EXECUTIVE ORDER N-1-23

By *[Signature]*
Deputy Secretary of State

WHEREAS on January 4, 2023, I proclaimed a State of Emergency to exist in California as a result of severe winter storms related to an Atmospheric River event beginning on December 24, 2022; and

WHEREAS starting around December 27, 2022, this Atmospheric River event resulted and continues to result in significant impacts to the State including, but not limited to, widespread flooding and power outages, downed trees, hazardous debris flows, mudslides, landslides, swelling of waterways, dam overflows, and levee failures; and

WHEREAS thousands of homes, structures, and roadways, including multiple major highways, have been destroyed or damaged; and

WHEREAS as a result of this Atmospheric River event, tens of thousands of residents are under evacuation orders, and the impacts of this Atmospheric River event will likely continue to force more evacuations of residents, businesses, and health and other care facilities; and

WHEREAS the closure and evacuation of health and other care facilities will increase pressure on those facilities that continue to provide much needed care; and

WHEREAS flooding to schools, specifically in the Planada Elementary School District in Merced County, has caused an undue hardship on students, parents, and school administrators; and

WHEREAS there have been at least 20 fatalities caused by the impacts of this Atmospheric River event; and

WHEREAS the State of California and local governments, in collaboration with the Federal government, continue sustained efforts to respond to and mitigate the effects of this Atmospheric River event; and

WHEREAS on January 8, 2023, I requested a Presidential Emergency Declaration related to this Atmospheric River event, which was expeditiously approved by President Joseph R. Biden, Jr.; and

WHEREAS on January 12, 2023, I also requested the President issue an Expedited Major Disaster Declaration related to this Atmospheric River event, which was again expeditiously approved by President Joseph R. Biden, Jr.; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes and regulations specified in this Order would prevent, hinder, or delay the mitigation of the effects of this Atmospheric River event.

NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California,

in accordance with the authority vested in me by the State Constitution and statutes, and in particular, Government Code sections 8567, 8571, and 8627 do hereby issue the following Order to become effective immediately.

Any waiver shall include alternative measures that, under the circumstances, will allow the facilities to remain open while protecting public health and safety. Any health facilities or agencies being granted a waiver shall be established and operated in accordance with their disaster and mass casualty plan or emergency preparedness
