

Integrating Access & Functional Needs Into Emergency Management (G197): This course empowers Emergency Managers, Disability Partners, and Community-based organizations serving individuals with access and functional considerations with the technical support, knowledge, and capability to integrate how they plan, prepare, respond, and recover from disasters.

The course, which outlines key inclusion principles, addresses avenues for partnership development, and details important guidance and best practices, focusing on the following topics:

- Whole Community Planning
- Integrated Shelter Operations
- Inclusive Transportation and Evacuation Practices
- Effective Communication and Accessible Emergency Messages
- Long Term Recovery

Course Length: 12 hours
Course Code: G197
CA-Approval: CA-056-RESP
