

# PHASE 2 BAY AREA REGION: CLEAR LAKE TO SANTA CRUZ

## PREDICTED COVERAGE, SPRING 2021

This is a map of Phase 2 showing the predicted coverage in the Bay Area Region from Clear Lake to Santa Cruz. This region is expected to be operational in wide area trunking in the Spring of 2021.

The map shows five repeater sites installed, out of the nine planned in the region, located at Seigler Mountain, Mount Saint Helena, Vaca Mountain, Diablo Mountain, and Loma Prieta Peak.
