

**Notification of California Radio Interoperable
System (CRIS) Service Outage**

OES-PSC-602 (REV 09/2022)

The following is a notification that a planned or unplanned outage has been reported on the CRIS system. This information is being provided to subscribing CRIS agency representatives so they can notify appropriate staff of the issue. The Cal OES/PSC Network Operations Center (NOC) will provide updates as they become available. Once the outage has been repaired the NOC will notify all subscribers representatives. For additional questions, please contact the NOC at (916)-657-9999 or (888)-657-6577 (toll free).
