If partial grant funding can be accepted, please identify in whole dollars the minimum amount of grant funding that will be accepted:

Section II. Alignment with California Cybersecurity Plan & SLCGP Objectives (40 Points Total)

Describe the proposed project(s) and how each project will fill identified, critical cybersecurity capability gaps.

- a. Thoroughly describe the project(s) being proposed, outlining the various elements or stages involved to implement and complete the project(s), including how the project aligns with one or more of the SLCGP Objectives and implements any applicable cybersecurity best practices as outlined in the [California SLCGP Cybersecurity Plan](#). Please refer to the FY 2024 SLCGP Program Supplemental and the FY 2022 and FY 2023 NOFOs for more information and additional considerations. (2,200 characters max with spaces; 20 points)

- b. Describe how the proposed project(s) align with one or more of the 16 cybersecurity plan elements and any of the associated statewide priorities addressed in the California SLCGP Cybersecurity Plan. Please refer to the cybersecurity plan and the FY 2022 and FY 2023 NOFOs (see Appendix C, Cybersecurity Plan, Required Elements, in the NOFOs) for additional information on the cybersecurity plan elements. (2,200 characters max with spaces; 20 points)

Section III. Impact(s) of Loss of Network Availability (40 Points Total)

- a. Describe your organization's mission/objectives and how your network supports these. (2,200 characters max with spaces; 20 points)

- b. Describe how your network's loss of availability would impact security, economic security, public health or safety, or any combination of those matters. (2,200 characters max with spaces; 20 points)

Section IV. Cybersecurity Posture Maturity Level (40 Points Total)

Describe the Applicant's current cybersecurity governance, infrastructure, and capabilities and how SLCGP funding will help improve them.

- a. Describe to what degree the Applicant's current cybersecurity posture aligns with the 16 Elements of Cybersecurity as identified in the California SLCGP Cybersecurity Plan (beginning on p. 6) and how FY 2024 SLCGP funding will enhance and/or improve the existing posture. (2,200 characters max with spaces; 20 points)

- b. Describe the Applicant's current cybersecurity maturity as it relates to the functions of the National Institute of Standards and Technology Cybersecurity Framework 2.0 and how SLCGP funding will enhance and/or improve the existing cybersecurity maturity level. The Applicant should ensure the proposed project(s) is/are an appropriate match to their cybersecurity maturity level as indicated by their survey responses and address critical gaps. (2,200 characters max with spaces; 20 points)

- c. In addition to the narrative questions in this section, Applicants must complete an online survey on their organization's [cybersecurity posture maturity](#). **Upon completion of the survey, Applicants must download a copy of their responses and attach as a PDF to submit with this NOI form; proposals submitted without completing the survey may not be considered for funding.**

Section V. Cybersecurity Gap(s) (20 Points)

a. Describe how each proposed project will fill critical cybersecurity capability gap(s) identified by the Applicant. (2,200 characters max with spaces; 20 points)

Section VI. Proposed Budget (20 Points)

In this section, select Yes or No regarding applicable project related activities the organization plans to expend with grant funds. Describe the activity and provide the cost estimate related to cybersecurity enhancements of the organization. **The maximum amount available for FY22 funds is \$82,500, the maximum available for FY23 is \$167,500, for a total maximum request of \$250,000.**

NOTE: Due to the competitive process, changes to the scope of work are not permitted. Please ensure the projects being proposed are well planned, as any funds that remain at the end of the period of performance will be disencumbered.
