MEMORANDUM FOR: All State Administrative Agencies

FROM: Erin Hoffman
Senior Official Performing the Duties of Deputy Administrator,
Resilience

SUBJECT: **FEMA Grants Outcomes and Non-Disaster Grants System Status**

Beginning Monday, March 23, 2026, the FEMA Grants Outcomes and Non-Disaster Grants systems will be operational for grant recipients. The Department of Homeland Security and the Federal Emergency Management Agency (FEMA) will restart both systems, which have been inaccessible since the lapse in appropriations began on February 14, 2026. Grant recipients may now submit amendments and payment requests on all grant awards, including the Building Resilient Infrastructure and Communities program.

However, because DHS is still in a funding lapse, federal staff will only be available to support the following grant programs:

- Operation Stonegarden Grant Program
- FIFA World Cup Grant Program
- Countering-Unmanned Aircraft Systems Grant Program

Any amendments and payment requests that require federal staff action will not be processed during the lapse except for the programs outlined above.
