaths, with **1,448** new deaths reported.

For more COVID-19 data provided by the CDC, click [here](#).

**Healthcare Worker Cases:**

As of 12/13, local health departments have reported **59,968** confirmed positive cases in health care workers and **229** deaths statewide.

For skilled nursing facility data, visit: [Skilled Nursing Facilities: COVID-19](#).

**CDPH-Regional Stay-at-Home Order**

The [Regional Stay Home Order](#), announced December 3, 2020, will go into effect within 24 hours in regions with less than 15% ICU availability.

The order will remain in effect for at least 3 weeks and, after that period, will be lifted when a region’s projected ICU capacity meets or exceeds 15%. This will be assessed on a weekly basis after the initial 3-week period. Learn more about this order.

The state released a map of the five regions being measured. See below.

*Tier assignments may occur any day of the week and may occur more than once a week when CDPH determines that the most recent reliable data indicate that immediate action is needed to address COVID-19 transmission in a county.

To determine the significance of your county’s status and what that means for activity limitations and guidelines, [click here](#).

For access to the raw data for the California Blueprint, click [here](#).
Health Equity Metric:

As announced on August 28, 2020, the Blueprint for a Safer Economy includes a health equity metric which will be used (along with other metrics) to determine a county's tier. The purpose of this metric is to ensure California reopens its economy safely by reducing disease transmission in all communities.

For more information on the Health Equity Metric click here. For information on Targeted Equity Investment Plans click here.

About the tests

How many tests have been conducted in California?

As of 12/14, there have been 27,552,039 tests conducted in California. This represents an increase of 356,452 over the prior 24-hour reporting period.

These numbers include data from commercial, private and academic labs, including Quest, LabCorp, Kaiser, University of California (UC) and Stanford, along with the 25 state and county health labs currently testing.

Get tested:

Locate confidential COVID-19 testing near you by clicking here. Appointment may be required.

Contact Tracing

Contact tracing is an important step in slowing the spread of COVID-19.

It’s when health workers notify you that you’ve been in close contact with an infected person. They will tell you how to quarantine or isolate and get tested. Public health departments have used contact tracing for decades to fight infectious disease.

California Connected:

Launched on May 22, 2020, California Connected is the state’s comprehensive and confidential contract tracing program. This critical program is administration-led with the support of CDPH, local health departments (LHD), the UC system, UCSF, and UCLA.

Wildfire Recovery
Federal Disaster Assistance:

IMPORTANT: If your constituents have suffered losses from this year’s wildfires, urge them to contact their insurance companies first. Insurance delivers most of the financial help in disasters.

However, if you live in the counties listed above and have been impacted by wildfires, register for federal assistance in the following ways:

- Online at [www.disasterassistance.gov](http://www.disasterassistance.gov)
- Downloading and using the FEMA app
- Calling FEMA Helpline at 800.621.3362 (languages other than English available.)

**Small Business Administration (SBA) - Disaster Assistance**

The SBA provides low-interest disaster loans to help businesses and homeowners recover from declared disasters.

**Economic Injury Disasters Loans (EIDL):**

During the pandemic and the wildfires, all California counties eligible for the EIDL. These loans can be approved up to $2 million, but are limited to the economic injury determined by SBA. These loans are intended to assist through the disaster recovery period.

**EIDL Advances:**
In response to the COVID-19 pandemic, small business owners are eligible to apply for an Economic Injury Disaster Loan advance of up to $10,000.

This advance will provide economic relief to businesses that are currently experiencing a temporary loss of revenue. Funds will be made available within three days of a successful application. This loan advance will not have to be repaid.

This advance may be available even if your EIDL application was declined or is still pending and will be forgiven. If you wish to apply for the Advance on your EIDL, please visit https://covid19relief.sba.gov/#/ as soon as possible to fill out a new, streamlined application.

California’s **Small Business Finance Center** (Center) via IBank:

This is a loan guarantee program designed to assist small businesses that experience capital access barriers. The Small Business Loan Guarantee program encourages lenders to provide funds to small businesses to help them grow and prosper.

This year, the Center is making available $50 million in state funding, providing potential capital for individuals who do not qualify for federal funds.

**Who is eligible?**

Small Businesses located in California with 1-750 employees that have been negatively impacted or experienced disruption by COVID-19 and nonprofits.

**Virtual SBA Support:**

Virtual Business Recovery Center and Virtual Disaster Loan Outreach Center is now open Monday through Friday from 9:00 a.m. – 6:00 p.m.

- Email: FOCWAssistance@sba.gov
- Call: (916) 735-1500

**Great Plates Delivered: Home Meals for Seniors**

This program helps seniors and other adults at high risk from COVID-19 to stay home and stay healthy by delivering three nutritious meals a day and provides essential economic stimulus to local businesses struggling to stay afloat during the COVID-19 crisis.

**IMPORTANT:** Federal Emergency Management Agency (FEMA) Public Assistance (PA) program has authorized a time extension for the Great Plates Delivered program to **January 7, 2020**
If you are interested in either providing meals or getting meals, click [here](#).

**Listos California**

Listos California is the state’s emergency preparedness campaign, which builds resiliency in vulnerable communities at high risk for wildfires and other disasters.

**How Elected Officials Can Help:**

All elected officials are invited to serve as an important megaphone for the 5-steps of preparedness. We have prepared a [dropbox folder](#) filled with information you can share with your constituents via social media, newsletters and/or visits with your local community. Find what you’re looking for quickly by using the [Table of Contents](#).
Farmworker Initiative and Disaster Guide:

Help ensure that all members of our communities are prepared for COVID-19 and other disasters by sharing the new “Farmworker Initiative” section of the Listos California website. This initiative includes a Disaster Guide in English and Spanish to support Farmworkers protect themselves for when disaster hits.

Written materials in Spanish and audio files in Indigenous Languages, Punjabi, Hmong and Spanish can be found here.

Actions Taken by the State and Federal Government

- **December 7** Governor Newsom announced statewide expansion of CA Notify, a smart phone tool designed to slow the spread of COVID-19. CA Notify is a completely private, anonymous and secure tool that allows Apple and Google smart phone users to help slow the spread by opting in to receive COVID-19 exposure alerts letting them know when they’ve come into contact with someone who has tested positive.

- **December 3** the Governor, due to unprecedented COVID-19 case surge and viral transmission, along with growing concern for a dwindling intensive care unit bed capacity and healthcare staffing, laid the groundwork to put the state, by region, under a more restrictive Stay-at-home Order should a region drop below the ICU capacity threshold.

- **November 30** Governor Gavin Newsom announced he would build on the state’s ongoing support throughout the pandemic, with the following immediate support and relief: 1) Tax Relief for Businesses Impacted by COVID-19. 2) $500 Million for New COVID Relief Grant for Small Business. 3) Increase Funding for the California Rebuilding Fund by $12.5 million.

- **November 24** Governor Gavin Newsom issued the state’s first-ever Social Innovation Impact Report highlighting innovative public-private-partnerships that have contributed $3.9 billion toward the state’s housing efforts, COVID-19 response and more. A copy of the report can be found here.

- **November 20** Governor Gavin Newsom released “Recovery for All,” the final report by the Task Force Co-Chairs Ann O’Leary and Tom Steyer. Additionally, Governor Gavin Newsom announced the opening of the California Rebuilding Fund to help impacted small businesses rebuild from the economic crisis and keep local economies strong.

- **November 19** Governor Gavin Newsom and the California Department of Public Health (CDPH) announced a month-long Stay-at-Home Order, effective November 21, in counties in the purple tier. This comes in response to an
unprecedented, rapid rise in COVID-19 cases across California and in an effort to decrease transmission and slow hospitalizations before the death count surges.

- **November 18** Governor Gavin Newsom declared a State of Emergency in Mono County due to the effects of the Mountain View Fire, which has burned over 20,000 acres and resulted in at least one fatality, forced the evacuation of residents and is threatening critical infrastructure.

- **November 16** Governor Gavin Newsom and state public health officials have taken necessary action to slow advancement of the Blueprint for a Safer Economy county tier assignments in response to record rate increases of COVID-19 cases in the state.
