

FEMA Mobile Disaster Recovery Centers (MDRC) & Mobile Registration Intake Centers (MRIC)

Mobile Disaster Recovery Centers (MDRC): offer in-person support to individuals and small business owners for a specific time after a federally declared disaster in designated local jurisdictions. Recovery specialists from the Federal Emergency Management Agency (FEMA) are available to assist survivors with filling out applications, updating application, referral services to voluntary organizations, and access to U.S. Small Business Administration for loan help and customer service.

Mobile Registration Intake Center (MRIC): The sole function of MRICs is to register survivors for FEMA in designated local jurisdictions under a current federally declared disaster. MRICs move around regularly and are typically in an area for a short period of time to reach survivors who need **registration help only**.

Effective Date: October 12, 2023- Present

We will list the MRIC and MDRC locations, dates and hours open on this page after a federally declared disaster.

No MDRC or MRIC centers are open in California at this time.
