## Review of Equipment Inspection – Re-Certification:

1. **Self-Inspection:** According to our records, submission and completion of the “*Re-Inspection Survey Questionnaire*” Form was found to be complete, and is acceptable documentation to verify retention of the specified *equipment items* as included in the Form required for your requested Hazardous Materials Company Typing in accordance with the *FIRESCOPE Standardized Equipment List*.
2. **On-Site Inspection:** According to our records, completion of the *On-Site Re-Certification* inspection on the date noted above was found to be complete, and is acceptable documentation to verify retention of the specified equipment items as include in the Re-Certification Record required for your requested Hazardous Materials Company Typing in accordance with the *FIRESCOPE Standardized Equipment List*.

Therefore, we can certify that your hazardous materials response unit has met all requirements for Re-Certification as a California Office of Emergency Services, Fire & Rescue Division **Hazardous Materials Team and has attained a Re-Certification Typing status as noted above**. We would like to remind you that effective immediately and here-after, all equipment and gear as presented and documented in the *Inspection Record* must be available and respond with your company whenever activated and mobilized for a mutual aid response through the Cal OES Fire & Rescue Mutual Aid system. Similarly, your agency must also insure that when activated and mobilized the staffing of your company shall always comply with the minimum as required (five for a Type 3 and Type 2, seven for a Type 1) and trained to the minimum State requirement level. Please review Bulletin #20 for a more in depth description and explanation of procedures to follow when a mutual aid activation is through the Cal OES process.

The inspection team would like to congratulate you and the members of your Department and the Haz-Mat Response Team Program on achieving this Hazardous Materials Response Team Typing designation.

Please extend to all of your members who assisted with the inspection process our gratitude and thanks. You, your crew, and your department are to be congratulated.

Most Respectfully,

Jan R. Dunbar, Assistant Chief  
Hazardous Materials Unit  
Fire & Rescue Division  
California Office of Emergency Services
