EXECUTIVE SUMMARY

INTRODUCTION

The California Governor’s Office of Emergency Services (Cal OES), Office of Grants Management, Victim Services (VS) Branch presents the annual fiscal and programmatic status report to the Joint Legislative Budget Committee for fiscal year (FY) 2022-23. This report provides the Legislature, our stakeholders, and Subrecipients with a comprehensive understanding of the work being accomplished across California through our programs. This report lists each of the VS Branch’s programs, Grant Subawards, fund sources, funded amounts, budget program/components, and the resulting statistics gathered for FY 2021-22 (July 1, 2022, to June 30, 2023) for each VS Branch program.

In FY 2022-23, the VS Branch administered approximately \$374 million in funding, through programs that respond to victims’ needs or promote an effective criminal justice system response to victims. The following pages provide a snapshot of the activities, allocations, and statistical data related to the 77 victim services grant programs administered by the VS Branch. The below table is a sampling of the total data collected:

# of Individuals Served	# of Shelter Nights Provided	# of Counseling Sessions Provided	# of Criminal Justice Personnel Trained	# of Victim Service Providers Trained
942,017	441,104	473,074	6,457	4,736

PROGRAM HIGHLIGHTS

The Program Highlights that are included below showcase the outstanding efforts of state, local, and non-profit victim services and criminal justice organizations and programs that Cal OES’s VS Branch funds. The funding allows for prevention, intervention, and enforcement components that work toward achieving a safer California. The need for these services is on-going – without continued state and federal grant funding, many of these exemplary projects would cease to exist.

AMERICAN RESCUE PLAN UNIT

Venice Family Clinic (VFC), a Subrecipient of the Domestic Violence American Rescue Plan Program, was founded in 1970 and has grown into a Federally Qualified Health Center with 10 clinical sites in and around the Westside of Los Angeles, CA. With a mission to provide quality primary health care to people in need, VFC offers an array of comprehensive services to almost 27,000 people

annually, including the Safe Families Domestic Violence Intervention and Prevention Program.

Though perhaps not a typical setting for a domestic violence intervention program, VFC understands, that as a community health center (Clinic) they have a unique opportunity to address the issue. The survivor's visits can appear simply as a primary care medical visit, but in reality, the certified Domestic Violence Specialist provides individual counseling in Spanish or English to help survivors understand the dynamics of violence, assess their needs, develop safety plans, and examine the impact of violence on children and other family members.

The emergence of the COVID-19 pandemic trapped survivors of violence in close confines with their abusers, leaving them at increased risk for sustained abuse. VFC made important adjustments to keep the program accessible during this unprecedented time. They moved largely to a telemedicine model, scheduling, and conducting all appointments by phone utilizing blocked numbers to communicate with patients to schedule safe times and locations to hold calls. For patients who had no privacy and no ability to receive personal calls, in-person visits to the Clinic were scheduled which could be explained as medical appointments. The Clinic staff reserved one day a week for these in-person meetings.

Case Study:

One patient, a middle-aged immigrant woman with adult children, had been chronically verbally, emotionally, and psychologically abused for decades, experiencing extensive coercive manipulation. She was referred to domestic violence counseling support by one of VFC's former volunteers, and after enrolling in the Clinic as a patient she was immediately connected to a Domestic Violence Specialist for domestic violence counseling. VFC designed her counseling with utmost thought for her safety. Her sessions took place when she was at work, and attention was paid to safely crafting an exit plan and ensuring the welfare of her pets. Through counseling, she has begun to re-establish her self-worth and acknowledge the abuse she experienced. Now stronger, she ultimately made the decision to leave her marriage and live on her own. She has subsequently been granted a divorce and continues to work with the Domestic Violence Specialist to build her self-worth, heal, learn how to set boundaries, and maintain her personal safety.

CHILDREN'S UNIT

Rady Children's Hospital-San Diego is a nonprofit, 511-bed pediatric-care facility dedicated to excellence in care, research, and teaching and is a Subrecipient of the Child Abuse Treatment (AT) Program. The AT Program provides funding for comprehensive psychotherapy services to children victimized by abuse and/or

neglect. Psychotherapy services for family members and/or caregivers of child victims are also available to help with the treatment of the child.

Case Study:

An 11-year-old child with a history of trauma exposure came to therapy after witnessing a shooting outside of her home. The child's mother tried to perform life support assistance to the teenage shooting victim while she observed. The victim later died. Following this incident, the child experienced post-traumatic symptoms, including nightmares, heightened anxiety, hypervigilance, dissociative symptoms, and fear of being separated from her mother. A therapist began working with the child who quickly engaged and was very open about communicating the trauma and her symptoms. Goals of treatment included decreasing the child's anxiety, processing the trauma she witnessed, and helping her develop coping skills to deal with triggers and trauma reminders. The therapist engaged the child in completing Trauma Focused Cognitive Behavioral Therapy (TF-CBT) to work through the trauma and practice the skills learned in TF-CBT. Now that she is nearing the end of treatment, the child has reported a decrease in her overall level of anxiety since services started. She also reported that she has been able to sleep in her own room again, which she has not done since the shooting occurred. She has also expressed that she is able to tolerate trauma reminders better, such as when she hears loud noises. In addition, the child has learned several techniques to manage her anxiety, such as deep breathing, using sensory tools, and progressive muscle relaxation.

LAW ENFORCEMENT & COUNTY VICTIM SERVICES UNIT

The Sacramento Internet Crimes Against Children (ICAC) Task Force focused efforts to increase resources towards proactive investigative efforts to combat child sexual abuse. They started the year with an Undercover Concepts and Techniques class as a beginning for Operation Secret Admirer. This operation was a multi-agency undercover operation to combat online-facilitated sexual exploitation of children, which led to the arrest of 18 suspects. The second operation was the two-week joint 2023 Cybertip Operation, which focused on investigating Cybertips from the National Center for Missing and Exploited Children. The Sacramento ICAC received 13,817 Cybertips in 2023. During this operation, 29 agencies participated in 37 search warrants related to Cybertips- 23 suspects were arrested. The final operation was Operation Monster Mash, a two-week operation that focused on suspects that were downloading Child Sexual Abuse Material (CSAM) to their personal devices and computers. Many of the targets were found in possession of horrendous CSAM files that depicted sexual images of infants and toddlers that were forced to engage in sexual abuse, including some that involved bondage, discipline, dominance and

submission, and sadomasochism. The operation resulted in 12 arrests and one pending arrest warrant.

During the year, they continued their efforts in promoting a Northern California regional training center for forensic, internet crimes, and wellness training to service their 115 affiliated agencies.

Case Study:

During April 2023, a registered sex offender began communicating with an undercover (UC) Sacramento ICAC Task Force detective who posed as a 13-year-old child. The perpetrator had previous convictions in 2014 for sending pornography to a minor and in 2016 for communicating with a minor to commit a sex offense and attempted lewd and lascivious acts with a child under 14. The perpetrator offered to meet with the UC detective and offered take her to get a tattoo "somewhere sexy" on her body. The perpetrator offered to teach the UC detective about sex and described in graphic detail sexual experiences with older people when he was her age. The perpetrator informed her he enjoyed role playing and pretending his sexual partners are minors; encouraged her to view pornography; provided graphic search terms to seek pornography; encouraged her to conceal their communication from her mother and to sneak out to meet with him and come to his residence; and sent explicit pictures and videos of himself to the UC detective. The perpetrator suddenly stopped communicating with the UC detective and did not return correspondence. ICAC detectives coordinated with a local sex offender registration unit and determined the perpetrator had moved out of his residence, purchased a different vehicle, changed his telephone number, and was preparing to move out of state. On June 7, 2023, ICAC detectives intercepted the perpetrator just prior to him leaving California. The perpetrator was arrested for three separate violations and was sentenced eight years in prison.

DOMESTIC VIOLENCE UNIT

The California Partnership to End Domestic Violence (Partnership), contracted with RALLY, an advocacy company, to create and disburse a campaign to further public awareness about the availability of gun violence restraining orders through the Gun Violence Restraining Order Outreach (GO) Program. The Partnership was able to conduct this outreach via various communication methods, such as billboards, social media, and in-person events. By utilizing domestic violence shelters as Second Tier Subawards, they were able to ensure outreach efforts were conducted statewide to reach domestic violence victims and marginalized communities.

Additionally, a previously funded Subrecipient of the Domestic Violence Assistance (DV) Program ceased business operations creating fund availability for new Subrecipients to join the DV Program. Through a competitive Request for Proposal (RFP) process, three new Subrecipients that focus on providing

culturally specific domestic violence services to marginalized communities were able to be funded, for an overall total of 104 funded Subrecipients.

Lastly, the program formerly known as the Equality in Prevention and Services for Domestic Abuse (GL) Program, was renamed the Equality in Domestic Violence Prevention and Services (EX) Program. This Program also released a competitive RFP and is funding three Subrecipients that provide direct domestic violence services to the LGBTQIA+ community.

HOUSING UNIT

Lake Family Resource Center is a local non-profit organization serving all of Lake County, providing services in child and youth development, parenting education and personal development, family and community violence prevention, intervention, treatment, and health & wellness. Lake Family Resource Center is a Subrecipient of the Domestic Violence Housing First (XD) Program. The XD Program provides victims/survivors of domestic violence with safe, permanent housing, and ongoing trauma-informed supportive services tailored to address the individual needs of each victim/survivor that allows them to choose how to best rebuild their lives.

Case Study:

A victim of domestic violence and her three children were referred to Lake Family Resource Center because she was fleeing from her abuser, who is also the father of her children. She was physically, emotionally, and financially abused and did not want to continue in the relationship. She also had a long history of previous abuse and childhood trauma which she still struggles with.

The client was employed and was working on getting her medical assistant certification. Once she earned her certification, it increased her pay allowing her to bring more money into her household. She had been staying in Lake Family Resource Center's emergency shelter and through the XD Program, she was connected to a landlord and was able to secure a large enough home to meet the needs of her family. A Family Advocate helped her create a budget and set a goal of saving one thousand dollars or more, which was achieved in a few months. She received therapy services to support her in her healing. Other supportive services from the XD Program included biweekly case management, transportation assistance, and financial assistance. The client was able to purchase a car through a local dealership, however, a few months later the vehicle began having issues. The Family Advocate helped her create a stabilization plan, which included rental assistance for six months and assistance with the car repair costs. The client continued with her financial goals and savings and maintained her employment. The XD Program assisted with the car repair costs and she can now drive herself to work and provide reliable transportation for her children.

HUMAN TRAFFICKING & LEGAL ASSISTANCE UNIT

Justice At Last is a mobile legal practice, with satellite offices throughout the San Francisco Bay Area, exclusively serving human trafficking survivors. They provide comprehensive support in the following legal areas: criminal records clearance, immigration relief, employment rights, restraining orders, emergency custody, youth law, debt relief, and identity theft, and are a Subrecipient of the Human Trafficking Victim Assistance Program.

Case Study:

Justice At Last supported a male foreign-national labor trafficking survivor with crime victim's rights representation and immigration relief. The client was prosecuted at the federal level for crimes he was forced to commit by his traffickers and Justice at Last represented him as his victims' rights attorney. They collaborated with his defense attorney to obtain a reduced sentence through extensive advocacy to show that he was a victim of trafficking. However, on the day he was meant to be released from federal custody, he was detained by immigration officials and deportation proceedings were started. Despite limited means of communication with the client and facing an accelerated deportation timeline, Justice At Last ensured that their client would be safe from immediate deportation. They worked with several community partners to file a petition in the Ninth Circuit Court of Appeal to stay his deportation order. Justice At Last also worked with a congressman to address the difficulties in accessing the client while he was detained. As a result of this collaboration, the client is temporarily safe from being returned to his home country, where he would be at great risk of persecution and re-trafficking.

SEXUAL ASSAULT UNIT

To continue to address the significant impact of COVID-19 on sexual assault service programs 103 Subrecipients funded through the Rape Crisis (RC) Program, Campus Sexual Assault (CT) Program, and the Victim Advocacy in Detention Facilities (KA) Program were able to utilize augmented funds through the Family Violence Prevention and Services Act (FVPSA) American Rescue Plan (ARP) COVID -19 Rape Crisis Centers and Sexual Assault Programs (FVSA) Supplemental Funding Program. The purpose of these funds is to assist with the transition to virtual/remote services for rape crisis centers, sexual assault programs, tribal programs, and culturally specific programs that provided crisis services, support services, and assistance to survivors of sexual assault and support the increased emergency needs of sexual assault survivors as a result of the COVID-19 public health emergency.

UNDERSERVED VICTIMS UNIT

The Underserved Victims Unit continues to fund victim assistance service programs to various underserved populations throughout California.

For fiscal year 2023-24, the Underserved Victims Unit distributed approximately \$28 million via eight programs to assist unserved/underserved victim populations throughout California. The three largest funded programs are the Unserved/Underserved Advocacy and Outreach (UV) Program, The Innovative Response to Marginalized Victims (KI) Program, and the Elder Abuse (XE) Program. The Underserved Victims Unit also supports tribal programs: Tribal Court Advocates (KT) Program, Native American Domestic Violence and Sexual Assault (DS) Program, and Native American Child Abuse Treatment (NA) Program.

The UV Program provides access to culturally appropriate victim services for unserved/underserved victims of crime. This Program receives a total of \$14,767,950 to serve unserved/underserved victims.

The KI Program supports innovative projects to provide services to marginalized victims of crime and victims of poly-victimization. The Program focuses on providing direct services to young males of color, victims of gang violence, refugees, low wage workers (janitorial, service industry, etc.), transgender, and foster care youth. This Program just completed a competitive process that distributed a total of \$4,931,960 to 23 Subrecipients.

The XE Program focuses on enhancing the safety of elder and dependent adult victims of abuse, as well as, bridging the gap between elder justice service providers and victim service providers. The Program supports the elderly and dependent adult communities by improving their ability to access services, identifying their needs, and improving the delivery of services to these populations. The Program just completed a competitive process that distributed \$2,555,930 to 12 Subrecipients.

VICTIM WITNESS & PROSECUTION UNIT

Cal OES provides Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program funds to 37 Child Advocacy Centers (CACs) in California through the Child Advocacy Center (KC) Program. The purpose of the KC Program is for CACs to provide direct victim services to child abuse victims/survivors and their families through a multidisciplinary team approach. These services include victim/survivor- centered, trauma-informed forensic interviews, advocacy, direct or referral to therapy/counseling, and referrals for medical exams.

The KC Program makes an indelible difference in the lives of abused children across California. The KC Program expands trauma-informed child abuse services and interventions statewide. CACs are unique organizations statutorily

mandated to coordinate government agencies investigating child abuse cases; including police, prosecution, and child welfare professionals such as doctors and therapists trained to treat child abuse victims/survivors. VOCA funds awarded to CACs have increased and improved response to child abuse allegations to ensure that children receive prompt and improved victim/survivor centered services. This Program ensures a greater number of abused children in California receive access to immediate coordinated intervention and healing services.

One of the most beneficial aspects of the KC Program is that it allows CACs to utilize funding to meet the specific needs of their unique community. All funds are spent with the goal of reducing trauma to abused children. Some of the significant improvements include, but are not limited to:

- Creation of CACs in underserved communities to ensure that children in these areas in California receive the support they need when they are most vulnerable.
- Hiring dedicated, specially trained, forensic interviewers who conduct trauma-informed, developmentally appropriate interviews with child abuse victims/survivors.
- Increasing the number of CACs able to provide counseling and advocacy services to victims/survivors of child abuse and decreasing the wait time for therapy services.
- Increasing language access services by employing bi-lingual staff to provide children and families services.

The KC Program has improved service provisions and enabled communities in California to better respond to the needs of child abuse victims/survivors.

VICTIM SERVICES MAJOR FUND SOURCE DESCRIPTIONS

1. Victims of Crime Act (VOCA) Victim Assistance Formula Grant Program (Formula Grant Program)

The VOCA Formula Grant Program is authorized by the Victims of Crime Act of 1984 (34 U.S.C. § 20103 (a) and (b)).

VOCA authorizes federal financial assistance to states through the VOCA Formula Grant Program for the purpose of supporting eligible crime victim assistance programs that: 1) respond to the emotional and physical needs of victims of crime; 2) help primary and secondary victims of crime to stabilize their lives after a victimization; 3) help victims of crime understand and participate in the criminal justice system; and 4) provide victims of crime with a measure of safety and security. Crime victim is defined as any person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime.

2. Services*Training*Officers* Prosecutors (STOP) Violence Against Women (VAW) Formula Grant Program

The STOP VAW Formula Grant Program was authorized in 1994 through the Violence Against Women Act (VAWA). VAWA, Public Law 103-322 was reauthorized in 2000, 2005 and most recently in 2013. The STOP Formula Grant Program is administered by the Office on Violence Against Women, Office of Justice Programs, U.S. Department of Justice.

The STOP Formula Grant Program promotes the development and the implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. States and communities are encouraged to restructure and strengthen the criminal justice system response to domestic violence, sexual assault, and stalking, drawing upon the experience of all participants in the system.

3. The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services (FVPS) Grant

The FVPS Grant is authorized by 42 U.S.C. § 10401, Family Violence Prevention and Services Act.

The Family Violence Prevention and Services/Domestic Violence Shelter and Supportive Services grant, administered through the Administration on Children, Youth and Families (ACYF) Family and Youth Services Bureau

(FYSB), is designed to assist states in their efforts to support the establishment, maintenance, and expansion of programs and projects to: 1) prevent incidents of family violence, domestic violence, and dating violence; 2) provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and 3) provide specialized services for children exposed to family violence, domestic violence, or dating violence including victims who are members of underserved populations (45 CFR § 1370.10(a)).

4. Children's Justice Act (CJA) Grants to States Program

The CJA Grants to State Program is authorized by Section 107(a) of the Child Abuse Prevention and Treatment Act (P.L. 111-320).

The purpose of the CJA Grant is to assist States in developing, establishing and operating programs designed to improve: (1) the assessment and investigation of suspected child abuse and neglect cases, including cases of suspected child sexual abuse and exploitation, in a manner that limits additional trauma to the child and the child's family; (2) the assessment and investigation of cases of suspected child abuse-related fatalities and suspected child neglect-related fatalities; (3) the investigation and prosecution of cases of child abuse and neglect, including child sexual abuse and exploitation; and (4) the assessment and investigation of cases involving children with disabilities or serious health-related problems who are suspected victims of child abuse or neglect.

5. Sexual Assault Services Formula Program (SASP)-specific to the RC Program

The Sexual Assault Services Formula Program (SASP) is authorized by 34 U.S.C. §12511. SASP was created by the Violence Against Women and Department of Justice Reauthorization Act of 2005, as amended by the technical amendments to that act, and is the first federal funding stream solely dedicated to the provision of direct intervention and related assistance for victims of sexual assault.

The SASP Formula Program directs grant dollars to states and territories to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs that provide core services, direct intervention, and related assistance to victims of sexual assault. Rape crisis centers and other nonprofit and tribal organizations, such as dual programs providing both sexual violence and domestic violence intervention services, play a vital role in assisting sexual assault victims through the healing process, as well as assisting victims through the medical, criminal justice, and social support systems. Funds provided through the SASP Formula Program are designed to supplement other funding sources directed at addressing sexual assault at the state and territorial level.

6. State General Fund (SGF)

The California State Budget Act authorizes funding, in statute, each fiscal year to specific programs. These programs support services for victims including, but not limited to, housing for homeless youth, legal resources and information, family violence prevention, and training and technical assistance.

7. State Penalty Fund (SPF)

The State Penalty Fund was created as a depository for assessments on specified fines, penalties, and forfeitures imposed and collected by the courts for criminal offenses and used to support victim services programs, amongst others. These State funds can be used for match requirements following the provisions of the *Subrecipient Handbook*, Section 9.060.

BEST PRACTICE INITIAL CHILD INTERVIEW TRAINING PROGRAM | 2024

The purpose of the Best Practice Initial Child Interview Training (VQ) Program is to educate first responders on how to properly conduct a forensically-sound, trauma-informed victim interview during an initial child sexual abuse investigation to ensure successful prosecution.

This is accomplished through the creation of three training videos: a Commission on Peace Officer Standards and Training certified video for law enforcement; a video specific to Child Protective Service personnel; and one for the broader category of first responder mandated reporters. These training videos are to be made available statewide.

The VQ Program is supported through Children’s Justice Act (CJA) Grant Funds.

The purpose of the California Advancing the Prison Rape Elimination Act (AP) Program is to enhance and increase services for victims of sexual assault in state and local correctional facilities. The AP Program allows Subrecipients to work with the California Department of Corrections and Rehabilitation (CDCR) to renew/secure formal partnerships between all CDCR facilities and their local Rape Crisis Centers (RCCs).

The components of the AP Program include, but are not limited to: securing operational Memorandums of Understanding between RCCs and CDCR facilities to ensure victims have access to a Rape Crisis Counselor for accompaniment/advocacy services; providing training and technical assistance to RCCs; and establishing Second-Tier Subawards to administer financial support to participating RCCs.

The AP Program is supported with funds through the Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

CALIFORNIA CASA ASSOCIATION TRAINING AND RECRUITMENT PROGRAM | 2024

The purpose of the California CASA Association Training and Recruitment (KR) Program is to increase services to children in foster care by recruiting Court Appointed Special Advocate (CASA) volunteers statewide and by providing the required training to CASA volunteers.

Required components of the KR Program include, but are not limited to: ensuring the training curriculum for CASA volunteers is current; conducting a minimum of three statewide trainings; implementing statewide marketing efforts to recruit CASA volunteers; and providing technical assistance to the CASA network, as needed.

The KR Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

2022-23 PERFORMANCE STATISTICS

70 Number of regional trainings conducted (live and virtual).

2,833 Number of CASA volunteers trained.

24 Number of outreach/volunteer recruitment events held.

California CASA Association partnered with LanguageLine Solutions to provide on-demand 24/7/365 access to translation and interpretation services for the statewide CASA network. This was made available as part of California CASA Association's commitment to foster inclusivity and diversity throughout the CASA programs. Live, conversation translation services are offered via phone for immediate assistance when working with children and families. Written translation services for print and digital content, with access to 290 languages, are offered upon request. Through the use of LanguageLine Solutions, CASA staff and volunteers increase their support for non-English speaking children and caregivers, reducing one of the main barriers to assigning a volunteer to a child in need.

2022-23 PERFORMANCE STATISTICS

Northwest Professional Consortium Research, Inc. (NPC Research) worked with the Subrecipients of the Minor's Counsel Program to collect post-ruling data from judicial officers and attorneys, as well as collected data from each Subrecipient's court case management systems, for evaluation. NPC Research conducted interviews with the Minor's Counsel Program staff and developed a report with the summary of the interviews, including challenges, lessons learned, and recommendations.

NPC Research facilitated calls with the Electronic Suspected Child Abuse Reporting System Program (eSCARS) Subrecipients. Information was gathered to evaluate the progress for each Subrecipient and NPC Research developed a report summarizing the profiles of each Subrecipient, their progress, and future plans. NPC Research also collected feedback from each eSCARS Subrecipient to include in the next revision of the Electronic Suspected Child Abuse Reporting System Guidance Document.

NPC Research analyzed survey data and prepared summary reports for the Child Abduction Training Program.

The purpose of the Campus Sexual Assault (CT) Program is to maintain a comprehensive, coordinated, community response that is victim-centered, enhances victim safety, provides confidential services to sexual assault victims, holds offenders accountable, and includes comprehensive outreach activities at institutions of higher education.

This is accomplished through the development of clear policies and protocols on the handling of reports of sexual assault, ongoing trainings on sexual assault and sensitivity for all campus staff, and specialized services for victims. A Sexual Assault Counselor from a local Cal OES-funded Rape Crisis Center (as defined in Evidence Code §1035.2) is located on campus, promoting the availability of the services, and providing training to students, Police/Safety Officers, campus investigatory personnel, staff, and faculty.

The CT Program is currently supported with funds through federal Family Violence Prevention and Services Act American Rescue Plan COVID-19 Rape Crisis Centers and Sexual Assault Programs Supplemental Funding (FVSA), federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Child Abduction Training (AC) Program is to collaborate with the Child Abduction Task Force to provide statewide training to multidisciplinary professionals within the child abduction field. The AC Program also manages the Child Abduction Task Force website by keeping it updated with training information and relevant resources about child abduction.

Required components of the AC Program include:

- Collaborating with the members of the Child Abduction Task Force to facilitate Child Abduction Intervention and Resource Training, as well to facilitate Child Abduction Simulated Exercises;
- Updating the Child Abduction Website with resources and information for professionals who may come into contact with missing or abducted children and/or their families;
- Surveying participants at the end of each training session to ensure topics and information remain relevant; and
- Providing oversight of the Child Abduction Task Force to include appointments and dismissals of Task Force members and managing travel arrangements and expenses for travel related to training and meetings.

The AC Program is supported with funds through the federal Children's Justice Act Grants to States Program (CJA0).

The purpose of the Child Abuse Treatment (AT) Program is to provide comprehensive psychotherapy services to children victimized by abuse and/or neglect. Psychotherapy services for family members and/or caregivers of child victims are also available to help with the treatment of the child.

Required components of the AT Program include:

- Providing free comprehensive treatment services to child victims and secondary victims to include psychotherapy and/or culturally-centered therapy, crisis intervention, group counseling, case management, treatment plan meetings with parents/caregivers, criminal justice orientation, transportation services to psychotherapy and/or criminal justice-related activities, and outreach.
- Providing services to child victims who do not have access to services due to lack of available resources, lack of mental health insurance, and/or non-eligibility for other programs or services.
- Prioritizing services to child victims who are underserved or are dependents of the court and involved in the child welfare system and
- Assisting child victims with California Victim Compensation Board claims.

The AT Program is supported with federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Child Advocacy Center (KC) Program is for Child Advocacy Centers (CACs) to provide direct victim services to child abuse victims/survivors and their families through a multidisciplinary team approach. These services must include victim-centered, trauma-informed forensic interviews, advocacy, direct or referral to therapy/counseling, and referrals for medical exams.

California Penal Code §11166.4 states “each county may use a children’s advocacy center to implement a coordinated multidisciplinary response, pursuant to Section 18961.7 of the Welfare and Institutions Code, to investigate reports involving child physical or sexual abuse, exploitation, or maltreatment. A county that utilizes a CAC to coordinate its multidisciplinary team shall require the CAC to meet standards pursuant to California Penal Code §11166.4, part b.”

Required components of the KC Program include, but are not limited to: a multidisciplinary team consisting of law enforcement, child protection, prosecution, mental health, medical, and victim advocacy professionals who work together to help children heal from abuse; a dedicated child-focused setting designed to provide a safe, comfortable, neutral place where forensic interviews and other CAC services may be provided for children and families; direct forensic interviewer and advocacy services; and case review and tracking.

The KC Program is supported with the following funds: Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Child Sexual Abuse Training and Technical Assistance (NC/SC) Program is to provide training and technical assistance to service providers who work directly with child sexual abuse victims or who handle child sexual abuse cases.

The NC/SC Program addresses the requirements of Welfare and Institutions code §18275 by funding training centers, one in Northern California (Northern Child Sexual Abuse and Technical Assistance Center) and one in Southern California (Southern Child Sexual Abuse and Technical Assistance Center). The training centers are responsible for developing training programs for interagency teams of service providers throughout California, including law enforcement, social services, health care providers, and mental health providers. Service providers who receive the training will then provide training in their communities.

Required components of the NC/SC Program include, but are not limited to:

- Providing training on sexual abuse issues
- Providing up to four Child Forensic Interview Training classes
- Providing training topics that cover the issues and needs of child sexual abuse victims with disabilities
- Ensuring training is culturally and linguistically competent
- Providing course certification to meet licensing and/or continuing education needs of the attending professionals
- Using training assessments that evaluate the trainers and the effectiveness of the training curriculum

The NC/SC Program is supported with the following funds: State General Funds (SGF) – Child Abuse Prevention/Training (CSAP), State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the County Victim Services (XC) Program is to assess the existing victim service structure, identify needs, and fill gaps in victim services in all counties statewide and in the City of Los Angeles.

Services provided through the XC Program must: provide victim-centered, trauma-informed direct victim services to respond to the emotional, psychological, and/or physical needs of marginalized crime victims; assist victims to understand and participate in the criminal justice system; restore a measure of security and safety for the victim; and/or assist victims with compensation claims through the California Victim Compensation Board.

The XC Program is supported with the following funds: State General Fund (SGF) – Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Court Appointed Special Advocates (KS) Program is to fund Court Appointed Special Advocate (CASA) programs in California to provide more children in foster care with a CASA volunteer.

CASAs are trained community volunteers appointed by juvenile court judges to advocate for children who are placed into the protective custody of the child welfare system due to abuse or neglect. CASAs review court facts and documents pertaining to the child’s case and submit formal reports to the judge at every scheduled hearing/review. The CASA monitors the child’s case to assure that the judicial and child welfare systems are moving ahead to secure a safe, permanent home for the child, and that court-ordered services are provided to the child.

Required components of the KS Program include: recruiting volunteers, training CASA volunteers pursuant to the Welfare & Institutions Code § 102(d) and 103(a), and providing oversight, support, and supervision to CASA volunteers.

The KS Program is supported with federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

DOMESTIC VIOLENCE ASSISTANCE PROGRAM | 2024

The purpose of the Domestic Violence Assistance (DV) Program is to provide comprehensive support, including emergency shelter to victims of domestic violence and their children, and local assistance to existing domestic violence service providers. The DV Program also provides support for the development and establishment of domestic violence services to unserved and underserved populations, including, but not limited to, rural areas, non-English speaking individuals, persons of color, and various geographical areas with limited access to services.

Pursuant to California Penal Code §13823.15 -13823.16, required components of the DV Program include:

- Twenty-four-hour crisis hotlines
- Counseling (individual and peer group)
- Business centers
- Emergency shelter for victims and their children
- Emergency food and clothing
- Emergency response to calls from law enforcement
- Legal assistance with temporary restraining orders and other protective orders
- Counseling for children
- Household establishment assistance
- Transportation
- Criminal justice and social services advocacy
- Court accompaniment
- Medical advocacy and emergency response
- Local community service network

The DV Program is supported with the following: State General Funds (SGF) – Domestic Violence (DVP0), federal Family Violence Prevention and Services Grant to States for Domestic Violence Shelters and Support Services Program (FVPS), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

This Program was augmented and extended through September of 2024.

The purpose of the Domestic Violence Housing First (XD) Program is to provide victims/survivors of domestic violence with safe, permanent housing, and ongoing trauma-informed supportive services tailored to address the individual needs of each victim/survivor that allows them to choose how to best rebuild their lives.

The XD Program is modeled after the Housing First Model, as defined in Welfare and Institutions (W&I) Code § 8255, to address the prevalence of homelessness in California. The Housing First Model is an approach to connect individuals and families experiencing homelessness quickly and successfully to permanent housing without preconditions and barriers to entry, such as sobriety, treatment, or service participation requirements.

Required components of the XD Program include, but are not limited to: housing assistance, financial assistance, and supportive services for victims. Organizations that receive XD Program funding must also hire a minimum of one full-time equivalent advocate, who has met the requirements of a Domestic Violence Counselor as described in Evidence Code §1037.1(a)(1) as well as a minimum of one half-time equivalent advocate who serves as a Housing Coordinator.

The XD Program is supported with funds through federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

DOMESTIC VIOLENCE MOBILE HEALTH CARE SERVICES PROGRAM | 2024

The purpose of the Domestic Violence Mobile Health Care Services (FO) Program is to provide domestic violence victims/survivors and their children access to COVID-19 testing, vaccines, and primary health care through weekly mobile health care visits.

To ensure comprehensive and essential healthcare for domestic violence victims/survivors and their children in all areas of California, Cal OES initially adopted a regional approach where Subrecipients coordinated services for all domestic violence shelters and programs within identified regions. The outcome of this approach resulted in 48 of the 58 counties statewide to remain unserved. Cal OES then re-released the Program to serve the remaining 48 counties. This combination of strategies more efficiently covered all areas of California. Services provided by the FO Program include, but are not limited to: COVID-19 vaccines; COVID-19 testing; primary health care (e.g. wellness checks, health exams, referrals); and post-acute COVID-19 care (e.g. education, rehabilitation, prevention, treatment, and support services for symptoms occurring after recovery from acute COVID-19 infection).

The FO Program is funded through the federal Family Violence Prevention and Services Act (FVPSA) American Rescue Plan COVID-19 Testing, Vaccines, and Mobile Health Unit Supplemental Funding Program (FVCO).

The purpose of the Domestic Violence Response Team (VA) Program is to support agencies in building protocols and practices for a collaborative and community-coordinated response to domestic violence. The VA Program builds the capacity of communities that demonstrate a need for greater collaboration and coordination between domestic violence service providers and law enforcement organizations.

The required components for the VA Program include, but are not limited to:

- Establishing law enforcement and advocacy liaisons;
- Improving domestic violence protocols;
- Ensuring prompt community response;
- Providing training, tools and materials;
- Creating a capacity building plan;
- Co-locating; and
- Entering into Operational Agreements/Second Tier Subawards with specific agencies (e.g., local law enforcement, district attorney’s office[s]), and assisting with California Victim Compensation Board Claims.

The VA Program is supported with federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Elder Abuse (XE) Program is to continue to enhance the safety of elder and dependent adult victims/survivors of crime by providing direct services to victims/survivors and bridging the gap between elder justice service providers and victim services providers.

This is accomplished by the following:

- Funding an Elder Abuse Victim Specialist solely dedicated to serving elder and dependent adult victims/survivors;
- Providing/coordinating direct services for elder and dependent adult victims/survivors;
- Expanding the communities' capacity to service elder and dependent adult victims/survivors;
- Ensuring that elder and dependent adult victims/survivors have access to the criminal justice system; and
- Continuing to provide outreach awareness programs for victims/survivors, mandated reporters of elder and dependent adult abuse, and others who come into contact with these victims/survivors.

The XE Program is supported with funding through federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Electronic Suspected Child Abuse Reporting System (ES) Program is to improve the system of sharing information for suspected child abuse cases by establishing an electronic Suspected Child Abuse Report (SCAR) system that will be used by district attorney offices, local law enforcement, and county child welfare services departments.

Required components of the ES Program include:

- Convening key stakeholders, including the district attorney office, local law enforcement agencies, and the child welfare services department;
- Identifying the approach for building the electronic suspected child abuse reporting system (eSCARS);
- Building and testing the new eSCARS;
- Developing a plan for rollout and sustainability; and
- Transitioning the current SCAR process to eSCARS.

The ES Program is supported with funds through the federal Children's Justice Act Grants to States Program (CJA0).

EQUALITY IN DOMESTIC VIOLENCE PREVENTION AND SERVICES PROGRAM | 2024

The purpose of the Equality in Domestic Violence Prevention and Services (EX) Program (formerly, the Equality in Prevention and Services for Domestic Abuse (GL) Program) is to maintain and increase domestic violence services for the lesbian, gay, bi-sexual, transgender, queer/questioning, Intersex and asexual (LGBTQIA+) communities that will improve access to culturally appropriate domestic violence education, prevention, outreach, and services for these unserved/underserved communities.

Pursuant to California Penal Code §13823.17 the EX Program provides:

- Crisis intervention (Initial and Ongoing);
- Legal advocacy;
- Participation in domestic violence multidisciplinary teams (including, but not limited to, law enforcement, medical treatment facilities, and other service providers);
- 24-hour crisis hotline;
- Business Centers;
- Counseling services (Individual and Peer Group);
- Legal assistance (Temporary Restraining Orders/Other Protective Orders and Custody Disputes);
- Criminal Justice advocacy;
- Social Service advocacy;
- Educational workshops and publications;
- Community resources and referrals;
- Emergency shelter access; and
- Household establishment assistance.

The EX Program is supported with funds through the federal Family Violence Prevention and Services Grant to States for Domestic Violence Shelters and Support Services Program (FVPS).

FARMWORKER WOMEN'S SEXUAL ASSAULT & DOMESTIC VIOLENCE PROGRAM | 2024

The purpose of the Farmworker Women's Sexual Assault & Domestic Violence (FW) Program is to develop and implement activities aimed at addressing and combating the issues of sexual assault and domestic violence (SA/DV) among farmworker women who are low-income, monolingual or bilingual Spanish-speaking.

This is accomplished through the following:

- Providing statewide outreach and education on SA/DV among monolingual, bilingual Spanish-speaking, and low-income farmworker women;
- Developing and incorporating two additional Chapters to expand services across California;
- Providing training to agencies addressing SA/DV in the farmworker community;
- Developing and continuously updating outreach materials focusing on the special needs of farmworker women;
- Disseminating information to Cal OES-funded Rape Crisis and Domestic Violence Subrecipients regarding the unique service provision needs of farmworker women;
- Linking farmworker SA/DV victims to available resources;
- Coordinating and collaborating with Rape Crisis Centers, Domestic Violence Shelters and Victim/Witness Programs in all Chapter areas;
- Coordinating and hosting community awareness and educational events, addressing sexual assault and domestic violence, for farmworker women from all Chapters; and
- Involving indigenous women in SA/DV awareness efforts and conducting educational meetings in indigenous Mexican farmworker communities.

The FW Program is supported with funds through the federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Homeless Youth Emergency Services and Housing (YE) Program is to establish or expand access to a range of housing options and provide crisis intervention and stabilization services to homeless youth so the immediate crises they face can be resolved and they can focus on their future. During this performance period, YE Program Subrecipients were strongly encouraged to work collaboratively with local colleges to provide support, services, and housing options to homeless students.

Pursuant to California Welfare and Institutions Code §13701, the YE Program provides:

- Food/meals;
- Emergency shelter and a range of non-shelter housing options;
- Counseling to address the immediate emotional crisis or problems;
- Outreach services to locate youth experiencing homelessness;
- Screening and providing for basic health care needs;
- Linkage to other services offered by public and private agencies, such as employment services, law enforcement agencies, social services, schools, mental health and healthcare providers, and local victim/witness assistance centers; and
- Long-term stabilization planning and follow-up services to ensure that family reunification or placement outside the family is stable.

HOMELESS YOUTH EMERGENCY SERVICES PILOT PROGRAM | 2024

The purpose of the Homeless Youth Emergency Services Pilot (HY) Program is to expand crisis intervention and stabilization services to homeless youth so that the immediate crises these youth face can be resolved, and they can focus on their futures.

Pursuant to California Welfare and Institutions Code §13701 the HY Program provides:

- Food/meals and access to shelter
- Counseling to address the immediate emotional crisis or problem
- Outreach services such as drop-in facilities
- Screening and providing for basic health care needs
- Referrals to other services offered by public and private agencies, such as employment services, law enforcement agencies, social services, schools, mental health and healthcare providers, and local victim/witness assistance centers
- Long-term stabilization planning, and follow-up services, to ensure that family reunification or placement outside the family is stable.

The HY Program is supported with State General Funds (SGF)—Emergency Housing and Assistance Fund (EHAF).

The purpose of the Human Trafficking Victim Assistance (HV) Program is to help human trafficking victims/survivors (sex trafficking and labor trafficking) recover from the trauma they experienced and assist them with reintegrating into society through comprehensive safety and supportive services using a trauma-informed, culturally sensitive, victim/survivor-centered approach.

Required components of the HV Program include, but are not limited to:

- Twenty-four hour crisis hotline available for immediate crisis intervention and assistance;
- Emergency shelter;
- Temporary housing/housing assistance;
- Emergency food and clothing;
- Transportation;
- Emergency financial assistance;
- Psychological support/individual counseling;
- Referrals to local community services; and
- Legal assistance.

Organizations that receive funding through the HV Program must ensure staff working with human trafficking victims qualify as Human Trafficking Caseworkers as described in Evidence Code §1038.2 and are trained according to the minimum requirements therein.

Since fiscal year 2019-20, many HV Program Subrecipients shifted focus to better identify and serve victims of labor trafficking as well as sex trafficking. Examples have included additional training for victim service advocates and partner organizations (such as hospital/health clinic staff), co-locating human trafficking caseworkers in hospitals, clinics, and family justice centers, and the development of local multi-disciplinary teams with expertise in addressing the needs of labor trafficking victims.

The HV Program is supported through State General Funds (SGF) – Human Trafficking Victim Assistance (HTVA).

The purpose of the Innovative Response to Marginalized Victims (KI) Program is to implement new and unique methods to provide direct support services for victims/survivors of crime who are part of a marginalized population and to support innovative services for marginalized victims/survivors of crime.

The KI Program supports the following victim/survivor groups: refugees, people/communities of color (identity-based communities that hold a primary racial or ethnic identity that describes shared racial/ethnic characteristics among community members, e.g., LatinX, Black Indigenous, and People of Color (BIPOC)); persons with disabilities, low wage workers, LGBTIQ+, disadvantaged/foster youth, and gang violence.

Required components of the KI Program include, but are not limited to: providing direct victim services to respond to the emotional, psychological, or physical needs of marginalized crime victims/survivors; providing survivor-driven advocacy; restoring a measure of safety and security for the victim/survivor; assisting victims/survivors to understand and participate in the criminal justice system; and assisting victims/survivors to stabilize their lives after victimization.

The KI Program is supported with funding through the federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Law Enforcement Specialized Units (LE) Program is to create or enhance specialized units that provide a coordinated response to victims of domestic violence and their children.

The specialized units accomplish this through investigation, immediate victim advocacy, training for patrol officers and first responders, and the development of effective protocols and practices. In addition, each Subrecipient must contract with a local Cal OES-funded Domestic Violence Assistance (DV) Program Subrecipient for at least one full-time equivalent (FTE) Domestic Violence Counselor, pursuant to Evidence Code §1037.1(a)(1).

The LE Program is supported with funds through the federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Legal Assistance (XL) Program is to increase the availability of free comprehensive civil and legal assistance needed to effectively aid adult and youth victims/survivors of crime who are seeking relief in legal matters related to that crime. XL Program funds may not be used to provide criminal defense services.

Comprehensive legal services should address the broad spectrum of legal issues that victims/survivors encounter and help promote economic independence for victims/survivors. Required components include, but are not limited to: legal representation provided by licensed attorneys, outreach to victims/survivors in rural or isolated communities, and using interpretation services to accommodate victims/survivors who have limited English proficiency.

The XL Program is supported with funding from the federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Legal Training (LT) Program is to provide consistent quality training, publications, and other materials to prosecutors and public defenders throughout California.

Pursuant to California Penal Code §13836, the LT Program provides trainings for district attorneys in the investigation and prosecution of sexual assault cases, child sexual exploitation cases, child sex abuse cases, and sexual abuse cases involving victims with developmental disabilities. The courses include training in the unique emotional trauma experienced by victims of these crimes.

The LT Program is supported with the following funds: Local Public Prosecutor/Public Defender Fund (PPPD), and federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Medical Training Center (EM) Program is to ensure forensic examinations are conducted in a standard and consistent manner throughout California. This is accomplished through the development of standardized forms, protocols, and training for forensic medical examiners, law enforcement, prosecutors, and court personnel.

Pursuant to the Penal Code §13823.93, the Medical Training Center (EM) Program funds one hospital-based Subrecipient to provide training for forensic medical examiners in cases of sexual assault, child sexual abuse, domestic violence, elder/dependent adult abuse, and child physical abuse/neglect.

The components of the EM Program include, but are not limited to:

- Maintaining Forensic Medical Evidentiary forms;
- Developing forensic medical reports used for assault against persons with disabilities;
- Developing and maintaining protocols on how to conduct exams for the victim populations listed above;
- Developing and maintaining protocols on how to conduct examinations for assaults against persons with disabilities;
- Providing standardized, advanced, and specialized training for health care professionals on how to conduct the exams for the victim populations listed above; and
- Providing technical assistance to sexual assault forensic teams.

The EM Program is supported with the following funds: State General Funds (SGF) – Medical Training (MTC0) and federal Services*Training* Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Minor's Counsel (MC) Program is to support courts by appointing minor's counsel in child custody cases involving child abuse, neglect, or exploitation. The MC Program will also help determine if the appointment of minor's counsel improves the criminal justice system's response to these cases.

The MC Program provides funding to family court services if the judge suspects child abuse, neglect, or exploitation has occurred and when the judge determines parents cannot afford to pay the fees.

The MC Program is supported with funds through federal Children's Justice Act Grants to States Program (CJA0).

The purpose of the Native American Tribal Court Advocate (KT) Program is to support tribes as they strengthen their courts. Tribal Court Advocates provide trauma-informed, culturally-sensitive victim services, and educate the greater tribal community on the process of the tribal court system.

Tribal Court Advocates are committed to honoring tribal law and governance while maintaining the traditional process of respect, representational duty, and ethics. Best practices require a collaborative, multi-disciplinary, and culturally-responsive team to promote community wellness and healing.

The required components for the KT Program include:

- Crisis intervention;
- Case management;
- Tribal court system assistance;
- Emergency assistance; and
- Referrals to existing community resources.

The KT Program is supported with funds through the federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Paul Coverdell Forensic Science Improvement Act (CQ) Program is to improve the quality, timeliness, and credibility of forensic science services over current operations.

This is accomplished by providing training for forensic scientists on improving laboratory efficiency, courtroom testimony, and by supporting dedicated personnel time for reducing backlog and shortening the time for case analysis. All crime laboratories must validate their eligibility by certifying their accreditation status with an appropriate certifying body such as the American Association for Laboratory Accreditation, American National Standards Institute, National Accreditation Board, or the National Association of Medical Examiners.

The CQ Program is supported with funds through the federal Paul Coverdell Forensic Science Improvement Act Program (FSIA).

POSTCONVICTION DNA TESTING ASSISTANCE PROGRAM | 2024

The purpose of the Postconviction DNA Testing Assistance (CK) Program is to assist in defraying the costs associated with postconviction DNA testing in cases of violent felony offenses in which actual innocence might be demonstrated.

This is accomplished by utilizing Grant Subaward funds to identify and review postconviction cases and to locate and analyze associated biological evidence. Samples that previously generated inconclusive DNA results may be viable for reanalysis using newer methods.

The CK Program is supported with funds through the federal Post Conviction DNA Testing Assistance Program (DNAE).

The purpose of the Probation Officer Training (PT) Program is to provide in-person or online specialized training to California’s probation officers. The training must be victim-centered and focus on enhancing probation officers’ knowledge and skills regarding violence against women. Training must concentrate specifically on the supervision of probationers convicted of domestic violence, sexual assault, dating violence, and/or stalking.

The required components of the PT Program include providing statewide certified regional trainings on the supervision of probationers convicted of domestic violence, sexual assault, dating violence, and/or stalking, providing statewide certified regional trainings on best practices in providing trauma-informed victim services, increase in-person and online access to trainings for probation officers, and providing training to California probation officers participating in Cal OES’s Probation Specialized Supervision (PU) Program and to other California probation officers who request to attend.

The PT Program is supported with federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP) funds.

The purpose of the Probation Specialized Units (PU) Program is to support specialized units within probation departments in California to provide focused supervision, through a reduced caseload, to probationers of crime involving domestic violence, sexual assault, dating violence, and/or stalking.

The requirements of the PU Program include a specialized unit of at least one probation officer providing continued support to a reduced caseload of probationers convicted of a felony crime, the selection of probationers is based on the severity of the crime, and supervision techniques are conducted as at least 40% face to face contact in the field, 40% face to face contact in the office, and no more than 20% of contacts by phone. The probation officer is required to monitor counseling/treatment progress, conduct risk assessments, review police logs, conduct periodic drug testing, and provide resource and referral assistance. Victims are also contacted on a routine basis to inform them of the role of the probation officer, terms and conditions of the offender's probation including any changes, and appropriate victim services.

The PU Program is supported with federal funds through the federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

The purpose of the Rape Crisis (RC) Program is to reduce the level of trauma experienced by sexual assault survivors through the provision of comprehensive and supportive services, to improve coordination of multi-disciplinary response systems, and to expand public awareness.

Pursuant to California Penal Code §13837 Rape Crisis Centers provide:

- Crisis intervention, 24 hours per day, seven days per week;
- Follow-up counseling services;
- In-person counseling, including group counseling;
- Accompaniment services;
- Advocacy services;
- Information and referrals to victims and the general public;
- Community education presentations; and
- Rape prevention presentations and self-defense programs.

The RC Program is supported with the following funds: State General Funds (SGF) – Rape Crisis (RCP0), State Penalty Fund (SPF) – Rape Crisis (RCP5), federal Sexual Assault Services Formula Program (SASP), federal Services*Training* Officers*Prosecutors Violence Against Women Formula Grant Program (STOP), federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA), and federal Family Violence Prevention Services and American Rescue Plan (FVSA).

RESTORATIVE JUSTICE TRAINING PROGRAM | 2024

The purpose of the Restorative Justice Training (RJ) Program is to establish expertise in victim/survivor-centered restorative justice prosecutorial best practices in response to domestic violence and sexual assault cases. The Subrecipient must implement training curriculum, implement a toolkit/guide, and provide technical assistance for prosecutors, criminal justice system personnel, and allied victim service providers.

Required components of the RJ Program include, but are not limited to: commitment of a full time Restorative Justice Specialist to coordinate RJ programmatic components and provide technical assistance to prosecutors, convene a working group of subject matter experts to guide development, develop and implement prosecutorial Restorative Justice training; and complete and distribute a restorative justice toolkit/guide for prosecutors.

The RJ Program is supported with the federal Services*Training *Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

SCHOOL RESOURCE OFFICER TRAINING PROGRAM | 2024

The purpose of the School Resource Officer Training (SO) Program is to train K through 12th grade school-based law enforcement officers on fostering relationships with youth, identifying the maltreatment of children, providing a trauma-informed response to victims of child abuse and neglect, and identifying potential resources within the community.

Required components of the SO Program include conducting a minimum of 12 in-person trainings across California. The training must not be more than eight hours, held in at least two locations north of Sacramento, and geographically located to allow for participation from all counties.

The SO Program is supported with funds through federal Children's Justice Act Grants to States Program (CJA0).

The purpose of the Sexual and Domestic Violence Prevention (SD) Program is to expand sexual and domestic violence prevention efforts in California, prioritize marginalized populations within communities, and build the capacity of local organizations through funding primary or secondary prevention methodologies.

This is accomplished by selecting an area of focus (i.e., solely sexual violence; solely domestic violence or combined sexual and domestic violence), identifying a marginalized population to reach, selecting an existing approved prevention strategy and approach to implement, identifying community resources and include community stakeholders in the process, customizing prevention materials/curriculum to meet the needs of the local sociocultural environment, and disseminate information and prevention materials.

The SD Program is supported with funds from the state General Funds (SGF) – Domestic Violence and Sexual Assault Prevention (DVSP). These one-time funds were allocated through the State Budget in two separate, non-consecutive years.

SEXUAL ASSAULT RESPONSE TEAM PROGRAM | 2024

The purpose of the Sexual Assault Response Team (XS) Program is to enable Rape Crisis Program advocates to participate in the planning and coordinating of Sexual Assault Response Team (SART) efforts in their local community, with the goal of improving the quality of, response to, and services for, sexual assault victims/survivors.

Pursuant to Evidence Code §1035.2, the required components of the XS Program include committing a minimum of one full-time Sexual Assault Counselor to act as a SART Advocate. The SART Advocate must be the lead in implementing the following components: developing or enhancing representation of multidisciplinary SART; providing training to SART members; and providing direct services (first contact/crisis intervention services, follow-up, accompaniment, advocacy, and assisting with California Victim Compensation Board claims).

The XS Program is supported with funds through federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA) and State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF) as a supplement for the decrease in federal VOCA funding for FFY 2020-21.

The purpose of the Specialized Emergency Housing (KE) Program is to expand emergency shelter/emergency housing assistance and provide supportive services for victims/survivors of crime with specialized needs (e.g., elderly, youth, men, disabled, LGBTQI+, non-English speaking, culturally or religiously marginalized, etc.) who cannot be served through a traditional shelter. In addition, victims/survivors must be allowed to choose which supportive services best fit their needs.

Required components of the KE Program include, but are not limited to:

- Emergency shelter/emergency housing assistance
- Crisis intervention/survivor-driven advocacy
- Counseling
- Emergency food and clothing
- Transportation

The KE Program is supported with funds through federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the State Coalition Technical Assistance and Training (BW) Program is to provide technical assistance, informational resources, and networking opportunities to domestic violence service providers in California. This is accomplished through frequent contact with service providers and the coordination of an annual conference for the domestic violence field.

Required components of the BW Program include:

- Statewide training and technical assistance;
- Statewide domestic violence conference(s) and issuing travel stipends;
- Collaboration with Cal OES and the Domestic Violence Advisory Council (DVAC);
- Modeling web-based training curriculum; and
- Resources for Voluntary Participation in Services.

The BW Program is supported with the following: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), federal Family Violence Prevention and Services Grant to States for Domestic Violence Shelters and Support Services Program (FVPS), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

Program/Component: 0385.151, 0385.451, 0385.452.

The purpose of the Supervised Visitation Centers (SP) Program is to assure the safety and protection of children by supporting professional providers who supervise visitation of children with a noncustodial party where there is a history or allegations of domestic violence, child abuse or neglect, or sexual abuse.

Subrecipients must be a local public agency or nonprofit entity that is a subcontractor of a court for the purposes of supervised visitation and that satisfy the Uniform Standards of Practice for Providers of Supervised Visitation. Required components of the supervised visitation include on-site, one-to-one, or group supervision to provide the visiting parent/caregiver a chance to address specific issues; to help reintroduce a parent and child after a long absence; to introduce a parent and child where there has been no existing relationship; when there is a history of domestic violence, child abuse or neglect, or sexual abuse; when there are parenting concerns or mental illness; or when there is a parental threat of abduction.

The SP Program is supported with the federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Transitional Housing (XH) Program is to provide victims/survivors of crime with transitional/short-term housing assistance and a range of supportive services including follow-up services that move victims/survivors into permanent housing. Successful transitional housing programs provide a range of optional supportive services and let victims/survivors choose the course that best fits their needs.

The XH Program is designed after the Housing First Model, as defined in Welfare and Institutions (W&I) Code §8255 to address the prevalence of homelessness in California. The Housing First Model is an approach to connect individuals and families experiencing homelessness quickly and successfully to permanent housing without preconditions and barriers to entry, such as sobriety, treatment, or service participation requirements.

Required components of the XH Program include, but are not limited to:

- Transitional/short-term housing assistance;
- Community engagement;
- Supportive services; and
- Follow-up services.

The XH Program is supported with funds through the federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Tribal Crisis Response Training (CH) Program is to provide comprehensive crisis response, and train tribes and tribal organizations in California on crisis response. The CH Program delivers crisis intervention services and evaluates traumatic events in Indian Country.

The goal of the CH Program is to build a network of highly trained tribal professionals coordinated through a single system, who are able to respond in a comprehensive and timely manner to the needs of survivors of disaster and/or traumatic events and to provide no-cost crisis response, follow-up consultation, and referrals.

As of June 30, 2023, National Indian Justice Center, Inc. (sole Subrecipient) closed its doors permanently, ending the CH Program.

The CH Program was supported with the following funds: State General Funds (SGF) - Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

UNSERVED/UNDERSERVED CHILD & YOUTH ADVOCACY PROGRAM | 2024

The purpose of the Unserviced/Underserved Child and Youth Advocacy (XY) Program is to provide funding for advocacy and support services to unserved/underserved child and youth survivors of crime, by maintaining and/or enhancing existing programs. The unserved/underserved population is characterized as any victim population that disproportionately accesses victim services in the agency's service area.

This is accomplished by agencies hiring staff that reflect the unserved/underserved population, training all staff on the cultural norms of the population, and increasing outreach efforts.

The XY Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Victim Advocacy in Detention Facilities (KA) Program is to increase access to appropriate services for victims of sexual assault in local detention facilities. Local detention facilities include adult detention facilities, juvenile detention facilities, and immigration detention facilities.

This is accomplished by funding a Sexual Assault Counselor, per Evidence Code §1035.2, to focus solely on serving victims in detention facilities and acting as the point of contact to assist in eliminating physical or programmatic barriers. Required components of the KA Program include: collaborating with detention facilities; assisting with California Victim Compensation Board Claims; providing direct services; and participating in the Sexual Assault Response Team meetings.

The KA Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA), and federal Family Violence Prevention Services and American Rescue Plan (FVSA).

VICTIM INFORMATION AND NOTIFICATION EVERYDAY PROGRAM |
2024

The purpose of the Victim Information and Notification Everyday (VN) Program is to track the location of inmates while incarcerated and inform victims of changes to incarceration location and/or release.

The VN Program, also known as VINE, supports the National Victim Notification Network services providing access to timely and reliable information about criminal cases and the custody status of offenders, 24-hours per day. This is accomplished by providing crime victims with VINE tracking service access, recording direct services, providing services regardless of immigration status, and providing free notification services. Victims and other concerned citizens can register by phone, email, text message, or TTY device to be notified whenever an offender’s custody status changes. The system communicates with jail and prison booking systems in near real-time by transmitting updated information to the Appriss Data Network, which manages the automated interfaces and monitors offender status. VINE utilizes a free downloadable app via cellphone, laptop, or computer. When a change in the custody status of an offender occurs, county jails and state prison facilities transmit information through Appriss, which then immediately notifies registered crime victims of the offender’s new status.

The VN Program is supported with the following funds: State General Funds (SGF) – Victims of Crime Act Supplemental (VCGF), State General Funds (SGF) – Victim Information and Notification Everyday (VINE), and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Victim Notification (VT) Program is to provide direct assistance to victims of violent crime, assist victims as soon as possible after the crime occurs to reduce the severity of the psychological consequences of the victimization, and assist the victim in navigating the criminal justice appeals system.

This is accomplished by utilizing a system created by the VT Program Subrecipient whereby crime victims are provided with timely information about a defendant’s appeal on capital and non-capital cases.

The VT Program is supported with federal Victims of Crime Act Victim Assistance Formula Grant (VOCA) Program funds.

The purpose of the Victim Services Information (VI) Program is to support the California Department of Corrections and Rehabilitation to provide direct victim services in a correctional setting.

The VI Program responds to various needs of victims and ensures inmates, parolees, correctional staff, and the public recognize and understand the impact of crime on victims. Victim services provided by the project include notifying victims of the whereabouts of offenders and circumstances of the case, counseling, educating regarding victim's rights, and assisting with the preparation of victim impact statements.

The VI Program is supported with federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA) funds.

The purpose of the Victim Witness Assistance (VW) Program is to maintain Victim Witness Assistance Centers (Centers), in each of California’s 58 counties, to provide comprehensive services to victims and witnesses of all types of violent crime, pursuant to California Penal Code §13835.

The required components of the VW Program include, but are not limited to:

- Crisis intervention;
- Emergency assistance;
- Resource and referral assistance;
- Direct counseling;
- Victim compensation claims assistance;
- Property return;
- Orientation to the criminal justice system;
- Court escort;
- Presentations and training for criminal justice agencies;
- Public presentations and publicity/outreach;
- Case status/disposition;
- Notification of family, friends, and employers; and
- Restitution assistance (upon request of the victim).

Centers are located in district attorney’s offices, probation departments, county sheriff’s offices, and non-governmental organizations. The VW Program also provides for a mass victimization advocate (MVA) position to develop and implement a victim assistance plan to support and enhance immediate response and recovery efforts and establish readiness in response to criminal mass victimization/terrorism incidents.

The VW Program is supported with the following funds: State Penalty Fund (SPF) – Victim-Witness Assistance (VWA0) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

The purpose of the Victims Legal Resource Center (VR) Program is to provide victims, their families, and victim service providers with information about victims' legal rights in the criminal and civil justice systems and to provide tailored resource referrals.

The VR Program was established through the passage of Assembly Bill 1176 and codified as California Penal Codes §13897-13897.3. The intent of the legislation was to ensure that crime victims receive information regarding legal issues. Required components of the VR Program include, but are not limited to:

- Providing callers with information about victims' legal rights to compensation;
- Providing service providers with information regarding the legal rights of victims of crime;
- Advising callers about potential civil causes of action and references to local legal aid and lawyer referral services;
- Advising and assisting callers in understanding and implementing their rights to participate in sentencing and parole eligibility hearings as provided by statute; and
- Referring callers to local programs, which include victim witness programs, rape crisis centers, domestic violence centers, and child sexual abuse centers.

The VR Program is supported with the following funds: State General Funds (SGF) – Victims Legal Resource Center (VLRC) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).

VIOLENCE AGAINST WOMEN VERTICAL PROSECUTION PROGRAM | 2024

The purpose of the Violence Against Women Vertical Prosecution (VV) Program is to improve the criminal justice system’s processing of violent crimes against women through a coordinated, multi-disciplinary, prosecutorial response including specialized units with a highly qualified prosecutor and victim advocate.

The required components of the VV Program include vertical prosecution, when a prosecutor and a victim advocate are assigned to a case from the initial filing of charges through the penalty phase, victim advocacy, assignment of only highly qualified staff to the vertical prosecution unit, and community coordination where staff must attend regularly scheduled multi-disciplinary meetings in the project service area that pertains to the crime type(s) selected for vertical prosecution. Vertical prosecution has shown to improve conviction rates, reduce victim trauma, and provide more consistent and appropriate sentencing.

The VV Program is supported with funds through the federal Services*Training*Officers*Prosecutors Violence Against Women Formula Grant Program (STOP).

VV PROGRAM

YOUTH EMERGENCY TELEPHONE REFERRAL NETWORK PROGRAM | 2024

The purpose of the Youth Emergency Telephone Referral Network (YT) Program is to provide a non-threatening, toll-free hotline to connect youth in need of services to appropriate service agencies. The referral can be accessed by youth and their families from anywhere in the State.

Hotline counselors assist callers via the phone line, text, or online chat. They counsel callers and connect them to appropriate service providers, providing a warm hand-off and terminating participation in the call once a connection has been made. The hotline can also be used as a message center for parents, guardians, and/or youth who wish to communicate with each other but do not want to speak directly.

The YT Program is supported with the following funds: State General Funds (SGF) – Youth Emergency Telephone Referral (YET0) and federal Victims of Crime Act Victim Assistance Formula Grant Program (VOCA).
