

Demo Equipment Policy

California Radio Interoperable System (CRIS) Demo Equipment

The CRIS maintains a cache of mobile radios that are available for short term demonstration deployments of six months or less for potential new subscribers to demo/test the CRIS system. A maximum of 30 demo radios may be provided. For questions regarding the demo radio program contact the CRIS outreach representative at (916) 894-5288.

Requesting agencies must submit form TDe-604 found on the CRIS website. Mail completed form to: PSC Intake, 601 Sequoia Pacific Boulevard, Sacramento, CA 95811 or email to: PSC.Intake@CalOES.ca.gov. Upon approval and prior to delivery of equipment, form TDe-604 will be completed by the CRIS outreach representative listing all equipment being provided. The form will be signed by the agency representative and the CRIS outreach representative.

Radio maintenance for all demo equipment will be completed at no cost by Cal OES/ PSC technicians.

The equipment is owned by Cal OES/PSC and must be safeguarded at all times. If lost or stolen it must be reported immediately to Cal OES/PSC at (916) 894-5288 or email CRIS.ClientSupport@caloes.ca.gov. The borrower is responsible for replacement or repair of all equipment and accessories damaged, lost or stolen.
