No further action required.</p>	Completed

SEMS INTAKE ISSUES TRACKER

Issue Number	Date Issued	Issue Description	Notes	Status
CST-2022-003 INL-2022-005	9/21/22	Focused meeting(s) needed between Cal OES and OAs to discuss Cal OES' Wireless Emergency Alert (WEA) use during various emergency events, i.e., Flex Alert.	6/8/23 - SEMS Tech Action Item #2 The committee reviewed the statewide WEA, how it impacted OAs, and how they could improve it. A one-on-one session was held with each specialist committee member to get their perspective and feedback. It was determined that enhanced communication is needed, and using the guidelines' framework could help facilitate any gaps.	Completed
INL-2021-001 CST-2022-002	9/27/21 2/16/22	7/14/21 - MARAC IV meeting - Recommended the SEMS Advisory Board meet on the schedule that is written into the SEMS Guidelines.	3/9/22 - Advisory Board meeting held from 1300-1600.	Completed
