

SEMS ISSUES TRACKER

Issue Number	Date Issued	Issue Description	Notes	Status
CST-2022-004 [Region II]	9/21/22	Concerns regarding Cal OES 911 Branch's decision to use Rave Alerting. OAs would like a joint assessment of Rave Alerting against 1) RFP requirements and 2) Rave Alerting's performance history.	6/8/23 - SEMS Tech Action Item #5 Woody Baker-Cohn, Marin County, sent information about the Rave contract selection to DD Lori Nezhura (Cal OES Planning & Preparedness) for a meeting with Budge Currier (Cal OES 911 Branch). A meeting was held, but Woody requested to discuss this issue further.	Completed
INL-2022-001 [Region IV] Similar Requests: INL-2022-003 [Region IV]	4/6/22 12/7/22	Requesting the new Flood Emergency Action Team (FEAT) Evacuation guidance plan, developed in coordination with law enforcement and approved by emergency management, goes through the SEMS Maintenance process, and is approved by SEMS Tech and SEMS Advisory Board.	Statewide Mass Evacuation Guidelines Specialist Committee being developed to address all concerns. <i>11/14/2023 - Completed at SEMS Technical Group meeting.</i>	Completed
CST-2022-005 [Region II]	9/21/22	OAs request mutually agreed Essential Elements of Information (EEI) and a mechanism to share information quickly and easily to provide Situational Awareness/Common Operating Picture (SA/COP) required to manage emergencies effectively and efficiently at all levels.	The Cal OES Response Directorate developed standardized EEIs for many disaster scenarios and were approved in 2022. <i>10/2022 - Completed</i>	Completed
INL-2021-002 [Region IV]	9/27/21	Request for a fact sheet/guidance document describing Geographical Operations (GeoOps) and request a GeoOps committee include MARAC input and participation at the appropriate time.	At the direction of Director Ward during the CESA Conference, the term GeoOps no longer exists. No further action required. <i>5/2023 - Completed during CESA Conference.</i>	Completed
