A. PROGRAM OVERVIEW

1. Background Information

The 2022-23 California State Budget appropriated \$20 million to the Department of Health Care Access and Information (HCAI) “to deliver capital infrastructure support for securing physical and digital infrastructure to facilities providing reproductive health care.” Of those funds, \$19 million is available for grants to facilities in California that provide abortion and reproductive health care services. HCAI has contracted with the California Governor’s Office of Emergency Services (Cal OES) to administer the grant program.

2. Program Description

The purpose of the DP Program is to provide funding for physical facility and digital security enhancements to health care practitioners in providing abortion-related services and reproductive health care services throughout California that may be the target of violence and vandalism.

B. CONTACT INFORMATION

Questions concerning this RFP, the proposal process, or programmatic issues must be submitted in writing to PDIS@caloes.ca.gov:

If an Applicant submits more than one proposal, only the highest scoring proposal will be considered for funding.
