

# PHASE 2 NORTH VALLEY REGION: REDDING TO SACRAMENTO

## PREDICTED COVERAGE, SPRING 2021

This is a map of Phase 2 showing the predicted coverage in the North Valley Region from Sacramento to Redding. This region is expected to be operational in wide area trunking in the Spring of 2021.

The map shows five repeater sites in this region located at Bald Mountain, Bloomer Mountain, Tuscan Butte, South Fork Mountain, and the Capitol in downtown Sacramento.
