

# Mutual Aid Regional Advisory Committee (MARAC)

The Standardized Emergency Management System (SEMS) was established by state legislation: Senate Bill (SB) 1841, Chapter 1069, Statutes of 1992, which went into effect January 1, 1993 (California Government Code Section 8607). [The SEMS Maintenance System](#) was developed as a means to establish and formalize a process for supporting the ongoing improvement and maintenance of California's overall system for emergency management, including SEMS.

The SEMS Maintenance System consists of three levels of operation: an Advisory Board, a Technical Group, and Six Mutual Aid Regional Advisory Committees (MARACs). The MARACs were established to provide a broad base for local government participation in the SEMS Maintenance System and are a principal source of input and information into the system. Recommendations from these committees to the SEMS Technical Group provide a means by which SEMS is maintained and improved.

Each MARAC consists of:

- The Cal OES Regional Administrator, or deputy, for the Administrative Region encompassing the mutual aid region(s)
- Regional Mutual Aid Coordinators (fire, law enforcement, disaster medical and other established mutual aid systems)
- A representative from each Operational Area located within the mutual aid region
- Representatives from two municipalities (small/large and rotates bi-annually)
- Regional Public Utility Representative
- Private utility representative (rotates bi-annually)
- Special District Representative
- Other designee as appointed by an individual MARAC

Responsibilities of the MARAC are to:

- Adopt regional goals and objectives that support the development and implementation of SEMS.
- Ensure that local governments, operational areas, special districts and other organizations, including the private sector and non-governmental organizations, are kept informed of the latest information on emergency management and on SEMS.
- Recommend changes or modifications to SEMS to the SEMS Technical Group.
- Provide personnel and/or technical support to SEMS Specialist Committees as appropriate.
- Ensure that local agencies and jurisdictions are provided the opportunity for ongoing comment and suggestions for system improvements.

Emergency Services Coordinator Greg McKeown is the MARAC Coordinator for the Southern Region - Mutual Aid Regions I & VI.
