# Post-Wildfire Debris Removal

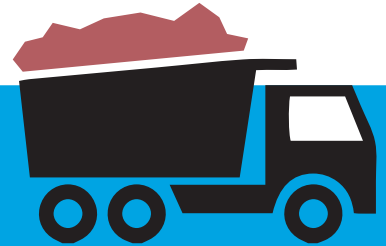

*Debris removal is a two-phase process*

## PHASE 1 HOUSEHOLD HAZARDOUS WASTE REMOVAL

- Removal of household hazardous waste that may pose a threat to human health, animals and the environment
- No sign-up needed, Phase 1 is automatic

## PHASE 2 DEBRIS REMOVAL

- Removal of wildfire debris, ash, metal, concrete and contaminated soil
- **Two Options** to remove debris from private property
  - **Option 1:** Participate in the State's Consolidated Debris Removal Program (property owners incur no direct costs). Sign up by completing, signing and submitting a Right-of-Entry form to your county by the deadline
  - **Option 2:** Hire a properly licensed private contractor to perform the work in accordance with local health, safety and environmental standards and requirements

# Wildfire Survivors Checklist

## Things to Do

- Contact your homeowners insurance
