Homeland Security Grant Program (HSGP)

Emergency Management Performance Grant (EMPG)

Nonprofit Security Grant Program (NSGP)

California State Nonprofit Security Grant Program (CSNSGP)

**July - September 2021**

# Program Narratives

## Homeland Security Grant Program (HSGP)

The Homeland Security Grant Program (HSGP) is established from Section 2002 of the Homeland Security Act of 2002 and focuses on supporting investments that improve the ability of local units of government, tribes, and urban areas to prevent terrorist acts and other catastrophic events and to prepare the nation for threats and hazards that pose the greatest risk to the security of the United States. The three areas of funding within HSGP utilize the National Preparedness System as the foundation to which core capabilities are built, sustained, and delivered: State Homeland Security Grant Program (SHSP), Urban Area Security Initiative (UASI), and Operation Stonegarden (OPSG).

Risk methodology is used to determine HSGP allocations by establishing the relative risk of terrorism to people, critical infrastructure, and economic security, and focuses on three elements: threat, vulnerability, and consequence. Funds are passed down from the State to local jurisdictions, including tribes and urban areas, where a working group is responsible for determining their jurisdictional funding priorities.

Allowable investments made in support of the HSGP priorities, as well as other capability- enhancing projects, must have a nexus to terrorism preparedness and fall into the categories of planning, organization, exercises, training, or equipment aligned to identified gaps in a capability. These investments support a wide array of public safety and emergency management disciplines, including public health, urban search and rescue, intelligence and information sharing and analysis, mass care services, explosive ordinance disposal, and hazardous materials handling.

## Emergency Management Performance Grant (EMPG)

The purpose of the EMPG Program is to provide federal grants to States to assist State, local, territorial, and tribal governments in preparing for all hazards, as authorized by the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (42 U.S.C. §§ 5121 et seq.) and Section 662 of the Post Katrina Emergency Management Reform Act of 2006, as amended (6 U.S.C. § 762). Title VI of the Stafford Act authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the federal government and the states and their political subdivisions.

The federal government, through the EMPG Program, provides necessary direction, coordination, and guidance, and provides necessary assistance, as authorized in this title, to support a comprehensive all hazards emergency preparedness system.

EMPG provides Federal funds to assist state, local, tribal, and territorial emergency management agencies to obtain the resources required to support implementation of the National Preparedness System and the National Preparedness Goal (the Goal) of a secure and resilient Nation. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, EMPG supports the goal to Strengthen National Preparedness and Resilience.

EMPG funding enables state, local, and tribal governments to prepare for all hazards through planning, training, exercises, and developing professional expertise. It also supports response capabilities, emergency operations centers, mutual aid agreements, and public outreach campaigns, as well as community alert and warning notification systems.

# Program Narratives

## Nonprofit Security Grant Program (NSGP)

The goal of this grant is to integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack due to their ideology, beliefs, or mission with broader state and local preparedness efforts. Nonprofit organizations that are 501c3 organizations may apply thru Cal OES for funding for : Physical Security Enhancement Equipment, Inspection and Screening Systems, Contracted Security, Exercise, Planning and Training. In 2019 and 2018. US Department of Homeland Security (DHS)/ Federal Emergency Management Agency (FEMA) has made \$60 million dollars available nationwide. This grant funding has been available each year since 2005. DHS/FEMA establishes the scoring criteria and determines which organizations are awarded.

## California State Nonprofit Security Grant Program (CSNSGP)

The purpose of the CSNSGP is to provide funding support for target hardening and other physical security enhancements to nonprofit organizations that are at high risk for violent attacks and hate crimes due to ideology, beliefs, or mission. This funding is restricted to California nonprofit organizations that are described under Section 501(c)(3) of the Internal Revenue Code of 1986 (IRC) and exempt from tax under Section 501(a) of such code. This is a competitive Program; therefore, scoring criteria have been established and funding will be awarded to the top-scoring applications until all allocated funding is awarded. Applications will be recommended for funding based on the threat, vulnerability, and consequence faced by a specific facility/location. Allowable costs are focused on target hardening and physical security enhancements, contracted security, planning, exercise and training.

# Program Narratives

## School Communications Interoperability Grant Program (SCIGP)

The FY 2019-20 Budget Act appropriated \$5,000,000 to the Governor's Office of Emergency Services (Cal OES) for the School Communications Interoperability Grant Program. This Program provides funding assistance to K-12, California Community Colleges, and schools in the California State University system for the acquisition of interoperable technology in response to active shooter incidents. Cal OES retained five percent, or \$250,000 for program management and administrative activities, leaving \$4,750,000 available for funding schools. Of the \$4,750,000, \$3,750,000 was allocated to the 58 County Offices of Education as a noncompetitive grant, and \$1,000,000 as a competitive grant to California Community Colleges, and schools in the California State University system.

## California Health Center Security Grant Program (CHCSGP)

The FY 2019-20 California Budget allotted \$10,000,000 to provide funding support for physical security enhancements and other security-related activities to nonprofit community health centers that provide abortion services, and may be the targets of violence and vandalism. Cal OES retained five percent, or \$500,000, for program management and administrative activities, leaving \$9,500,000 available of funding for health centers, with a maximum requested amount of \$200,000 per Applicant.
