

Subrecipient Certification of Contractor/Vendor Licensing

The California Governor's Office of Emergency Services requires its Nonprofit Security Grant Program and California State Nonprofit Security Grant Program Subrecipients to certify that any selected contractor(s) or vendor(s), including contracted security personnel who perform work for their organization under their subaward, has a current, active, and unrestricted license from the California [Contractors State License Board \(CSLB\)](#) or [Department of Consumer Affairs \(DCA\)](#). (See Business and Professions Code, sections 7048 and 7582.). All selected contractor(s) and vendor(s) must comply with state laws and regulations.

- ☐ I certify that any selected contractor(s) performing work of \$1,000 or more (combined labor and material costs) for my organization under this subaward:
 - Holds a current, active, and unrestricted CSLB license to work in California.
 - Is licensed to perform the [classification or type of trade work](#) for which they are hired to complete (for example: fencing, electrical, etc.).
- ☐ I certify that any selected vendor(s), including contract security personnel performing work for my organization under this subaward:
 - Holds a current, active, and unrestricted DCA license to work in California.
- ☐ I understand the organization's costs may be disallowed if it is determined that the contractor(s) or vendor(s) performing work for my organization under this subaward fails to hold the appropriate license(s) or fails to comply with CSLB or DCA requirements and regulations for the type of work being performed.

Subaward (Year/Program): _____ Date: _____

Subrecipient/Organization Name: _____

Printed Name of Authorized Agent: _____

Signature of Authorized Agent: _____
