

**Todd Becker | Senior Emergency Services Coordinator - Tsunami Planning Coordinator
Seismic Hazards Branch | Cal OES**

Todd Becker is a geologist and emergency management specialist with over 20 years of public and private sector experience working in both state and local government and in the private sectors. As the California Governor's Office of Emergency Services Tsunami Program Coordinator, Todd implements programs and projects supporting tsunami and earthquake risk reduction throughout California. Experience includes: Serving as chairperson for the National Tsunami Hazard Mitigation Program Mitigation and Education Subcommittee to lead coordinated efforts for tsunami risk reduction between the National Oceanic and Atmospheric Administration, Federal Emergency Management Agency, U.S Geological Survey, and 28 U.S coastal states and territories; Providing tsunami emergency planning subject matter expertise for exercises, workshops, outreach events, and professional conferences; Leading the State's efforts to assess tsunami hazard and risk integrating FEMA's Hazus Program.
